Only What Is Richard Lawrence Cohen,2006-02 A man falls in love with a woman who exists only in his dreams. A young couple walks the same street day after day, the husband always talking and the wife-doing what? An artist sits sketching in the cemetery of a mental hospital, and wishes he'll someday be buried there. A hopeful businessman opens a shop in a location that is doomed. A vampire craves, not his victims' blood, but their personalities. Eighty-nine blog posts, the best of the author's first year in the blogosphere. Eighty-nine glimpses of life imagined, experienced, felt, cherished, and above all, clearly seen. Here are stories of people yearning for companionship, parables of the unwittingly enlightened and the unknowingly benighted, landscapes of desolate beauty, moments of everyday tenderness and of sudden comic recognition, transcending the line between fiction and nonfiction. As up-to-date as the blogosphere, yet reaching back for its roots to ancient Taoist tales and medieval Japanese pillow books. Another step forward in the evolution of a spectacular writer, a distinctive voice to be heard (*The Detroit News*).

South Carolina Killers Mark Jones,2016-12-05 A South Carolina historian examines a selection of true crime murder stories from the Palmetto State, from 1903 to 2003. Murder leaves no decade unscarred. In 1903, the lieutenant governor of South Carolina shot dead a local newspaper editor, in full view of witnesses. George Stinney was marched to the electric chair in 1944 at age fourteen. A mother made national news in 1994 pleading for the return of her kidnapped sons, when in truth she had driven them to a watery grave herself. Jones spares no chilling detail in describing each of these crimes; all make for fascinating, and terrifying, reading.

Wicked Charleston Mark R. Jones,2005-11-14 A beautiful Southern city distinguished by its opulent homes, towering church steeples and hospitality, Charleston, South Carolina, has long been associated with the genteel side of Southern living. However, beyond the outward appearances that most people associate with Charleston, there is another side that most visitors and residents would dare not believe is part of the very fabric from which the city's history was woven. Wicked Charleston: The Dark Side of the Holy City, by local resident and tour guide Mark R. Jones, opens the door to the dark alleys and seedy characters not often associated with the Charleston of today. From the sexual escapades of an original Lord Proprietor and the comings and goings of the most notorious pirates, to secret brothels and nightclubs, Jones leads the reader back to a time when drinking, eating and whoring with more than fifty wenches was perhaps more common in the Holy City than one may imagine.

Held Abbey Wedgeworth,2020-09-01 Using Psalm 139, Abbey Wedgeworth walks alongside women suffering the heartbreak of miscarriage. Having experienced the sorrow of miscarriage herself, she acknowledges the isolation commonly felt and the impact that such an experience can have on faith. The 31 biblical reflections in this beautiful and comforting book remind grieving women that God sees them, knows them, loves them, and is actively caring for them. These precious verses will show women that God can bring comfort, assurance, protection, and purpose in the very sorrow that they are experiencing. Includes personal stories of pregnancy loss from others, including Courtney Reissig, Kristie Anyabwile, and Eric Schumacher encouraging sufferers that they are not alone. It is a very helpful book to give to women who are suffering in this way.

My Husband Has Died, but That'S Not the Funny Part Debra J. Blood,2013-02-19 Losing her husband Dennis unexpectedly in 2011, at the young age of 47, Debra was faced with handling grief in the only way she knew how, with strength, grace and much laughter. Debra worked through her tears by posting to her husband each day (for one year) on a social media website after his passing. She credits her seeing the light of day by sharing funny stories of their time together and walking through the pain, not alone, but with her ever growing unshakeable faith in God and the resounding love of many who have taken this journey each day with her. Through her stories, her daily blog (thehappywidow.com) and her posts she has used her distinctively unique humor, desire to honor the love of her life, and her ability to tell it like it is to inspire, lift, and encourage others in a way seldom seen. Losing the one you love suddenly is like being put on a roller coaster ride (and I have always hated those). You rise slowly, fall fast, hold on for dear life, and scream not so nice words that you hope those around you didnt hear. But when you get off this ride, while you may not want to buy another ticket, you are so proud of yourself for just being able to say you let go, threw your hands in the air the entire time and you indeed lived through it. You will laugh, you will cry, at time you will pray you never

personally know how she truly feels, but after you read this book that was written to her sweet husband Dennis and for her children Timothy and Sarah, you will believe that just maybe there is a way to face death and come out smiling.

Civil War Canon Thomas J. Brown,2015-02-17 In this expansive history of South Carolina's commemoration of the Civil War era, Thomas J. Brown uses the lens of place to examine the ways that landmarks of Confederate memory have helped white southerners negotiate their shifting political, social, and economic positions. By looking at prominent sites such as Fort Sumter, Charleston's Magnolia Cemetery, and the South Carolina statehouse, Brown reveals a dynamic pattern of contestation and change. He highlights transformations of gender norms and establishes a fresh perspective on race in Civil War remembrance by emphasizing the fluidity of racial identity within the politics of white supremacy. Despite the conservative ideology that connects these sites, Brown argues that the Confederate canon of memory has adapted to address varied challenges of modernity from the war's end to the present, when enthusiasts turn to fantasy to renew a faded myth while children of the civil rights era look for a usable Confederate past. In surveying a rich, controversial, and sometimes even comical cultural landscape, Brown illuminates the workings of collective memory sustained by engagement with the particularity of place.

To-Do List Sasha Cagen,2008-06-30 What Do Your Lists Say About You? More and more, we are a nation of list-makers, from grocery lists, New Year's resolutions, and things to do before we die to DVDs to rent and people we've kissed. In To-Do List (based on the popular blog of the same name, todolistblog.com) Sasha Cagen celebrates the humble to-do list, exploring the ways these scribbled agendas reflect our personalities and passions. To-Do List is both a celebration of lists and a peek at the lists that others create. Broken down by subjects like Daily Lists to Sex Lists, it's a fascinating collection of lists from everyday people to the well-known: Novelist Nick Hornby's list of desert island discs A therapist's secret fears (I HATE having to think about clients in relation to my hair or clothes) A shopping list from chef Alice Waters of Chez Panisse A woman's accomplishments before her thirtieth birthday (Hot air ballooned over the Serengeti, Danced on a table in Vegas) Qualities one man is looking for in a future wife, including Chews with her mouth shut and Will let me give my first son the middle name of 'Jacob' With each list, Cagen offers the story behind it and a prompt for readers to compare notes and take their own stab at a similar list. Voyeuristic and interactive, To-Do List will show you just how much -- and what -- your lists say about you.

Constitutionalism and the Rule of Law Maurice Adams,Anne Meuwese,Ernst Hirsch Ballin,2017-02-02 Rule of law and constitutionalist ideals are understood by many, if not most, as necessary to create a just political order. Defying the traditional division between normative and positive theoretical approaches, this book explores how political reality on the one hand, and constitutional ideals on the other, mutually inform and influence each other. Seventeen chapters from leading international scholars cover a diverse range of topics and case studies to test the hypothesis that the best normative theories, including those regarding the role of constitutions, constitutionalism and the rule of law, conceive of the ideal and the real as mutually regulating.
