It is the leading audio software when it comes to professional audio work. Working effectively with audio and producing professional music with Pro Tools HD is not an easy task. Beginning with what the software is about, we will take you all the way through to the steps required to efficiently record your audio. You will discover how to improve the workflow of Pro Tools software and receive innovative tips to enable flawless editing in music production, film scoring, film, and television post-production. Packed with concise and clear instructions on using Pro Tools HD: Advanced Techniques and Workflows, this book starts with different possible hardware and software combinations to help you understand the strengths and limitations of each, before taking you through powerful editing and advanced mixing techniques. When it comes to choosing a ProTools HD system there are different technologies available and therefore, many ways to use the system optimally so, you will learn about some digital audio concepts for better software optimisation. You will then learn editing using Beat Detective, as well as covering excellent workflow and routing concepts to take full advantage of ProTools mixing capabilities, integrating both hardware analogue units with your favorite plugins. Finally, you will see how you can export your project safer, faster and better. This guide shows you the framework to enable you to take your usage of ProTools to the next level by explaining and discussing new and advanced features to achieve industry standard techniques.

Advanced Editing Techniques in Final Cut Pro 5 Michael Wohl,2006 In the only Apple-certified guide to advanced video editing techniques, award-winning filmmaker Michael Wohl delivers comprehensive training in the real-world skills that professionals use every day. Working through six hours of superb raw footage on two DVD-9 discs, you'll learn to cut dialogue, action, comedy, chases, fights, interviews, documentaries, music videos, and multi-camera projects, as well as complete an entire audio mix. Unlike other software books, Wohl teaches you to use Final Cut Pro's advanced features while you explore the art of crafting a story on film. So, for example, rather than just learn how dynamic trimming works, you'll learn why it works and in what situations you'd want to use it. And as you perfect your split edits, you'll learn to match angles, cut for reactions, and use cutaways and inserts effectively in dialogue. You'll discover how editing choices make comedy funny, drama moving, or chases suspenseful. Along the way, Wohl shares valuable tips on creating polished transitions, refining rough edits, and fixing screen direction errors. The book also covers audio editing and finishing, managing clips and media, transcoding video, and working with film and 24p—all in the context of making you a better editor and a more effective storyteller. • DVD-ROM includes lesson and media files for over 40 hours of training • Focused lessons take you step-by-step through practical, real-world projects • Accessible writing style puts an expert instructor at your side • Ample illustrations and keyboard shortcuts help you master techniques fast • Lesson goals and time estimates help you plan your time • Chapter review questions summarize what you've learned The Apple Pro Training Series is both a self-paced learning tool and the official curriculum of the Apple Pro Training and Certification Program. Upon completing the course material in this book, you can become a certified Apple Pro by taking the certification exam at an Apple Authorized Training Center. To find an Authorized Training Center near you, go to www.apple.com/software/pro/training. About the Author Michael Wohl is best known as one of the principal designers of Final Cut Pro, a role he held for more than five years. As a director and editor, he has won numerous awards including the coveted CINE Golden Eagle award in 1993. Michael's films have been featured in film festivals worldwide, and his first feature, "WANT," will be released on DVD in 2006. He has taught classes on editing, directing, and digital filmmaking at institutions including the American Film Institute, UCLA, and Pixar University, and has been a featured speaker at film festivals and conferences including DV Expo, South by Southwest, and Macworld Expo.
