*Social Media Entertainment* David Craig,Stuart Cunningham,2019-02-26 How the transformation of social media platforms and user-experience have redefined the entertainment industry In a little over a decade, competing social media platforms, including YouTube, Facebook, Twitter, Instagram, and Snapchat, have given rise to a new creative industry: social media entertainment. Operating at the intersection of the entertainment and interactivity, communication and content industries, social media entertainment creators have harnessed these platforms to generate new kinds of content separate from the century-long model of intellectual property control in the traditional entertainment industry. Social media entertainment has expanded rapidly and the traditional entertainment industry has been forced to cede significant power and influence to content creators, their fans, and subscribers. Digital platforms have created a natural market for embedded advertising, changing the worlds of marketing and communication in their wake. Combined, these factors have produced new, radically shifting demands on the entertainment industry, posing new challenges for screen regimes, media scholars, industry professionals, content creators, and audiences alike. Stuart Cunningham and David Craig chronicle the rise of social media entertainment and its impact on media consumption and production. A massive, industry-defining study with insight from over 100 industry insiders, Social Media Entertainment explores the latest transformations in the entertainment industry in this time of digital disruption.

*YouTube* Jean Burgess, Joshua Green, 2013-04-16 YouTube is one of the most well-known and widely discussed sites of participatory media in the contemporary online environment, and it is the first genuinely mass-popular platform for user-created video. In this timely and comprehensive introduction to how YouTube is being used and why it matters, Burgess and Green discuss the ways that it relates to wider transformations in culture, society and the economy. The book critically examines the public debates surrounding the site, demonstrating how it is central to struggles for authority and control in the new media environment. Drawing on a range of theoretical sources and empirical research, the authors discuss how YouTube is being used by the media industries, by audiences and amateur producers, and by particular communities of interest, and the ways in which these uses challenge existing ideas about cultural 'production' and 'consumption'. Rich with both concrete examples and featuring specially commissioned chapters by Henry Jenkins and John Hartley, the book is essential reading for anyone interested in the contemporary and future implications of online media. It will be particularly valuable for students and scholars in media, communication and cultural studies.

*The Lost Causes of Bleak Creek* Rhett McLaughlin, Link Neal, 2019-10-29 NEW YORK TIMES BESTSELLER • "Stranger

Things meets the South. Chilling, hilarious, and suspenseful—I loved it!”—Felicia Day From the authors of Rhett & Link's Book of Mythicality and creators of Good Mythical Morning . . . It's 1992 in Bleak Creek, North Carolina—a sleepy little place with all the trappings of an ordinary Southern town: two Baptist churches, friendly smiles coupled with silent judgments, and an unquenchable appetite for pork products. Beneath the town's cheerful façade, however, Bleak Creek teens live in constant fear of being sent to the Whitewood School, a local reformatory with a history of putting unruly youths back on the straight and narrow—a record so impeccable that almost everyone is willing to ignore the suspicious deaths that have occurred there over the past decade. At first, high school freshmen Rex McClendon and Leif Nelson believe what they've been told: that the students' strange demises were all just tragic accidents, the unfortunate consequence of succumbing to vices like Marlboro Lights and Nirvana. But when the shoot for their low-budget horror masterpiece, PolterDog, goes horribly awry—and their best friend, Alicia Boykins, is sent to Whitewood as punishment—Rex and Leif are forced to question everything they know about their unassuming hometown and its cherished school for delinquents. Eager to rescue their friend, Rex and Leif pair up with recent NYU film school graduate Janine Blitstein to begin piecing together the unsettling truth of the school and its mysterious founder, Wayne Whitewood. What they find will leave them battling an evil beyond their wildest imaginations—one that will shake Bleak Creek to its core. Praise for *The Lost Causes of Bleak Creek* “The Lost Causes of Bleak Creek is like your best friend from high school—kind of weird and a little twisted, but no matter how much trouble they caused, they always made you laugh. You don't have to be a GMM fan to realize . . . The Lost Causes of Bleak Creek, Will It Awesome Book? F@\*# yeah!”—Kurt Sutter, creator of *Sons of Anarchy* “Most people don't read books, let alone write them. That puts Rhett and Link in the top 1% of smart people in the world. Read this book.”—Rachel Bloom, co-creator of *Crazy Ex-Girlfriend* “It's scary, it's fun, and it's one hell of a carnival ride.”—Kirkus Reviews

