John Longmuir

**Cruise O Matic** Yasutoshi Ikuta,2000-02 The 1950s were the golden age of the American automobile, and the cars were faster, bigger, and more boldly styled than ever before. Sunday driving--Cleaver-style--in the regal family Ford, Edsel or Plymouth topped the list of national pastimes; and teenagers, behind the wheels of their daddies' thundering T-birds, had fun, fun, fun across America's highways. The economic prosperity of the country made for an ultramatic boom in car manufacturing, and the advertising industry followed suit. This reprint of a Chronicle Books classic collects the masterpieces of automobile advertising, culled from the pages of such popular periodicals as Life, The Saturday Evening Post, Collier's, Look, and Holiday. Their colorful illustrations and catchy copy give these ads a power-packed beauty all their own, offering a fun look at 50s culture and values. So take a cruise down memory lane with this fond look back on a time when tail fins and chrome were the standard, and the American car was the true King of the Road.

**The Cultural Encyclopedia of Baseball, 2d ed.** Jonathan Fraser Light,2016-03-25 More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.

Authors Andrew C. Billings and Michael L. Butterworth address everything from youth to amateur to professional sports through varied lenses, including mythology, community, and identity. A comprehensive focus on communication scholarship gives attention to the ways that sports produce, maintain, or resist cultural attitudes about race, gender, sexuality, class, and politics. The Fourth Edition includes new interviews with prominent figures in the field and new discussions on current events like the Black Lives Matter movement and the COVID-19 pandemic.
