

1525

Janos Bak

The Revolution of 1525 Peter Blickle,1981 A major book that scholars will want to study closely, both for its provocative treatment of the interaction of economic and social pressures with politics and ideology and for its many revisions of Marxist and non-Marxist interpretations... [Blickle's] book will influence scholarship for some time to come.-- Journal of Modern History.

Andreas Bodenstein Von Karlstadt Ronald J. Sider,1974 One of the important trends in more recent Reformation scholarship has been the extensive attention given the major secondary Reformers who aided and abetted, and sometimes challenged and infuriated, Luther, Zwingli, and Calvin. This book, which began as a doctoral dissertation at Yale University, is an attempt to elucidate the thought of one of the most important of these Reformers in the wings. - Preface.

The German Peasant War of 1525 Janos Bak,2021-09-05 This book, first published in 1976, re-examines many aspects of the German Peasant War of 1525, important as the first national peasant revolt in Germany and because of the influence of Engels’ work on the subject. With one contributor noting the similarities between the organisation, demands and action of the Swabian peasants and those of the Zapatas of Mexico four centuries later, these essays provide remarkable insights and analyses into the enduring importance of the German Peasant War.

The German Peasant War of 1525 – New Viewpoints Bob Scribner,Gerhard Benecke,2021-09-05 This book, first published in 1979, presents a series of important investigations into the German Peasant War of 1525 – the last great peasant revolt and the first modern revolution. Previously under-studied by English-speaking historians, these essays provide a valuable analysis of the aims and extent of the Peasant War, and are representative of the various elements in the historiographical debate.

The Discoveries of America to the Year 1525 Arthur James Weise,1884

The First New Testament Printed in the English Language, 1525 Or 1526 Francis Fry,1862

Puritans and Predestination Dewey D. Wallace Jr.,2004-03-17 A major contribution to Puritan scholarship, 'Puritans and Predestination' presents the first consistent and thorough historical analysis of a key Puritan theological concept - predestination. For almost two centuries prior to 1695, English religious and cultural life endured a period of great upheaval. Dewey Wallace illuminates this complex era by tracing patterns of religious thought that took root in early English Protestantism and by explaining their social, cultural, and ecclesiastical implications. 'Puritans and Predestination' concludes that the differences between Puritan and Anglican theology were often subtle and sometimes nonexistent. Central to Protestant theology was the doctrine of grace - the notion that salvation was a divine gift, a free gift to those who believed. Among the many elements that constituted the doctrine of grace, predestination was the foremost. Wallace believes that shifting attitudes toward and emphases on predestination serve as both a measure of the extent of theological unity and an index of theological change. Among the significant conclusions documented in the course of this study are the importance of the Bucerian order of salvation in the early English Reformation, the anachronistic character of reading sharp differences in outlook between Puritan and Anglican, and the centrality of the piety and theology of grace in Puritanism. Wallace also explores the radically innovative character of the Laudian and Arminian theology, the inroads of rationalistic moralism into theology by the middle of the seventeenth century, and the emergence among later Stuart Dissenters of an evangelical pietism prefiguring the religion of the awakenings. This book will be indispensable to those interested in Puritanism and the theology of the Church of England.

Baptism, Brotherhood, and Belief in Reformation Germany Kat Hill,2015 This title deals with the historically neglected Anabaptist movement in Reformation Germany, exploring how ordinary Anabaptists interpreted and interacted with Lutheran theology and how their beliefs shaped religious identity in the Reformation era.

A Scholarly Edition of the Gamaliel (Valencia: Juan Jofre, 1525) Laura Delbrugge,2020-01-29 A Scholarly Edition of the Gamaliel (Valencia: Juan Jofre, 1525) is a modernized edition of a popular Spanish devotional that appeared in multiple editions until it was banned by the Spanish Inquisition due to its anonymous authorship and apocryphal content.

The Negotiated Reformation Christopher W. Close,2009-09-30 This book offers a new explanation for the spread of urban reform during the sixteenth century, arguing that systems of communication between cities proved crucial for the Reformation's development. This hypothesis explains not only how the Reformation spread to almost every imperial city in southern Germany, but also how it survived attempts to repress religious reform.
