Radio’s Digital Dilemma John Nathan Anderson,2013-12-04 Radio's Digital Dilemma is the first comprehensive analysis of the United States’ digital radio transition, chronicling the technological and policy development of the HD Radio broadcast standard. A story laced with anxiety, ignorance, and hubris, the evolution of HD Radio pitted the nation’s largest commercial and public broadcasters against the rest of the radio industry and the listening public in a pitched battle over defining the digital future of the medium. The Federal Communications Commission has elected to put its faith in marketplace forces to govern radio’s digital transition, but this has not been a winning strategy: a dozen years from its rollout, the state of HD Radio is one of dangerous malaise, especially as newer digital audio distribution technologies fundamentally redefine the public identity of radio itself. Ultimately, Radio’s Digital Dilemma is a cautionary tale about the overarching influence of economics on contemporary media policymaking, to the detriment of notions such as public ownership and access to the airwaves—and a call for media scholars and reformers to engage in the continuing struggle of radio’s digital transition in hopes of reclaiming these important principles.

Austria in the First Cold War, 1945-55 G. Bischof,1999-08-12 At the height of the first Cold War in the early 1950s, the Western powers worried that occupied Austria might become 'Europe's Korea' and feared a Communist takeover. The Soviets exploited their occupation zone for maximum reparations. American economic aid guaranteed Austria's survival and economic reconstruction. Their military assistance turned Austria into a 'secret ally' of the West. Austrian diplomacy played a vital role in securing the Austrian treaty in bilateral negotiations with Stalin's successors in the Kremlin demonstrating the leverage of the weak in the Cold War.

Engineering Geology for Society and Territory - Volume 1 Giorgio Lollino,Andrea Manconi,John Clague,Wei Shan,Marta Chiarle,2016-08-23 This book is one out of 8 IAEG XII Congress volumes and deals with climate change affecting different natural processes and environments, such as slope dynamics, water courses, coastal and marine environments, hydrological and littoral processes and permafrost terrain. Due to climate change, major effects are also expected on territorial planning and infrastructure, particularly in extreme climate regions. The volume and its contents aim to analyze the role of engineering geology and the solutions it may offer with respect to the ongoing environmental changes. Contributions regard the modeling of both the factors and the effects induced by climate change. Potential impacts of the climate change on the common practice and routine work of engineering geologists are also analyzed, with particular attention to the risk assessment and mitigation procedures and to the adaptation measures adopted. The Engineering Geology for Society and Territory volumes of the IAEG XII Congress held in Torino from September 15-19, 2014, analyze the dynamic role of engineering geology in our changing world and build on the four main themes of the congress: environment, processes, issues and approaches. The congress topics and subject areas of the 8 IAEG XII Congress volumes are: Climate Change and Engineering Geology. Landslide Processes. River Basins, Reservoir Sedimentation and Water Resources. Marine and Coastal Processes. Urban Geology, Sustainable Planning and Landscape Exploitation. Applied Geology for Major Engineering Projects. Education, Professional Ethics and Public Recognition of Engineering Geology. Preservation of Cultural Heritage.

Laudato Si Pope Francis,2015-07-18 “In the heart of this world, the Lord of life, who loves us so much, is always present. He does not abandon us, he does not leave us alone, for he has united himself definitively to our earth, and his love constantly impels us to find new ways forward. Praise be to him!” – Pope Francis, Laudato Si’ In his second encyclical, Laudato Si’: On the Care of Our Common Home, Pope Francis draws all Christians into a dialogue with every person on the planet about our common home. We as human beings are united by the concern for our planet, and every living thing that dwells on it, especially the poorest and most vulnerable. Pope Francis’ letter joins the body of the Church’s social and moral teaching, draws on the best scientific research, providing the foundation for “the ethical and spiritual itinerary that follows.” Laudato Si’ outlines: The current state of our “common home” The Gospel message as seen through creation The human causes of the ecological crisis Ecology and the common good Pope Francis’ call to action for each of us Our Sunday Visitor has included discussion questions, making it perfect for individual or group study, leading all Catholics and Christians into a deeper understanding of the importance of this teaching.

Boggs Lawrence Weschler,2000-11-15 Boggs: A Comedy of Values teases out these transactions and their sometimes dramatic legal consequences, following Boggs on a larkish, though at the same time disconcertingly profound, econo-philosophic chase. For in a madcap Socratic fashion, Boggs is raising all sorts of truly fundamental questions - what is it that we value in art, or, for that matter, in money? Indeed, how do we place a value on anything at all? And in particular, why do we, why should we, how can we place such trust in anything as confoundingly insubstantial as paper money?

Sofonisba. Portraits of the Soul Chiara Montani,2019-05-14 Set in 16th century Europe, this is the story of a brave, passionate and truly modern woman, in love with art and life itself.December 1579. On the deck of a galley a woman stands staring into the darkness. She is alone, bewildered and with no fight left in her. Even she doesn't know what it is that draws her to the dark swirl of the waves beneath the keel, but she can't help leaning out towards it. A jolt, a fall and a hand stretching out to save her...This is where the journey starts as events unfold in the adventurous life of Sofonisba Anguissola, the first female artist to challenge the conventions of the time and achieve international fame in a struggle to assert her role and her identity.Sofonisba's travels take her from the town where she was born, Cremona, in Lombardy, at that time dominated by the Spaniards, to the oppressive atmosphere of the

court in Madrid under Felipe II, then to Sicily under the viceroys, in a fascinating mix of artists' colours with a backdrop of history, drama, intrigue, adventure and romance. The fresco is painted through Sofonisba's sensitive gaze, capable of capturing the human soul and possessing freedom of thought, inevitably destined to clash with the prejudices of her time. Will she be able to tackle the challenges that life throws at her all the time and finally summon the courage to claim the right to be the master of her own destiny? History, art, beauty and emotion run through the pages of this historical novel which traces the unforgettable figure of a fascinating heroine who, like Artemisia Gentileschi, was destined to occupy a place of honour among the great women in art history. Discover right now Sofonisba. Portraits of the soul. The story of an extraordinary life. Unputdownable.

