

See The Sun

Kazuo Ishiguro

To See the Sun Kelly Jensen, 2018-08-13 Life can be harsh and lonely in the outer colonies, but miner-turned-farmer Abraham Bauer is living his dream, cultivating crops that will one day turn the unforgiving world of Alkirak into paradise. He wants more, though. A companion - someone quiet like him. Someone to share his days, his bed, and his heart.

If You Could See the Sun Ann Liang, 2022-10-11 Academic rivals portrayed to perfection... An all-time top favorite. -Chloe Gong, #1 New York Times bestselling author of *These Violent Delights* and *Our Violent Ends* Utterly unique, thought-provoking, and wonderfully written. -Gloria Chao, author of *American Panda* and *Rent a Boyfriend* In this genre-bending, speculative YA debut, a Chinese American girl monetizes her strange new invisibility powers by discovering and selling her wealthy classmates' most scandalous secrets. Alice Sun has always felt invisible at her elite Beijing international boarding school, where she's the only scholarship student among China's most rich and influential teens. But then she starts uncontrollably turning invisible—actually invisible. When her parents drop the news that they can no longer afford her tuition, even with the scholarship, Alice hatches a plan to monetize her strange new power—she'll discover the scandalous secrets her classmates want to know, for a price. But as the tasks escalate from petty scandals to actual crimes, Alice must decide if it's worth losing her conscience—or even her life.

Staring at the Sun Irvin D. Yalom, 2010-06-10 Written in Irvin Yalom's inimitable story-telling style, *Staring at the Sun* is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an awakening experience—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

Observing the Sun Jamey L. Jenkins, 2013-07-19 "Observing the Sun" is for amateur astronomers at all three levels: beginning, intermediate, and advanced. The beginning observer is often trying to find a niche or define a specific interest in his hobby, and the content of this book will spark that interest in solar observing because of the focus on the dynamics of the Sun. Intermediate and advanced observers will find the book invaluable in identifying features (through photos, charts, diagrams) in a logical, orderly fashion and then guiding the observer to interpret the observations. Because the Sun is a dynamic celestial body in constant flux, astronomers rarely know for certain what awaits them at the eyepiece. All features of the Sun are transient and sometimes rather fleeting. Given the number of features and the complex life cycles of some, it can be a challenging hobby. "Observing the Sun" provides essential illustrations, charts, and diagrams that depict the forms and life cycles of the numerous features visible on the Sun.

WHEN YOU DISPERSE THE CLOUDS, YOU CAN SEE THE SUN CEM ÖNGİDER, A Chinese proverb says: The fired soul is the most dangerous weapon on earth. Like every human being, you also want to capture success. But success comes in forms that people can not easily notice. Those who can see the opportunities but who have turned their eyes into opportunities. What makes you different from billions of people? Do you ever ask yourself? If you think there's nothing unique in this world, you're wrong. Because every one has something that is different from the others. Ready to explore. Then get started. The starting point is here.

Ignite the Sun Hanna Howard, 2020-08-18 Once upon a time, there was something called the sun ... In a kingdom ruled by a witch, the sun is just part of a legend about Light-filled days of old. But now Siria Nightingale is headed to the heart of the darkness to try and restore the Light—or lose everything trying. Sixteen-year-old Siria Nightingale has never seen the sun. That's because Queen Iyzabel shrouded the kingdom in shadow upon her ascent to the throne, with claims it would protect her subjects from the dangerous Light. The Darkness has always left Siria

uneasy, and part of her still longs for the stories of the Light-filled days she once listened to alongside her best friend Linden, told in secret by Linden’s grandfather. But Siria’s need to please her strict and demanding parents means embracing the dark and heading to the royal city—the very center of Queen Izybel’s power—for a chance at a coveted placement at court. And what Siria discovers at the Choosing Ball sends her on a quest toward the last vestiges of Light, alongside a ragtag group of rebels who could help her restore the sun ... or doom the kingdom to shadow forever.
