The Language of Feminine Beauty in Russian and Japanese Societies Natalia Konstantinovskaia,2020-05-05 This book conducts a cross-linguistic and cross-cultural study of 'women's language' as it pertains to feminine beauty. It examines the ideological constructs of beauty and femininity in the cultures of Japan and Russia, as embodied through televised beauty ads, and relates them to the real-world language practices of Japanese and Russian women. The author traces the reciprocal connection between women's real and imagined language in the construction of ideals of beauty and femininity, revealing the complex ways women respond to ideological expectations regarding language use: assimilating, transforming, and subverting ideologized language and the assumptions implicit in it. She also demonstrates ways in which women alter the texture of language by appropriating 'masculine' language for their own purposes, shifting the meaning and correlates of linguistic items and structures. This book will be of interest to students and scholars of sociolinguistics, language and gender, cultural and media studies, and Russian and Japanese culture.

Unorthodox Beauty Martha M. F. Kelly,2016 Unorthodox Beauty shows how Russian poets of the early twentieth century consciously adapted Russian Orthodox culture in order to create a distinctly religious modernism. Martha M. F. Kelly contends that, beyond mere themes, these writers developed an entire poetics that drew on liturgical tradition. Specifically, Russian Orthodoxy held out the possibility of unifying spirit and matter, as well as a host of other dichotomies--subject and object, empirical and irrational, noumena and phenomena. The artist could produce a work of transformative and regenerative power. Using a range of crossdisciplinary tools, Kelly reads key works by Blok, Kuzmin, Akhmatova, and Pasternak in ways that illustrate how profoundly religious traditions and ideas shaped Russian modernist literature.

Russian Girls Inside Out Anastasia Belaruska,2022-05-15 What comes to our minds when we hear or come across the word combo "Russian girl"? Beauty, grace, seduction, youth? This book would take a look at this from another angle, and provide an answer to the secret of the phenomenal impact of the beauty of Slavic girls. Beauty does not only connote blessings and happiness but can sometimes cause serious psychical and physical troubles, as well as misunderstanding. This is a guide to what is happening in the mind of an average Russian girl.

Soviet People with Female Bodies ИЮлиа Gradskova,Yulia Gradskova,2007

Unattainable Bride Russia Ellen Rutten,2010-03-08 Throughout the twentieth century and continuing today, personifications of Russia as a bride occur in a wide range of Russian texts and visual representations, from literature and political and philosophical treatises to cartoons and tattoos. Invariably, this metaphor functions in the context of a political gender allegory, which represents the relationships between Russia, the intelligentsia, and the Russian state, as a competition of two male suitors for the former's love. In *Unattainable Bride Russia*, Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia's rejected or ineffectual suitor. Rutten finds that this metaphor, which she covers from its prehistory in folklore to present-day pop culture references to Vladimir Putin, is still powerful, but has generated scarce scholarly consideration. *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context, thus paying it the attention to which it is entitled as one of Russia's modern cultural myths.

Sleeping Beauty, a Legend in Progress Tim Scholl,2008-10-01 In 1999 the Maryinsky (formerly Kirov) Ballet and Theater in St. Petersburg re-created its 1890 production of *Sleeping Beauty*. The revival showed the classic work in its original sets and costumes and restored pantomime and choreography that had been eliminated over the past century. Nevertheless, the work proved unexpectedly controversial, with many Russian dance professionals and historians denouncing it. In order to understand how a historically informed performance could be ridiculed by those responsible for writing the history of Russian and Soviet ballet, Tim Scholl discusses the tradition, ideology, and popular legend that have shaped the development of *Sleeping Beauty*. In the process he provides a history of Russian and Soviet ballet during the twentieth century. A fascinating slice of cultural history, the book will appeal not only to dance historians but also to those interested in the arts and cultural policies of the Soviet and post-Soviet periods.

