Happy Sexy Millionaire Steven Bartlett, 2021-03-25 THE SUNDAY TIMES BESTSELLER We are losing ourselves. We're chasing the wrong things, asking the wrong questions, and polluting our minds. It's time to stop, it's time to resist and it's time to rethink the fundamental social blueprint that our lives are built upon. 'As an 18-year-old, black, broke, lonely, insecure, university drop-out, from a bankrupt family, I wrote in my diary that I wanted to be a 'Happy Sexy Millionaire' by the age of 25. By 25 I was a multi-millionaire having created a business worth over \$300m dollars. Ironically, in achieving everything I set out to, I learnt that I was wrong about almost everything... The world had lied to me. It lied to me about how you attain fulfilment, love and success, why those things matter, and what those words actually mean. In this book, I'll dismantle the most popular, unaddressed lies about happiness that we've been led to believe. I'll expose the source of these lies, examine the incentives that fuel them and replace them with a practical set of scientifically proven and unconventional ideas that will help you to live a truly fulfilled life, a life full of the love you seek and the success you deserve.' 'This book will change your life if you let it.' - Tom Bilyeu, Co-Founder/CEO of Impact Theory & Co-Founder of Quest Nutrition

How To Profit From Creating Your Hot Online Selling Digital Product Kristy Jenkins,2015-06-11 *How to Get Started Selling Your Own Digital products* Selling digital products is a great source of income for entrepreneurs—it's a semi passive income source because efforts are required for marketing your created products to attract traffic to your online Moneysites and provide customer support for them, unless such supporting services are being outsourced. It may seem like a pretty intimidating idea if you have never created your own product, but it really doesn't have to be that complicated, and in this ebook, we'll take a look at what is involved with creating your very own hot selling digital product. While there are endless possibilities

when it comes to creating and selling digital products, there are a few types of products that tend to be the most common. This ebook will offer various in depth understanding to various options. If it's possible to make money by promoting other people's products as an affiliate, why would you want to go to the trouble of creating your own product? Well, there are several reasons to this , one of the most significant is the unlimited income potential and you will have full control over all the details of the product and its pricing, which is not the case if you are promoting a product as an affiliate. Many of the most successful technopreneurs have made it Big online and usually are with their own digital products. Having your own exclusive product is great for branding yourself as an authority on a particular subject. Think about it, which other businesses will allow you to work where, when and how you want? In case if you are wondering that this journey might involve thousands of dollars to invest and risk? Well, that has never crossed my mind as digital product business has little to NO RISK. There will be some expenses involved to register some domain names, get web hosting and perhaps outsource some content. But all in all, it will not exceed the price of an iPhone or a digital tablet as long you start with small steps. Another reason why you should start a digital product business is that it's a completely automated business. You set everything up once and simply drive traffic, all repeated sales income automatically will be deposited into your payment gateway account on 24/7 365 days, all at its own operation.
