Short Stories for Kids Teller Story,2019-11-19 Do you want a book that's really fun and can teach children good values? Then, you have come to the right place or book in this case. It's a fact universally that evil deeds have always been done but in today's society they have increased tremendously as the moral standard of the world has gone down. Often, due to lack of guidance and knowledge, children end up indulging in some unethical deed. When even adults have such a hard time fighting against the hold of devil (the personification of all evil), how can we expect our children to be any good at it? However, it's a fact that when a person - adult or child - is morally strong, they will do good even in the worst of circumstances. Yet, a person will only be morally strong if they have been taught morals in their childhood. So, it's important to train our children to have a strong character and to be able to live in this corrupt world without having to compromise their values. This book is equipped with some of the good values that children need to be aware of and practice in their daily life or they might turn into nasty people in the future. We don't want that do we? Kids need knowledge about exactly what is right and what is wrong to develop their conscience but kids tend to hate lectures. This adventure packed book will teach them good values by engaging them in fascinating stories with gripping characters.
