

Servit Mart Free

L Darling-Hammond

The Philosophy of Natural Magic Heinrich Cornelius Agrippa von Nettesheim, 1913

Flavian Poetry Ruud R. Nauta, Johannes J.L. Smolenaars, Harm-Jan van Dam, 2017-07-31 This book offers a selection of the papers delivered at the international conference on Flavian poetry held at Groningen in 2003, which brought together leading experts in the field. The poets discussed include Valerius Flaccus, Silius Italicus, Statius and Martial.

Epigrams from Martial Martial, 1969

A New Latin Dictionary Charlton Thomas Lewis, Charles Short, 1907

Harper's Latin Dictionary Ethan Allen Andrews, 1907

The Complete Works of Venerable Bede: Commentaries on the Scriptures Saint Bede (the Venerable), John Allen Giles, 1844

Martial's Epigrams Garry Wills, 2008-10-30 One of literature's greatest satirists, Martial earned his livelihood by excoriating the follies and vices of Roman society and its emperors, and set a pattern that satirists have admired across the ages. For the first time, readers can enjoy an English translation of these rhymes that does not sacrifice the cleverly constructed effects of Martial's short and shapely thrusts. Martial's Epigrams bespeaks a great scholar at play (*The New York Times Book Review*), makes for addictive reading, and is a perfect, if naughty, gift. Look out for a new book from Garry Wills, *What the Qur'an Meant*, coming fall 2017.

Business to Business Marketing Management Alan Zimmerman, Jim Blythe, 2017-09-25 Business to business markets are considerably more challenging than consumer markets and as such demand a more specific skillset from marketers. Buyers, with a responsibility to their company and specialist product knowledge, are more demanding than the average consumer. Given that the products themselves may be highly complex, this often requires a sophisticated buyer to understand them. Increasingly, B2B relationships are conducted within a global context. However all textbooks are region-specific despite this growing move towards global business relationships – except this one. This textbook takes a global viewpoint, with the help of an international author team and cases from across the globe. Other unique features of this insightful study include: placement of B2B in a strategic marketing setting; full discussion of strategy in a global setting including hypercompetition; full chapter on ethics and CSR early in the text; and detailed review of global B2B services marketing, trade shows, and market research. This new edition has been fully revised and updated with a full set of brand new case studies and features expanded sections on digital issues, CRM, and social media as well as personal selling. More selective, shorter, and easier to read than other B2B textbooks, this is ideal for introduction to B2B and shorter courses. Yet, it is comprehensive enough to cover all the aspects of B2B marketing any marketer needs, be they students or practitioners looking to improve their knowledge.

Popular Culture in Ancient Rome J. P. Toner, 2013-04-25 The mass of the Roman people constituted well over 90% of the population. Much ancient history, however, has focused on the lives, politics and culture of the minority elite. This book helps redress the balance by focusing on the non-elite in the Roman world. It builds a vivid account of the everyday lives of the masses, including their social and family life, health, leisure and religious beliefs, and the ways in which their popular culture resisted the domination of the ruling elite. The book highlights previously under-considered aspects of popular culture of the period to give a fuller picture. It is the first book to take fully into account the level of mental health: given the physical and social environment that most people faced, their overall mental health mirrored their poor physical health. It also reveals fascinating details about the ways in which people solved problems, turning frequently to oracles for advice and guidance when confronted by difficulties. Our understanding of the non-elite world is further enriched through the depiction of sensory dimensions: Toner illustrates how attitudes to smell, touch, and noise all varied with social status and created conflict, and how the emperors tried to resolve these disputes as part of their regeneration of urban life. Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike.

A Preservative Against Popery, in Several Select Discourses Upon the Principal Heads of Controversy Between Protestants and Papists: Being Written and Published by the Most Eminent Divines of the Church of England, Chiefly in the Reign of King James II. Collected by the Right Rev. Edmund Gibson ...
Edmund Gibson, 1849
The Russo-Afghan Question and the Invasion of India George Bruce Malleson, 1885 George Bruce Malleson was a British army officer and military historian who had served in India and who wrote prolifically on the history of India and Afghanistan. One of his major works was History of Afghanistan from the Earliest Period to the Outbreak of the War of 1878, a political and military history of Afghanistan that was published in London in 1879, shortly after the outbreak of the Second Anglo-Afghan War (1878-80). The Russo-Afghan

Question and the Invasion of India, published six years later, has the same theme as the earlier book, namely the strategic importance to the British Empire of Afghanistan as a buffer against Russian expansionism and the growing seriousness of the Russian threat to Afghanistan and by extension to India. The immediate impetus to Malleson's writing the second book was the Russian annexation of Merv (in present-day Turkmenistan) and the formation of a joint Anglo-Russian boundary commission to determine the northern frontier of Afghanistan. The author argues that the territories recently seized by Russia historically belonged to the amir of Afghanistan and should be returned to him. The key strategic point, Malleson argues, is Herat, the outlying redoubt of India and in his view the next objective in the Russian campaign of expansion. Malleson calls for a forceful response to the threat from Russia, and specifically the concentration of all our available troops in the Pishin valley, ready for a prompt advance to Herat. Chapter nine, The Armies on Both Sides, contains a detailed accounting of the size, composition, and strength of Russian military units deployed in Central Asia and of the British and Indian troops available for the protection of India. The book presented here is the second edition of The Russo-Afghan Question and the Invasion of India, published in 1885.
