iPads® in the Library Joel A. Nichols,2013-06-13 Looking for a programming guide for computer tablet use in the library setting? This book provides detailed plans and instructions with specific literacy goals for child, teen, and adult audiences—exactly what librarians seeking to integrate iPad and other tablet use into their programs need. Tablet computers are fast becoming a ubiquitous technology. These devices also represent a unique opportunity for librarians and teachers because they are relatively affordable, easy to configure and maintain, and highly adaptable. Written by a practicing digital literacy instruction librarian who is also a trained children's librarian, this book offers 50 practical programming scenarios that librarians can use to integrate iPads or other tablet devices into their programming, offering different plans for toddlers and pre-K child, school-aged patrons, teenagers, adults, and even seniors. The plans provide easy-to-follow, step-by-step instructions and are designed to be easily adaptable to serve specific audiences. The book serves as a unique resource that helps librarians address digital literacy and bridge the digital divide by focusing on—and catering to—the needs of many age groups. Author Joel A. Nichols also provides annotated lists of apps that present librarians new to tablet computing simple and effective ways of integrating an iPad into their programs.

Apps for Librarians Nicole Hennig,2014-09-24 How can your library—and your patrons—benefit from mobile apps? This guidebook offers a solid foundation in app-literacy, supplying librarians with the knowledge to review and recommend apps, offer workshops, and become the app expert for their communities. Smartphones and other mobile devices that support downloadable applications—universally referred to as apps—can be used to foster productivity, conduct research, or read and study. Additionally, savvy librarians can better serve their communities by gaining expertise in mobile technologies and being qualified to make app recommendations to patrons. This book introduces you to the apps that can help you save time and increase your own productivity as well as serve as a curator and reviewer of apps and resident expert to benefit your patrons. Apps for Librarians: Using the Best Mobile Technology to Educate, Create, and Engage will save you from wading through and learning about the millions of apps available today and direct you to the very best apps in areas important to education, the workplace, and professional development. Organized by function—reading, writing, reference, multi-media, and productivity—apps are profiled with the following information: title, developer, price, platforms, general description, examples of use, and key features that make it worthwhile for learning and creative work.

Last Chance Dance Lakita Wilson,2023-02-21 An utterly charming YA romance perfect for fans of Elise Bryant and Leah Johnson. An ode to love in all its beautiful chaos. Leila is funny, irreverent, and next-level charming, and her story is an actual joyride. Sheer delight through and through.--Becky Albertalli, New York Times bestselling author of Simon vs. the Homo Sapiens Agenda Leila is crushed when Dev, her boyfriend of four years, breaks up with her right before graduation. Just when she’s thinking she wasted her entire high school experience on a dead-end relationship, her best friend Bree reminds her that Last Chance Dance is just around the corner. A high school tradition, the Last Chance Dance gives all the students one last opportunity to find love before they graduate. All Leila has to do is submit three unrequited crushes to the dance committee and if any of her crushes list her too, they’ll get matched. Presto: new relationship, just like that. To her utter amazement, Leila is matched with all three of her choices—and with someone she never expected, Tre Hillman, her chemistry partner and low-key nemesis. Though at times skeptical, Leila embarks on her Last Chance Dance mission—trying out her matches and going on dates. If Dev wasn’t her true love—then maybe someone else is. She knows it’s definitely not Tre, even though he seems more and more determined to convince her he’s right for her. But as graduation and the dance approaches, and each date seems to change her mind (and her heart)—Leila must figure out what—and who—she really wants. It’s her last chance, right?

"Is This Thing On?" Abby Stokes,2015-03-24 Like a personal trainer for the digital age, Abby Stokes is the hand-holding, motivating expert that newbies—specifically older newbies—turn to when they want to become digitally literate. And her book, *Is This Thing On?*, is as smart, comprehensive, reassuring, and jargon-free as she is: the epitome of user-friendly. And it is now completely revised and updated to keep pace with the fast-changing digital landscape, covering tablets, apps, video streaming, social media, and much more. With the skill and assurance of a teacher who for over 20 years has personally taught computer skills to thousands of seniors and technophobes, Stokes covers it all: How to choose, buy, and start using the computer or tablet that’s just right for you, plus how to set everything up for maximum comfort and safety. How to connect to the Internet, sign up for email, understand and use search engines, and get started with essential skills like word processing and text messaging. How to choose, buy, and start using a smartphone. How to take and share digital photographs and videos. How to discover online communities and participate in social media like Facebook, Instagram, Pinterest, Twitter, YouTube, and blogs. How to explore the world of apps, online music, streaming movies, and ebooks. And, importantly, online security— including what to do when things go wrong. Appendices include both Apple and PC keyboard shortcuts and 200 recommended websites and 100 apps; there are FAQs at the end of each chapter and tips and tricks throughout. An all-new companion website—AskAbbyStokes.com—will include video tutorials explaining the latest technologies.

Snap and Share Adam Furgang,2014-12-15 They say a picture is worth a thousand words. If that’s true, then what are a thousand pictures worth? Today, with the use of mobile smartphones and similar devices containing miniaturized cameras, snapping and sharing photos has never been easier—or more commonplace. Playing around with photo and video apps like Instagram, Vine, Flickr, and Snapchat has become a natural part of teenage life. But along with the fun comes responsibility. This volume guides readers through simple steps for using photo and video apps and offers ideas for unleashing creativity. It also addresses the potential risks of using these apps, such as cyberbullying, and suggests a code of conduct that should be enforced whenever anyone snaps and shares.

Visual Sociology Dennis Zuev,Gary Bratchford,2021-01-04 This book provides a user-friendly guide to the expanding scope of visual sociology, through a discussion of a broad range of visual material, and reflections on how such material can be studied sociologically. The chapters draw on specific case-study examples that examine the complexity of the hyper-visual social world we live in, exploring three domains of the ‘relational image’: the urban, social media, and the aerial. Zuev and Bratchford tackle issues such as visual politics and surveillance, practices of visual production and visibility, analysing the changing nature of the visual. They review a range of methods which can be used by researchers in the social sciences, utilising new media and their visual interfaces, while also assessing the changing nature of visuality. This concise overview will be of use to students and researchers aiming to adopt visual methods and theories in their own subject areas such as sociology, visual culture and related courses in photography, new-media and visual studies.

Through Makerspaces, project-based learning provides opportunities for credible, legitimate, and authentic growth and development. This book will allow any educator to walk away with a plan to create a Makerspace in his or her classroom or a school- or districtwide model that works for many. Makerspaces are very fluid places—each is unique in its own way! 2020 Teachers' Choice Award for Professional Development Winner

The Loving Stitch Heather Nicholson,2013-11-01 The *Loving Stitch* is an engaging history of a subject never before explored but familiar to many New Zealanders. Heather Nicholson's knowledge of knitting and spinning is formidable but she also knows how to tell a good story and has a keen sense of humor. The *Loving Stitch* presents a chronological account of antipodean knitting, which is also a history of the domestic lives of women, of their resourcefulness, their talent and sociability. She follows the growth of pattern books, the role of knitting for troops in the two world wars, knitting in the Depression and the recent interest in art knitting. She also explores the different items produced by the skilled knitter, from jerseys and guernseys to counterpanes, socks and stockings, and a scarf that stretched right round Parliament Buildings. The book also includes material on spinning and on local wool mills, as well as general good advice drawn from the personal experience of hundreds of knitters and spinners. The *Loving Stitch* is impeccably researched, it is full of

characters, memories and advice, and it is superbly illustrated.
