Slots David V. Forrest, 2012-01-03 A renowned psychiatrist explores the world of slot machine gambling and the

almost religious devotion that has turned it into a billion-dollar industry. This astonishing book reveals that there's a lot more to playing slot machines—one of America's fastest growing forms of entertainment—than good fun, deep relaxation and the dream of a multi-million-dollar jackpot. Slots tells how the machines work, how the random numbers that govern them are generated, and how the casinos make their profit . . . slowly but surely . . . as they keep only a dime of every dollar invested. It also offers strategies of slot play, and suggests alternate activities to distract us when casinos become harmfully habitual. But ultimately, as Dr. Forrest writes, to spend one's time feeding money to the machines is to participate in, well . . . a form of prayer. And the gaming industry seems very much aware of it, as players annually plunge more than \$365-billion into slots (of which casinos keep about \$30-billion); and as casinos—70 to 85 percent of whose profits are earned by slot machines—have spread to more than a dozen states and even into a number of racetracks (where they're called "racinos"). What this book describes with both humor and a sense of awe is the way slots emporia have steadily been transformed from underground grottos to soaring cathedral-like structures where congregants sit and commune—all to the end of worshipping the god of chance.

Public Indians, Private Cherokees Christina Taylor Beard-Moose, 2009-01-13 A major economic industry among American Indian tribes is the public promotion and display of aspects of their cultural heritage in a range of tourist venues. Few do it better than the Eastern Band of the Cherokee, whose homeland is the Qualla Boundary of North Carolina. This book presents the two faces of the Cherokee people. One is the public face that populates the powwows, dramatic presentations, museums, and myriad roadside craft locations. The other is the private face whose homecoming, Indian fairs, traditions, belief system, community strength, and cultural heritage are threatened by the very activities that put food on their tables.