Olga Rudge & Ezra Pound Anne Conover, 2008-10-01

A loving and admiring companion for half a century to literary titan Ezra Pound, concert violinist Olga Rudge was the muse who inspired the poet to complete his epic poem, *The Cantos*, and the mother of his only daughter, Mary. Strong-minded and defiant of conventions, Rudge knew the best and worst of times with Pound. With him, she coped with the wrenching dislocations brought about by two catastrophic world wars and experienced modernism's radical transformation of the arts. In this enlightening biography, Anne Conover offers a full portrait of Olga Rudge (1895–1996), drawing for the first time on Rudge's extensive unpublished personal notebooks and correspondence. Conover explores Rudge's relationship with Pound, her influence on his life and career, and her perspective on many details of his controversial life, as well as her own musical career as a violinist and musicologist and a key figure in the revival of Vivaldi's music in the 1930s. In addition to mining documentary sources, the author interviewed Rudge and family members and friends. The result is a vivid account of a highly intelligent and talented woman and the controversial poet whose flame she tended to the end of her long life. The book quotes extensively from the Rudge–Pound letters—an almost daily correspondence that began in the 1920s and continued until Pound's death in 1972. These letters shed light on many aspects of Pound's disturbing personality; the complicated and delicate balance he maintained between the two most significant women in his life, Olga and his wife Dorothy, for fifty years; the birth of Olga and Ezra's daughter Mary de Rachewiltz; Pound's alleged anti-Semitism and Fascist sympathies; his wartime broadcasts over Rome radio and indictment for treason; and his twelve-year incarceration in St. Elizabeth's Hospital for the mentally ill. /DIV

Fratelli Tutti Pope Francis , 2020-11-05

Partisan Diary Ada Gobetti, 2014 Ada Gobetti's *Partisan Diary* is both diary and memoir. From the German entry into Turin on 10 September 1943 to the liberation of the city on 28 April 1945, Gobetti recorded an almost daily account of events, sentiments, and personalities, in a cryptic English only she could understand. Italian senator and philosopher Benedetto Croce encouraged Ada to convert her notes into a book. Published by the Italian publisher Giulio Einaudi in 1956, it won the Premio Prato, an annual prize for a work inspired by the Italian Resistance (*Resistenza*). From a political and military point of view, the *Partisan Diary* provides firsthand knowledge of how the partisans in Piedmont fought, what obstacles they encountered, and who joined the struggle against the Nazis and the Fascists. The mountainous terrain and long winters of the Alpine regions (the site of many of their battles) and the ever-present threat of reprisals by German occupiers and their fascist partners exacerbated problems of organization among the various partisan groups. So arduous was their fight, that key military events—Italy's declaration of war on Germany, the fall of Rome, and the Allied landings on D-Day --appear in the diary as remote and almost unrelated incidents. Ada Gobetti writes of the heartbreak of mothers who lost their sons or watched them leave on dangerous missions of sabotage, relating it to worries about her own son Paolo. She reflects on the relationship between anti-fascist thought of the 1920s, in particular the ideas of her husband, Piero Gobetti, and the Italian resistance movement (*Resistenza*) in which she and her son were participating. While the *Resistenza* represented a culmination of more than twenty years of anti-fascist activity for Ada, it also helped illuminate the exceptional talents, needs, and rights of Italian women, more than one hundred thousand of whom participated.

Bad with Money Gaby Dunn, 2019-01-01 “Humorous and forthright...[Gaby] Dunn makes facing money issues seem not only palatable but possibly even fun....Dunn's book delivers.” —Publishers Weekly The beloved writer-comedian expands on her popular podcast with an engaging and empowering financial literacy book for Millennials and Gen Z. In the first episode of her “Bad With Money” podcast, Gaby Dunn asked patrons at a coffee shop two questions: First, what's your favorite sex position? Everyone was game to answer, even the barista. Then, she asked how much money was in their bank accounts. People were aghast. “That's a very personal question,” they insisted. And therein lies the problem. Dunn argues that our inability to speak honestly about money is our #1 barrier to understanding it, leading us to feel alone, ashamed and anxious, which in turns makes us feel even more overwhelmed by it. In *Bad With Money*, she reveals the legitimate, systemic reasons behind our feeling of helplessness when it comes to personal finance, demystifying the many signposts on the road to getting our financial sh*t together, like how to choose an insurance plan or buy a car, sign up for a credit card or take out student loans. She speaks directly to her audience, offering advice on how to make that #freelancelife work for you, navigate money while you date, and budget without becoming a Nobel-winning economist overnight. Even a topic as notoriously dry as money becomes hilarious and engaging in the hands of Dunn, who weaves her own stories with the perspectives of various comedians, artists, students, and more, arguing that—even without selling our bodies to science or suffering the indignity of snobby thrift shop buyers—we can all start taking control of our financial futures.