Russian Folk Belief Linda J. Ivanits,2015-03-04 A scholarly work that aims to be both broad enough in scope to satisfy upper-division undergraduates studying folk belief and narrative and detailed enough to meet the needs of graduate students in the field. Each of the seven chapters in Part 1 focuses on one aspect of Russian folk belief, such as the pagan background, Christian personages, devils and various other logical categories of the topic. The author's thesis - that Russian folk belief represents a double faith whereby Slavic pagan beliefs are overlaid with popular Christianity - is persuasive and has analogies in other cultures. The folk narratives constituting Part 2 are translated and include a wide range of tales, from the briefly anecdotal to the more fully developed narrative, covering the various folk personages and motifs explored in Part 1.

Land of the Firebird Suzanne Massie,1980 A beautifully written history of the now vanishing culture of pre-revolutionary Russia. A Culture which produced some of the most inspiring art, literature, dance and music the world has ever known.

The Power of Beauty In the Narrative Works of Anton Chekhov Irina Deripasko,2013-03-13 Masterarbeit aus dem Jahr 2013 im Fachbereich Russistik / Slavistik, Justus-Liebig-Universität Gießen, Sprache: Deutsch, Abstract: In 2011, Catherine Hakim, a Professor of Sociology from the London Business School, presented a theory about erotic capital being a fourth personal asset alongside economic, social and cultural capital. In her book, Hakim demonstrates the economic and personal advantages of being an attractive person. Professor of Law, Deborah Rhode, and Professor of Economics, Daniel Hamermesh, also published books entitled Beauty Bias and Beauty Pays in the same year; the books discuss the advantages and disadvantages of being beautiful or ugly. Since human beauty has been a critical and popular subject for centuries, and includes the issues of worshiping or denying beauty, the cult of ugliness or beauty and the importance or superficiality of beauty, I decided to investigate the theory of erotic capital in classic Russian literature, specifically the narrative works of Anton Chekhov. I have chosen 26 short stories with either a female title character or a woman protagonist. As many literary works concerning women show their weakness, powerlessness and desperate situation, my thesis focuses on the advantages of being a woman as well as why it is a privilege. I analysed the narrative works of Chekhov through the sociological theories of Catherine Hakim and Pierre Bourdieu, while also using the works of literary scholars, Mikhail Bakhtin and Jurij Lotman. Following the analysis, I divided all the women characters according to their appearance into two categories: Ladies and Peasant Women. There were numerous differences between these categories of women ranging from how they act, look and sound to how they are treated. If the ladies lived in a world of beauty and love, the peasant women existed in a world of ugliness and sex. Their level of power over men also differs: the ladies had more power and privilege, and the men catered to their every whim but the peasant women were physically and mentally abused, had little influence over men—if they did, it was mostly sexual—and received no financial reward, even if they possessed a high level of social and physical attractiveness. Besides appearance, what distinguishes a lady from a peasant woman is her cultural capital: the combination of education, intelligence, good manners, an understanding of art and culture, and ethical values. Only cultural capital makes a lady out of a peasant woman. [...]

Russian Wine Country Charles Borden,2014-03-06 Russian Wine Country stretches along Russia's northern Black Sea coast from the Gelendzhik coastal resort area, about 250 kilometers northwest of Sochi, to the Taman Peninsula between the Black and Azov Seas. In the seventh century BC, Greek settlers established villages in this area and produced some of the world's first wines. In the late 19th century, wineries were built along this coast and the neighboring Crimean peninsula to produce sparkling wine to meet demand of an aristocracy that had a taste for French Champagne. The Revolution brought industrialization to the wine industry, and by 1980 the Soviet Union was the world's fourth largest wine producer behind Italy, France, and Spain. Its wines, most of them sparkling or fortified, and sweet, were little known outside the country. The end of the Soviet era brought huge challenges and change to the industry, but within the past ten years a few modern winemaking pioneers have begun to build on the region's legacy. Though still sleepy, this reincarnated youthful beauty is finally waking up.

The Archaeology of Anxiety Galina Rylkova,2014-08-21 The “Silver Age” (c. 1890-1917) has been one of the most intensely studied topics in Russian literary studies, and for years scholars have struggled with its precise definition. Firmly established in the Russian cultural psyche, it continues to influence both literature and mass media. Rylkova analyzes writings by Anna Akhmatova, Vladimir Nabokov, Boris Pasternak and Victor Erofeev to reveal how the construct of the Silver Age was perpetuated and ingrained.
