Nilgiri Mountain Railway (NMR) V.M. Govind Krishnan,2018-03-01 This book is a tribute to the relentless campaign by railway enthusiasts and the public of the Nilgiri Hills to keep the beautiful engineering marvel in running condition. Their untiring effort continues to this day, and it is largely due to this, that the unique railway was recognized as a World Heritage Site by UNESCO on July 15, 2005. This is a rare compilation of published materials on NMR, analyzed and written in eloquent English, which will interest anyone who likes the NMR or people’s initiatives to propel such actions to save the unique lifeline from oblivion. The book serves as an almanac on Nilgiri Mountain Railway (NMR) with the events chronologically arranged to depict the true picture and more so the public opinion which helped to thwart the Government’s moves to close the line. ~ The New Indian Express

Treblinka Survivor Mark S Smith,2010-12-26 More than 800,000 people entered Treblinka, and fewer than seventy came out. Hershl Sperling was one of them. He escaped. Why then, fifty years later, did he jump to his death from a bridge in Scotland? The answer lies in a long-forgotten, published account of the Treblinka death camp, written by Hershl Sperling himself in the months after liberation and discovered in his briefcase after his suicide. It is reproduced here for the first time. In Treblinka Survivor, Mark S. Smith traces the life of a man who survived five concentration camps, and what he had to do to achieve this. Hershl's story, which takes the reader through his childhood in a small Polish town to the bridge in faraway Scotland, is testament to the lasting torment of those very few who survived the Nazis' most efficient and gruesome death factory. The author personally follows in his subject's footsteps from Klobuck, to Treblinka, to Glasgow.

Rail Operations Viewed From South Devon Garth Pedler,2017-07-04 South Devon, a thriving county with the sea, estuary and moorland for recreation, owes much of its success and vibrant economy to the railways that provide day return services, allowing people to travel freely to and from London and the North. Rail Operations Viewed From South Devon is a comprehensive exploration of the railways in and around South Devon, with chapters drawing on areas across the country such as Totnes, Carlisle and Bristol. Embracing a wide range of topics to help the reader understand how railway engineering reached its current state, this book aims to encourage discussion about the rail network as an entity. Chapters include the history of the sea and cliff issues associated with Dawlish, as well as how the Victorians built a congestion-free rail system around Bristol, with another chapter detailing the Cross Country timetables of 1925. This extensive insight into the railway also draws on the author’s personal experience of undertaking a rail tour to Carlisle and back to Totnes in 1999, following the re-privatisation of the rail network, in comparison to a previous excursion in 1961. Illustrated throughout with dozens of detailed maps and diagrams, as well as useful statistics, Rail Operations Viewed From South Devon will appeal to readers who are curious about railway history and the recent management of the rail networks.

Riding the Rails with Paul Theroux Paul Theroux,2018-06-19 The international bestselling author records his many insights and adventures traversing the world by train in these 3 classic travel memoirs. The Great Railway Bazaar In 1973, Paul Theroux embarked on his now-legendary journey from the United Kingdom through Europe, the Middle East, and Southeast Asia. Asia's fabled trains—the Orient Express, the Khyber Pass Local, the Frontier Mail, the Golden Arrow to Kuala Lumpur, the Mandalay Express, the Trans-Siberian Express—are the stars of a journey that takes Theroux on a loop eastbound from London's Victoria Station to

Tokyo Central, then back from Japan on the Trans-Siberian. The Old Patagonia Express Starting with a rush-hour subway ride to South Station in Boston to catch the Lake Shore Limited to Chicago, Paul Theroux takes a grand railway adventure first across the United States and then south through Mexico, Central America, and across the Andes until he winds up on the meandering Old Patagonian Express steam engine. Ghost Train to the Eastern Star Thirty years after the epic journey chronicled in The Great Railway Bazaar, Paul Theroux retraces his 25,000-mile journey to witness and experience a landscape drastically transformed by the intervening decades. The Soviet Union has collapsed and China has risen; India booms while Burma smothers under dictatorship; Vietnam flourishes in the aftermath of the havoc America was unleashing on it the last time Theroux passed through.
