Investing in Condominiums Brian Persaud,Randy Ramadhin,2011-11-08 A lot of information has been published for those who wish to buy a condo as a principal residence, but not for investors who want to expand into the condominium market. Investing in condominiums is not about being caught up in the mass hysteria of lining up to buy a pre-construction unit in a hot neighbourhood and hopefully flipping it at a profit when it's built. On the contrary, investing in condos can be a very good way to generate solid returns when done according to the proven strategies outlined in the book. Investing in Condominiums will show readers the ins and outs of profitable condo investing by sticking to investing fundamentals, carrying out proper due diligence, and having an exit plan. Pre-construction condominiums, especially in Toronto and Vancouver are sought-after by both Canadian and international investors. The stable economy, low-interest rate environment, and appreciating values are a recipe for investor success. Investing in Condominiums gives Canadian investors the nuts and bolts of undertaking such an investment based on real-life examples and expert knowledge. By reading this book, the investor can proceed with full confidence knowing that they are asking the right questions, doing the math, and assembling the right team of experts that will help them realize their investment goals.

Make More Money, Find More Clients, Close Deals Faster Claude Boiron,2013-03-20 Everything you need to know to succeed in the real estate business, as an agent, broker, or seller Make More Money, Find More Clients, Close Deals Faster illustrates why and how real estate agents need to change the way they do business to better serve their clients, spend resources more wisely, and make more money. The real estate industry is notorious for eating up a real estate agent's time, energy, and money, but many of the inefficiencies are of their own making. As a result, the client suffers from poor and uninformed service. This book provides a new business model for agents that shows how to sell more property, in less time, and develop client relationships that will continue over time, as well as a model for the broker, who can increase the brokerage's revenues through the use of professional development strategies from the book. Shows brokers how to provide better customer service, improve profits and return on investment, and take full advantage of social networking to advertise and attract new clients Written by Claude Boiron, coauthor of Commercial Real Estate Investing in Canada One of the few guides to the subject written particularly for the Canadian real estate market Make More Money, Find More Clients, Close Deals Faster is of value to real estate boards educating new members, academics, as well as agents, brokers, and sellers themselves.
