**Robben Island**, 2006\*

**Robben Island** Charlene Smith, 2013-07-01 Robben Island - best known as the place where Nelson Mandela was imprisoned for eighteen years - has been a place of harshness and brutality; its history steeped in the suffering of those banished there. Yet it has also become a universal symbol of hope, forgiveness, and triumph. With a storyteller's sensibility, combined with rigorous research, Charlene Smith charts the evolution of the Island's political and social history, from mail station, place of exile, and military defence post to maximum security prison and World Heritage Site. Fully revised, this new edition of Robben Island provides absorbing accounts of daring escapes, maritime disasters, lepers ostracized from mainland society, the fates of the great Xhosa chiefs of the nineteenth century, and the unique bonds of friendship and compassion forged among the political prisoners confined on the Island during the apartheid era. Today Robben Island is recognised for both its environmental riches and its cultural significance. More than just a geographical location or a tourist attraction, it is an enduring tribute to the resilience of the human spirit. Sobering and uplifting, Robben Island is an essential read for anyone interested in South Africa's turbulent journey to democracy and the people who made it possible.

*Oliver Tambo Remembered* Zweledinga Pallo Jordan, 2017-09-01 Oliver Tambo Remembered is a salute to one of South Africa's most remarkable individuals. Originally published in 2007, this compilation of memories is a celebration of what would have been Oliver Reginald Tambo's 90th birthday. It sees friends and associates remembering OR the leader, the comrade and the man. The contributions are written by people who encountered OR during his travels in Europe and the US, and who knew him whilst he was living in South Africa and in exile in Africa and the UK. This edition of Oliver Tambo Remembered is published in commemoration of his centenary on 27 October 2017. The pieces in this book celebrate not only the impact that OR had on South Africa's future, but also the character of a selfless, compassionate leader, who raised the international profile of the ANC through his wise and intelligent guidance, his humility and integrity, and his unyielding commitment to the struggle.

*Letters from Robben Island* Robert D. Vassen, 1999-08-31 Late one night in July, 1963, a South African police unit surrounded the African National Congress headquarters in Rivonia and arrested a group of Movement leaders gathered inside. Eventually eight of them, including Nelson Mandela, who was already serving a sentence, Walter Sisulu, Dennis Goldberg, Govan Mbeki, Raymond Mhlaba, Elias Motsledi, Andrew Mangeni, and Ahmed Kathrada, were convicted of sabotage and, on June 12, 1964, sentenced to life in prison. Soon, these men became widely known as the Rivonia Trialists. Despite their imprisonment, the Trialists played active roles in the struggle against South Africa's racist regime. Instead of being forgotten, as apartheid officials had hoped, they became enduring symbols in a struggle against injustice and racism. Kathrada and his colleagues were classified as high security prisoners, segregated from others and closely watched. Every activity was regulated and monitored. Among the many indignities visited upon them, the prisoners were prohibited from keeping copies of incoming and outgoing correspondence. Kathrada, or Kathy as he is known, successfully hid both. Letters From Robben Island contains a selection of 86 of the more than 900 pieces of correspondence Ahmed Kathrada wrote during his 26 years on Robben Island and at Pollsmoor Prison. Some were smuggled out by friends; others were written in code to hide meaning and content from prison censors. These are among his most poignant, touching, and eloquent communications. They are testimonies to Kathrada, his colleagues, and to their commitment to obtaining human dignity and freedom for all South Africans.

Nelson Mandela: No Easy Walk to Freedom Barry Denenberg, 2014-03-06 No Easy Walk to Freedom introduces young readers to one of the most famous freedom fighters in history. His story is a symbol of hope across the world and though Nelson Mandela hardly needs an introduction, this powerful biography provides readers with an in-depth look at the man who grew up in rural South Africa under apartheid rule.

**Two Thousand Miles Through South Africa** William Thomas McCormick, 1900

*A Prisoner in the Garden*, 2005 This extraordinary, visual journey documents Nelson Mandela's 27 years in prison on Robben Island and contains previously unpublished images, documents, and diary and letter excerpts, as well as some original notes from the writing of Mandela's bestselling autobiography, *A Long Walk to Freedom*.

**The Robben Island Shakespeare** Matthew Hahn, 2017-01-12 During the Apartheid years in South Africa, a copy of The Complete Works of William Shakespeare was smuggled around the prison on Robben Island. The book's significance resides in the fact that the book's owner, Sonny Venkatratham, passed it to a number of his fellow political prisoners in the single cells, including Nelson Mandela, asking them to mark their favourite passages with a signature and date. Informally known as the Robben Island Bible, numerous prisoners selected the speeches that meant the most to them and their experience as political prisoners. In 2008 and 2010, playwright and scholar Matthew Hahn conducted interviews with eight former political prisoners in South Africa. Offering a vivid and startling account of the experience of these political prisoners during Apartheid, this extraordinary verbatim play weaves Shakespeare's words together with first-hand accounts from these men. They offer their reflections on their time as Liberation activists and, twenty years later, on the costs, consequences and whether or not it was all worth it. The play is published alongside a preface by Sonny Venkatrathnam and an introduction by South African actor, director, playwright and cultural activist John Kani.

