New York Cityscapes Peter Alessandria, Bill Bernal, Gina Brake, Viktor Buriak, Max Guliani, Jason Risorto, Karine Sayegh, 2018-10-01 New York City holds a special place in the hearts of its residents, but also in the imaginations of people from around the world. From the Statue of Liberty, to the Empire State Building, to the Brooklyn Bridge, New York's landmarks are as familiar to most of us as our own backyards. Its streets and neighborhoods have become a shorthand for ideas like luxury (Park Avenue, Fifth Avenue), excellence in performance (Broadway, Carnegie Hall), and even an artistic/creative lifestyle (Soho). In this book, Peter Alessandria presents his favorite New York images, including his own personal photography and images created by six top shooters who have made their names on today's most popular photo-sharing site, Instagram. Packed with bold, colorful, inventive images, this book provides a fresh look at New York's classic beauty and ever-evolving character!

Photo Du Jour David Hume Kennerly, 2002-10-01 From the jungles of Vietnam, where he shot a photo of the loneliness and desolation of war that won a Pulitzer Prize, to the impeachment trial of President Bill Clinton, David Hume Kennerly witnessed and photographed most of the history-making moments of the last third of the twentieth century. As the millennium turned and he set out to cover his eighth presidential campaign, however, the veteran photojournalist sensed something missing. In his words, I had the uneasy feeling that I couldn't focus only on the story at hand while bypassing the texture of life that surrounds it.... This time I wouldn't speed across that covered bridge to get to the big event on the other side, but instead I would slow down a bit, maybe even pause to take a picture of the bridge. Photo du Jour is Kennerly's visual diary of the texture of life at the start of the twenty-first century. As he traveled more than a quarter of a million miles across thirty-eight states and seven countries, Kennerly took a picture every single day in the year 2000, using just one camera and one lens. Some offer candid, behind-the-scenes glimpses of the men who would be president--John McCain, Al Gore, and George W. Bush. Most of the photographs, though, seek to capture not the big, historic moments but rather the ordinary, even whimsical moments when the essence of a person or a place reveals itself to the observer who takes the time and has the heart to really see. Travel with him from Beijing to Boston, Moose to Miami, and Whynot to Weimea in Photo du Jour, and you'll quickly discover that David Kennerly is just such an observer.

Dear Photograph Taylor Jones, 2012-04-24 We all have moments we wish we could relive. We'd give anything to skid down the toboggan hills of our youth, to breathe in the smell of our children as babies or to spend just one more minute with a loved one we've lost. Dear Photograph provides a way to link these memories from the past to the present. The idea is simple: hold a photograph from the past up in front of the place where it was originally taken; take a second photograph; add a sentence of dedication about what the photograph means to you. The results, however, are astounding, which is why millions have flocked to the site, and thousands have submitted their own Dear Photographs. This stunning visual compilation includes more than 140 never-before-seen Dear Photographs. By turns nostalgic, charming and poignant, Dear Photograph evokes childhood memories, laments difficult losses and, above all, celebrates the universal nature of love.
