Scottish Rugby 101 Peter Burns, 2018-10-04 *Scottish Rugby 101* is a compendium of fascinating facts, quotes, stats, stories, personalities and trivia – a perfect stocking-filler for all fans of Scottish rugby. From the very first Test match in 1871 all the way through to the present day, Scottish rugby's rich history is distilled into 101 facts, stats and stories. This fun-packed volume is an instructive, if sometimes irreverent – but always affectionate – guide to some of the ground-breaking firsts, controversies, innovations, achievements and disasters that have taken place in the game north of the Border – an entertaining crib-sheet to Scottish rugby for experts and novices alike.

Behind the Thistle David Barnes, Peter Burns, 2010 Based on exclusive interviews with players past and present, *Behind the Thistle* gives a unique insight into the drama and emotion of representing Scotland in that most rarefied of environments – Test match rugby. Drawing on first-hand interviews from a vast array of former and current players, from Russell Bruce and Frank Coutts in the 1940s, all the way through to the present day, the authors uncover the heart and soul of Scottish rugby, recounting the ecstasy of victory and the despair of defeat, drawing out innumerable humorous anecdotes and heart-warming memories. *Behind the Thistle* presents an inside access to the private moments in the changing and team rooms, on tour, and on the pitch itself. From the tension before kick-off to the tumultuous heat of battle and the high-jinx thereafter, this is the story of what it is like to play for Scotland, the sacrifices and joys experienced by those who have shed blood, sweat and tears in pursuit of glory in the international jersey. Absorbing, illuminating and compelling, this is a must-have for all rugby fans.

Football as Medicine Peter Krstrup, Daniel Parnell, 2019-11-22 It is beyond dispute that physical activity is good for us, but what are the benefits, challenges and impacts of sport on health? This is the first book to focus on football in the context of health from individual, public and population-level perspectives. *Football as Medicine* examines the effects of football training on the three main types of fitness (cardiovascular, metabolic and musculoskeletal) and on specific target populations (for example, children, type 2 diabetes patients, cancer patients, people with mental health conditions, the socially deprived and older people). It discusses the significance of football for

public health and assesses the efficacy of football interventions by clubs and community sport development programs. With its multi-disciplinary approach, this is a valuable resource for students, researchers and practitioners working in physical activity and health, public health, health promotion and medicine, as well as football and sport business management, sport and exercise science, and the sociology of sport.

The Feminization of Sports Fandom Stacey Pope, 2017-05-08 Women fans have entered the traditionally male domain of the sports stadium in growing numbers in recent years. Watching professional sport is important for women for so many reasons, but their expectations and experiences have been largely ignored by academics. This book tackles these shortcomings in the literature and sheds new light on the many ways in which women become sports fans. This groundbreaking study is the first to focus on the phenomenon of the feminization of sports fandom. Including original research on football and rugby union in the UK, it looks at the increasing opportunities for women to become sports fans in contemporary society and critically examines the way this form of leisure is valued by women. Drawing upon feminist thinking and intersectionality, it shows how women from different social classes and age groups consume the spectacle of sport. This book is fascinating reading for any student or scholar interested in sport and leisure studies, sociology and gender or women's studies.

Money Can't Buy Us Love Gavin Buckland, 2019-08-08 In 1960, the wealthy owner of the Merseyside-based Littlewoods corporation, John Moores, took control of Everton Football Club, setting in motion a chain of events that still affect the game in this country today. Everton had enjoyed success before Moores's takeover but things would never be the same again from the moment he walked through Goodison's doors. Although big clubs had spent money before, none had done so with such naked short-term ambition and a ruthlessness to succeed that sent shockwaves through the previously stagnant world of English football. The new owner's ruthless streak was personified by his first major move, sacking the popular Johnny Carey in the back of a London taxi in April 1961. Everton would finish that 1960/61 season in fifth place, their highest position since World War Two, but the Irishman's affable nature cost him his job. In his place Moores wanted a man in his own image to lead the club forward and he soon found him: Harry Catterick. Catterick was little over 40 years old, and had been an Everton player himself only ten years before. But as a boss he exuded an aura that demanded respect and obedience from his players. It was a characteristic that won him few fans but plenty of trophies, and across the decade Everton reasserted themselves as one of English football's powerhouses, winning two league titles and an FA Cup. Catterick's ability to nurture young products of the club's youth set-up such as Colin Harvey

and Joe Royle was trumped only by his mastery of the transfer market, allowing him to sign the great Howard Kendall from Preston North End and World Cup winner Alan Ball from under his rivals' noses. Harvey, Kendall and Ball would soon form the club's greatest midfield trio, and their brilliance would underpin the 1969/70 title win, a victory for free-flowing football in an era of cynicism. That trophy would be Everton's last major honour for 14 years. In *Money Can't Buy Us Love*, Everton's official statistician Gavin Buckland tells the tale of how Moores and manager Harry Catterick took the so-called 'Mersey Millionaires' to the summit of English football, in the context of the major cultural changes of the time. The book provides a forensic character study of both Catterick and Moores, and also delves into the archives to provide a definitive account of the incidents that rocked the club in a fruitful but turbulent decade, including allegations of doping in the 1962/63 campaign, the 1964 match-fixing scandal which signalled the end of Tony Kay's career and the shock sale of Alan Ball. *Money Can't Buy Us Love* offers fascinating insight into how strong personalities can take a team to the very top, but can also cause in its ultimate downfall.
