*Dubwise* Klive Walker,2005 Reggae's influence can be heard in the popular music of nations in a variety of continents. In *Dubwise*, Klive Walker takes a fresh look at Bob Marley's global impact, specifically his legacy in the Caribbean diaspora. While considering Marley's status as an international reggae icon, Walker also discusses the

vital contributions to reggae culture authored by other important Jamaican innovators such as poet Louise Bennett, hand drummer Oswald "Count Ossie" Williams, jazz saxophonist Joe Harriott, ska trombonist Don Drummond and singer Dennis Brown.

Sound, Image, and National Imaginary in the Construction of Latin/o American Identities Héctor Fernández L'Hoeste, Pablo Vila, 2017-12-26 This book explores the key role of sound and image in the perception of nations throughout the history of the Americas. It subverts the strict chronology previously upheld by historians regarding the formation of national identities by looking at the development of countries in varied cultural, economic, and political situations.

*Les pires chansons de Sean Paul* Torpal Cuevo, 2019-05-31 Ce livre est sérieux, du moins en apparence. L'introduction laisse entendre qu'il abordera le thème des pires chansons, mais... surprise! Le livre est exclusivement composé de sympathiques pages blanches où il est écrit: Error 404: Aucune chanson trouvée. Il n'a pas été possible de détecter de mauvaises chansons. Toutes les chansons de Sean Paul sont géniales. Une bonne dose d'ironie pertinente qui fera de ce livre un cadeau marrant ou une carte de vœux super fun. Il pourra également faire office de petit bloc-notes grâce à ses pages pratiquement vierges: )

**In Plenty and in Time of Need** Lia T. Bascomb, 2019-12-13 In Plenty and in Time of

Need uses music and performance as sites of analysis for the competing ideals and realities of Barbadian national culture. The book demonstrates complex relations between national, gendered, and sexual identities in Barbados, and how these identities are represented and interpreted on a global stage.

The Outcasters Maestro Drake, 2011-11-28 Since 1995, I set out as an artist to create characters who were hideous, strange and did not fit within the normal boundaries of a modern society. The Circus Freaks, my 1st creations, are such examples of de-humanizing humans, placing them in a world where they are not accepted by the majority and must push their way uphill to gain power. After 15 years of creating many people, places and things based on the real world, publishing books, including this one, I came to an epiphany. Who you are in relation to someone else depends not on skin color, age, religion, sexual preference, language, biology, country or planet. These short stories contain individual lives of those you are familiar with in one social category or another as opposed to those of your neighbor, family member, significant partner, your enemies, and those unlikely you've never met. In the end, a world, a galaxy of prosperity comes with the efforts of all who are related because they are unrelated and that's exactly what this book is about. --Maestro Drake

*Now We Have Your Attention* Jack Shenker, 2019-09-19 'One of the most important and compelling books I've ever read...If you want to understand why we are in this crisis, listen to the voices all too often airbrushed from the political conversation' Owen Jones *Now We Have Your Attention* makes sense of what is happening in British politics by taking a radically different perspective: the people's. From a warehouse in Manchester to a pub in Essex, from the outskirts of Glasgow to a racecourse in Durham, Jack Shenker uncovers the root causes of our current crisis and the future direction of British politics through the lives of ordinary individuals. Taking us deep into communities hollowed out by austerity and decades of economic disadvantage, among a generation crippled by precarious work and unaffordable housing, he shows where the chaos at Westminster ultimately springs from - and how disillusionment with it is fuelling a passionate engagement with politics of a completely different kind: local, personal, effective and utterly fearless. Joining a 'McStrike' protest on a roundabout in Cambridge and a gathering of the London Renters' Union in the aftermath of Grenfell, meeting hard-right bloggers in Newcastle and climate change protesters in Brighton, Shenker draws on exceptional access to campaign groups, activist movements and grassroots gatherings throughout the country - including unique access to Momentum, who have re-radicalised the Labour party from the outside in - to introduce us to the citizens and leaders of tomorrow: people who are changing things for themselves. Inspiring and terrifying in equal measure, *Now We Have Your Attention*

uncovers a revolutionary transformation in attitudes and behaviour, and a future that will shape us all.
