Dictionary of Texas Artists, 1800-1945 Paula L. Grauer,Michael R. Grauer,1999 Presents an alphabetical listing of artists who have lived, worked, and exhibited in Texas between 1800 and 1945; features color reproductions of one or more of each artist's works; and includes tables of the major exhibitions and competitions in Texas during the late nineteenth and early twentieth century.

The Good, the Bad, the Butlers: Charles L. Olmsted,2015-06-01 Despite his challenges as a deaf-mute, Burnell Butler was one of those who dreamed of a better life in Texas. Lured by all the twenty-eighth state offered, Butler, his wife, twelve children, and seven slaves gambled big in 1852, migrating from Mississippi in covered wagons to the unknown prairies of Texas. It was there that the Butlers would begin a new chapter, fueled by their rugged, hard-working spirit. Charles Olmsted, a former award-winning sports writer, relies on extensive research and anecdotes to chronologically capture the fascinating history of the Butler family. Beginning with a cattle drive during the Civil War, Olmsted details how Burnell's son, William G. Butler joined in helping build the foundation for the multi-billion dollar

beef industry, rode the Chisholm Trail with his family from the 1860s to the 1880s as part of the transformation to cattle cars on railroads, and often settled disputes with gunfights. Included are excerpts from letters, newspapers, and books as well as details from land purchases, proclamations, and real-life accounts. The Good, the Bad, the Butlers shares the true story of a pioneer family as they built a new life in Karnes County, Texas, and attempted to survive all the challenges of living in a dangerous and dusty land.

Spanish Warships in the Age of Sail, 1700–1860
Rif Winfield, John Tredrea, Enrique García-Torralba Pérez, Manuel Blasco Felip, 2023-05-30 This book is the latest contribution to a unique series in a common format documenting in great detail the warships of the major naval powers during the age of sail. To date, four volumes have covered the British Navy, two have been devoted to the French Navy and one each to the Dutch and Russian Navies. This volume on the Spanish Navy, for much of its history the third largest in the world, fills the final gap in the ranks of the major maritime powers. This book is the first comprehensive listing of these ships in English and covers the development of all the naval vessels owned or deployed by Spain during the period of the Bourbon monarchy from 1700 to 1860 (including the period of French control during the Napoleonic Wars), but it also sets the scene for that period by summarizing the origins of Spanish naval

development under the preceding Habsburg regime. As with previous volumes in the series, the main chapters list all the naval vessels from 1700 onwards (including those 16th century ships which survived into the new regime in 1700) by type, with the first chapters listing the ships of the line (navíos in Spanish terminology) and frigates in descending order of firepower, and subsequent chapters covering minor and ancillary vessels. Where available, a brief service history of each individual ship is given. A comprehensive introductory section includes a group of background essays designed to provide the reader with a deep understanding of how Spanish naval forces operated, and the context within which they were organized. Certain to become the standard English-language reference work, its publication is of the utmost importance to every naval historian and general reader interested in the navies of the sailing era.

The Letters of Thom Gunn Thom Gunn,2022-05-24
The Letters of Thom Gunn presents the first complete portrait of the private life, reflections, and relationships of a maverick figure in the history of British and American poetry. "I write about love, I write about friendship," remarked Thom Gunn. "I find that they are absolutely intertwined." These core values

permeate his correspondence with friends, family, lovers, and fellow poets, and they shed new light on “one of the most singular and compelling poets in English during the past half-century” (Hugh Haughton, *The Times Literary Supplement*). The *Letters of Thom Gunn*, edited by August Kleinzahler, Michael Nott, and Clive Wilmer, reveals the evolution of Gunn’s work and illuminates the fascinating life that informed his poems: his struggle to come to terms with his mother’s suicide; settling in San Francisco and his complex relationship with England; his changing relationship with his life partner, Mike Kitay; the LSD trips that led to his celebrated collection *Moly* (1971); and the deaths of friends from AIDS that inspired the powerful, unsparing elegies of *The Man with Night Sweats* (1992).

Deep in the Heart of San Antonio** Char Miller,2012-08-31 Char Miller's collection of essays provides an insightful survey of San

Antonio and South Texas. The essays are grouped into six thematic sections: an overview; natural and environmental history; water issues; urban development; politics; and the city's future. Miller describes the First Friday Art Walks in Southtown, where the promenade reenacts the pedestrian traffic envisioned by the San Antonio founders when they planned the city around a central square and cathedral. He recreates the history behind the Alamo Quarry, when the upscale shopping center was a cement factory and self-contained community. Ranging further afield, he recounts how the Aplomado Falcon made a come-back in the Rio Grande Valley, and how the river in the same valley has fared in water wars between the United States and Mexico. In the four essays devoted to water in San Antonio, Miller subtly and successfully portrays how water has shaped the region's demographic and political realities.

The Urban Shepherd Ben Amor, 2017-01-27 The Urban Shepherd He has come a long way both literally and figuratively from his days as a poor shepherd boy in Tunisia, North Africa, but Ben Amor is a symbol of what can happen when you don't give up and chase the American Dream until it comes true. The successful career man reinvented himself again after a dream in 1983 of children crying because they were dying of starvation. Unable to forget the sound of children crying, he founded Terra-Genesis Inc., a nonprofit agency that began as a

way to try to end world hunger through technology. The book tells how a young man's vision and passion lead him to chase the American Dream in spite of many challenges and people calling him "crazy". Ben has his own experience with overcoming the odds, a journey he intimately describes in *The Urban Shepherd*. He shares his joys—and his sorrows—from humble beginnings working hard to survive in Tunisia, serving in the Tunisian Air Force, and moving to the United States to live. Through sharing his personal journey adjusting to a new culture, toxic relationships, professional and personal setbacks, and balancing school, work, and family life, Ben aims to empower readers to chase and reach the American Dream. Keep reading ----- Dreams do come true (www.urbanshepherd.us)
