First comes the news that Mari's mum Rhian is expecting a baby, meaning that her boyfriend Gareth and Mari's best friend Dylan will be moving in with them on the farm. Even more incredibly, Gweeb's family have returned to lay their eggs in the same cave where Mari first found her secret dragon. With tourists flocking to the beach for the summer, Mari has her work cut out to keep the dragons hidden and safe, especially when disgraced scientist Dr Griff Griffiths turns up on the hunt for a story. Jessica Khoury, 2020-03-03 Sirin, Allie, and Joss have joined forces with the legendary silver dragon Lysander, the only creature capable of opening portals between the two worlds. But the powerful Lennix clan is following the children's every move and will stop at nothing to capture Lysander. After generations of plotting, the Lennixes -- and their bloodthirsty dragon allies, the Raptors -- are terrifyingly close to establishing a brutal dragon regime on Earth, just like they did centuries ago. Now, it's up to Allie, Joss, and Sirin to protect Lysander while searching for a secret source of lost dragon magic, the only force powerful enough to stop the Raptor. But when their search takes them to one of the largest cities on Earth, the new friends must decide what's more important: finding the missing treasure or guarding the most important secret in the world -- that dragons have returned to Earth . . . and not all of them have good intentions.

A long-shot competitor pulls off an impossible win -- then flies into a destructive rage! Someone in the city is experimenting on dragons: hacking their DNA, rebuilding their bodies, and breaking their minds. Who could be driving the dragons berserk? Abel must find out who's behind the experiments and put a stop to them, and to do so he'll infiltrate the kins' underground street races on a long-shot dragon of his own. But with his sister working for a kin, his brother serving the city's secret police, and a bully at school racing for Abel's worst enemies, will Abel find any safety past the finish line?

Indeed that violation threatens more than policy and order it threatens the peaceful existence of the human race. Man's only hope and his greatest threat is The Dragon's Son Twins born out of violence and raised apart. Ven (short for Vengeance) is raised in seclusion under the watchful eye of his deceased mother's Amazonian lover. He is a child whose appearance belies his heritage - half-man/ half-dragon. Marcus is raised in a court, and given all of the protections and breeding that would entail. He appears to be completely human, yet his psychic link with the brother he has never known betrays the dragon magic that lies within him. It is up to the dragon emissary who passes himself off as a man, Draconas, to protect them both before the internecine struggle destroys the Parliament of Dragons and brings an oppressive reign of fire down upon all mortal men.
