Rituals Of Terror Steven Marshall, 2006-04-14 Journey into an enigmatic world where superstition and the supernatural intertwine as one; a paranormal paradox where restless spirits and demons encounter the world of blood and bone. Where innocence and corruption collide and equilibrium transforms into a delirious pandemonium. A man finds himself trapped in a skipping dream from which he cannot wake, only to discover he is being stalked by lost souls of the dead who are vying for possession of his body...Recently learning of his wife's infidelity, a lawyer has a strange encounter with a woman he'll never forget...A butcher falls victim to a new flesh eating disease that's found in the beef tongue he is serving...A young couple in the woods encounter a strange mutant race of cannibals who are low on nourishment. To preserve their existence they must seek out life beyond in a faraway world. That's only the beginning... A sheriff investigates an elderly widow recently bereaved by the loss of her decapitated husband...Poor young Anne Marie Ripley is running from domestic violence, only to be greeted by two escaped psychiatric patients, who will show her real violence...Two innocent souls in the 1692 Salem witch trials are falsely accused of practicing witchcraft and are treated accordingly by the villagers...Finally a boy's worst nightmares come true when he learns his grandma is coming home from an insane asylum. Just a drop of blood in a cup of tea and you, too, will be able to see "Them". The curse of the Gods is weaving a tapestry of terror and havoc into society's worst nightmares. And its power culminates when mankind succumbs to their most accessible vulnerabilities that peril them into oblivion.

Judi Barry F. Schnell, 2013-06-12 Whether you're seven or seventy, if you've ever been deep in love, or alone and ostracized, it's all right here! Fiona Mahoney, Battle Creek, MI The maestro of the ninety-minute novel! I love to read things I don't have to think about. Again, and again, and again. Lucius Ferguson, WeHo, CA It reads the same backwards as it does forwards. I'm not saying it's Satanic, I'm just applauding the gimmick. Daffny Deslauriers, USVI This was, like, everything I ever thought but never had the heart to say. I also don't own any word processing software. Or a computer. Chas Katvic, Chicago, IL

Jumpstart! Apps Natalia Kucirkova, Jon Audain, Liz Chamberlain, 2016-08-08 This collection of engaging and simple to use activities will jumpstart students' learning and help the busy teacher to reinvigorate their teaching through the use of mobile apps and activities that can be used in the classroom. A wealth of practical activities and advice on how to incorporate over 40 lively and exciting apps into the classroom will enable teachers to deliver creative lessons. This essential guide focuses on a range of apps, including Skitch, QR codes, Comic Life, Do Ink Green Screen, Puppet Pals, Our Story and much more. This book offers much needed guidance on creative ways to integrate apps within the National Curriculum and how they can be incorporated into the teaching of Key Stages 1 and 2. Enabling teachers to deliver effective and imaginative lessons through the use of apps and providing links to a wide range of online resources, it covers all core areas of the curriculum: English, Maths, Science, Modern Foreign Languages, ICT, History, Geography and PE. Jumpstart! Apps is an essential classroom resource that will encourage creative and independent learning in children and is the perfect solution for helping teachers,

teaching assistants and students integrate apps into their daily practice, make the most of technology at their disposal and deliver imaginative and effective lessons.

Bridging Technology and Literacy Amy Hutchison, Jamie Colwell, 2015-06-18 This book provides a practical understanding of digital literacy and information on integrating digital technology into English Language Arts and literacy instruction at the K-6 grade levels. Cross-disciplinary connections are also provided to bridge literacy and language arts and other content areas for a more integrated approach to literacy instruction. This text not only introduces readers to various types of digital tools and resources, but also provides practical approaches for using digital tools in instruction to help students read and write multimodal digital texts. Each chapter contains key elements that prompt brainstorming about digital tools, connections to the Common Core State Standards in Language Arts, and resources for teachers to plan instruction that incorporates digital tools. Comprehensive sample lesson plans that are aligned to the Common Core State Standards and English Language Proficiency Standards are provided throughout the text. Information about digital citizenship, digital copyright, lesson planning, and long-range planning is also provided.

Community Partnerships with School Libraries Bridget Crossman, 2019-06-07 Providing a treasury of community partnership opportunities and resources for innovative learning experiences, this title helps Future Ready Librarians to create authentic, student-centered experiences that address American Association of School Librarians (AASL) standards. As school librarians strive to become Future Ready and meet the new AASL standards, community partnerships can help them to build innovative programs within their districts to realize their school's mission and goals. Placing value on the importance of preparing students for the future, this book encourages librarians to learn, leap, and grow and form community partnerships to create learning experiences both in and outside of school. Innovative learning experiences can have a positive impact on student engagement, empathy, knowledge, skills, and local and global awareness. This book introduces ideas, materials, resources, and a step-by-step action plan while highlighting how learning experiences meet AASL standards. A user-friendly and invaluable resource for librarians who desire to be Future Ready, it will catapult librarians to the forefront of their practice and support them as they create innovative learning experiences for their students.

Negation Patterns in West African Languages and Beyond Norbert Cyffer,Erwin Ebermann,Georg Ziegelmeier,2009 This volume deals with issues on negation patterns in languages of West Africa and the adjacent north and east. The first aim is to provide data on various aspects of negation in African languages. Although the topics addressed here reflect a great diversity of negation patterns, the following typological features have been identified to be prominent in our region: conflict or even incompatibility between negation and focus, use of other indirect means of negating non-indicative mood (covered under the term Prohibitive), different negation patterns in different Tense-Aspect-Moods (e.g. Imperfective vs. Perfective), lack of negative indefinites, and disjunctive negative marking (often referred to as double negation). The articles presented here show that areal factors have played a significant role in the development of negation strategies in the languages of West Africa and beyond. On the other hand genetic factors seem to be less prominent.
