American Football Coaches Association

This Day in Sports History Ray G. Claveran, I have been an avid sports fan since the 1950s. Prior to the '60s, I played in high school and two years of college basketball and was on the college golf team. Today I am a life member of the PGA of America. So I can say that I have had a love affair with sports. I truly believe that true, honest, and fair competition in sports build character. To compete in any sporting event and to win fair and square is something to be proud of. If you did not win fairly, then there is nothing to be proud of. If you did not win fairly, you did not win; you lost. You should never accept first place if you know it belongs to another. RAY G. CLAVERAN

The Games That Changed the Game Ron Jaworski, David Plaut, Greg Cosell, 2011-08-30 A gift for sports fans and football aficionados Professional football in the last half century has been a sport marked by relentless innovation. For fans determined to keep up with the changes that have transformed the game, close examination of the coaching footage is a must. In The Games That Changed the Game, Ron Jaworski—pro football's #1 game-tape guru—breaks down the film from seven of the most momentous contests of the last fifty years, giving readers a drive-by-drive, play-

by-play guide to the evolutionary leaps that define the modern NFL. From Sid Gillman's development of the Vertical Stretch, which launched the era of wide-open passing offenses, to Bill Belichick's daring defensive game plan in Super Bowl XXXVI, which enabled his outgunned squad to upset the heavily favored St. Louis Rams and usher in the New England Patriots dynasty, the most cutting-edge concepts come alive again through the recollections of nearly seventy coaches and players. You'll never watch NFL football the same way again.