**Revolution and Non-Violence in Tolstoy, Gandhi, and Mandela** Imraan Coovadia, 2020-07-21 The dangers of political violence and the possibilities of non-violence were the central themes of three lives which changed the twentieth century--Leo Tolstoy, writer and aristocrat who turned against his class, Mohandas Gandhi who corresponded with Tolstoy and considered him the most important person of the time, and Nelson Mandela, prisoner and statesman, who read War and Peace on Robben Island and who, despite having led a campaign of sabotage, saw himself as a successor to Gandhi. Tolstoy, Gandhi, and Mandela tried to create transformed societies to replace the dying forms of colony and empire. They found the inequalities of Russia, India, and South Africa intolerable yet they questioned the wisdom of seizing the power of the state, creating new kinds of political organisation and imagination to replace the old promises of revolution. Their views, along with their ways of leading others, are closely connected, from their insistence on working with their own hands and reforming their individual selves to their acceptance of death. On three continents, in a century of mass mobilization and conflict, they promoted strains of nationalism devoid of antagonism, prepared to take part in a general peace. Looking at Tolstoy, Gandhi, and Mandela in sequence, taking into account their letters and conversations as well as the institutions they created or subverted, placing at the centre their treatment of the primal fantasy of political violence, this volume reveals a vital radical tradition which stands outside the conventional categories of twentieth-century history and politics.

*Cultural Tourism* bob Mckercher, hilary du cros, 2012-10-02 Examine cultural tourism issues from both sides of the industry! Unique in concept and content, Cultural Tourism: The Partnership Between Tourism and Cultural Heritage

Management examines the relationship between the sectors that represent opposite sides of the cultural tourism coin. While tourism professionals assess cultural assets for their profit potential, cultural heritage professionals judge the same assets for their intrinsic value. Sustainable cultural tourism can only occur when the two sides form a true partnership based on understanding and appreciation of each other's merits. The authors--one, a tourism specialist, the other, a cultural heritage management expert--present a model for a working partnership with mutual benefits, integrating management theory and practice from both disciplines. Cultural Tourism is the first book to combine the different perspectives of tourism management and cultural heritage management. It examines the role of tangible (physical evidence of culture) and intangible (continuing cultural practices, knowledge, and living experiences) heritage, describes the differences between cultural tourism products and cultural heritage assets, and develops a number of conceptual models, including a classification system for cultural tourists, indicators of tourism potential at cultural and heritage assets, and assessment criteria for cultural and heritage assets with tourism potential. Cultural Tourism examines the five main constituent elements involved in cultural tourism: cultural and heritage assets in tourism sites such as the Royal Palace in Bangkok, the Cook Islands, and Alcatraz Prison in San Francisco. tourism--what it is, how it works, and what makes it a success five different types of cultural tourists consumption of products, value adding, and commodification integrating the first four elements to satisfy the tourist, meet the needs of the tourism industry, and conserve the intrinsic value of the asset Though tourism and cultural heritage management professionals have mutual interests in the management, conservation, and presentation of cultural and heritage assets, the two sectors operate on parallel planes, maintaining an uneasy partnership with surprisingly little dialogue. Cultural Tourism provides professionals and students in each field with a better understanding of their own roles in the partnership, bridging the gap via sound planning, management, and marketing to produce top-quality, long-lasting cultural tourism products. Now translated into simplified Chinese.

Voices from Robben Island Gen Jurgen Schadeberg,1994-12-01  
The Prison ,2013 Having left South Africa at the age of four as a political refugee with his parents, photographer Koto Bolofo returned to his home country with his wife in 1992, two years after Nelson Mandela had been released from prison. Bolofo got free access to the notorious and by now deserted prison of Robben Island, where Mandela had been held for the majority of the 27 years of his confinement in a cell of barely 20 square feet in Section B. The photographer and his wife eagerly began documenting the site's abandoned interiors and surroundings, dreading the prison's potential closure. Meanwhile, it was converted into a well-frequented museum in 1997 and included on the World Heritage List by UNESCO in 1999. The black-and-white photographs of this volume conspicuously favor close-up depictions of details as opposed to general views: leftover items, barbed wire fences, spacious dormitories viewed through a spyhole, the key in the lock to Mandela's cell (which is so tiny it cannot be taken as a whole)--all this is conveying the gloomy sense of claustrophobia and suppression that characterize the place. The camera is constantly searching for the few rays of light that penetrate the ubiquitous grimness and silence of cruelty.

Photography and History in Colonial Southern Africa Lorena Rizzo,2019-09-16 This book studies the relationship between photography and history in colonial Southern Africa, using a series of encounters with Southern African photographic archives to reflect on photography as a distinct historical form. Through use of private and public archives, images produced by African itinerant photographers, white settlers, and colonial state institutions, this book explores the relationship between photography and history in colonial Southern Africa. Late nineteenth century Cape Colonial prison albums, police photographs from German Southwest Africa, African studio portraits, identity documents, travel permits and passports from the 1920s and 1930s, visual studies of whiteness and blackness authored by settler photographers, South African dompas photographs from the 1950s and 1960s, and aerial photography from the Eastern Cape in the mid-twentieth century are examined to highlight the ways in which photographic images cut across conventional institutional boundaries and complicate rigid distinctions between the private and the public, the political and the aesthetic, the colonial and the vernacular, or the subject and the object. Photography and History in Colonial Southern Africa argues that rather than understanding photographs as a means of preserving and recreating the past in the present, we can value them for how they evoke at once the need for and the limits of historical reconstruction. This book will be of interest to students and scholars of colonial history, photographic history, visual media, and African studies.

**Nursing History and the Politics of Welfare** Ann Marie Rafferty,Jane Robinson,2005-08-04 A quiet revolution has been sweeping through the writing of nursing history over the last decade, transforming it into a robust and reflective area of scholarship. Nursing History and the Politics of Welfare highlights the significant contribution that researching nursing history has to make in settling a new intellectual and political agenda for nurses. The seventeen international contributors to this book look at nursing from different perspectives, as it has developed under different regimes and ideologies and at different times, in America, Australia, Britain, Germany, India, The Phillipines and South Africa. They highlight the role of politics and gender in understanding nursing history and propose strategies for achieving greater recognition for nursing, and bringing it into line with other related health care professions.