The Semiotics of Emoji Marcel Danesi, 2016-11-17 Shortlisted for the BAAL Book Prize 2017 Emoji have gone from being virtually unknown to being a central topic in internet communication. What is behind the rise and rise of these winky faces, clinking glasses and smiling poos? Given the sheer variety of verbal communication on the internet and English's still-controversial role as lingua mundi for the web, these icons have emerged as a compensatory universal language. *The Semiotics of Emoji* looks at what is officially the world's fastest-growing form of communication. Emoji, the colourful symbols and glyphs that represent everything from frowning disapproval to red-faced shame, are fast becoming embedded into digital communication. Controlled by a centralized body and regulated across the web, emoji seems to be a language: but is it? The rapid adoption of emoji in such a short span of time makes it a rich study in exploring the functions of language. Professor Marcel Danesi, an internationally-known expert in semiotics, branding and communication, answers the pertinent questions. Are emoji making us dumber? Can they ultimately replace language? Will people grow up emoji literate as well as digitally native? Can there be such a thing as a Universal Visual Language? Read this book for the answers.

**Ryan Higa's How to Write Good** Ryan Higa, 2017-05-30 An unconventional, irreverent, yet heartfelt memoir by Ryan

Higa, one of the top creators on YouTube. With pictures! And illustrations! And, y'know, words. I know you're used to seeing me on the Internet, but here I am, coming at you in book form. You might be asking yourself, A Book? You? Why? Great question! Why did I write a book? Listen, I'm as surprised about it as you are. But I have a story to tell that I believe will help inspire people who are going through tough times to not only persevere through those tough times but to excel in them. And I couldn't be the only YouTuber without a book, could I? So, welcome to Ryan Higa's *How to Write Good*, by me, Ryan Higa. This is the story of how I went from being a relatively happy kid to being depressed and angry and filled with dark thoughts. This is the story of how I thought I had only one way out of this cruel world. This is the story of how I found a better way. But wait, there's more! You're not only getting my story but you'll also learn how to write good--I mean well--from a college dropout who struggled in basic-level English classes and still became a legit, published Best Sailing Author. (That wasn't a typo. I plan to buy a boat one day...but probably not anytime soon. This book might not cell good.)

*Answers to Questions You've Never Asked* Joseph Pimenti, 2017-11-09 The #1 bestselling trivia collection with bizarre facts to entertain you for hours, from the creator of YouTube's RealLifeLore. Where can I move to so that I'm never tempted by McDonald's again? How far into the Pacific does Trump's wall stretch? If Plato came back to life, what would he think of modern democracy? Why do all empires fail? Who decides what countries are allowed to participate in the Olympics? What makes Finland so great? When you take the most absurd parts of history, science, economics, and geography, you end up with a pretty confusing picture of humanity. Why do we have borders, what's the furthest you can get from the ocean, how do you qualify as a country, and why did Vikings wear those silly helmets? These are just a few of the strange questions that bounce around the head of YouTube sensation Joseph Pimenti, aka RealLifeLore. In his debut book, Pimenti explores the nonsensical humor of the universe with in-depth analysis of empires, economies, and ecosystems as he helps answer the ridiculous. Why, you ask? Because someone has to. Using line drawings, graphs, and charts, Pimenti not only details the absurd—he also provides explanations on why things are . . . and why they aren't.

**So Much I Want to Tell You** Anna Akana, 2017-06-13 From Internet sensation Anna Akana comes a candid and poignant collection of essays about love, loss, and chasing adulthood. In 2007, Anna Akana lost her teen sister, Kristina, to suicide. In the months that followed, she realized that the one thing helping her process her grief and begin to heal was comedy. So she began making YouTube videos as a form of creative expression and as a way to connect with others. Ten years later, Anna has more than a million subscribers who watch her smart, honest vlogs on her

YouTube channel. Her most popular videos, including “How to Put On Your Face” and “Why Girls Should Ask Guys Out,” are comical and provocative, but they all share a deeper message: Your worth is determined by you and you alone. You must learn to love yourself. In *So Much I Want to Tell You*, Anna opens up about her own struggles with poor self-esteem and reveals both the highs and lows of coming-of-age. She offers fresh, funny, hard-won advice for young women on everything from self-care to money to sex, and she is refreshingly straightforward about the realities of dating, female friendship, and the hustle required to make your dreams come true. This is Anna’s story, but, as she says, it belongs just as much to Kristina and to every other girl who must learn that growing up can be hard to do. Witty and real, Anna breaks things down in a way only a big sister can. Praise for *So Much I Want to Tell You* “This book is filled with the kind of honesty, vulnerability, and determination that makes Anna such a captivating person. One warning: You’ll want to hug her a lot while reading this.”—Natalie Tran, actress and comedian “As a woman working in entertainment, Anna Akana is accustomed to feeling vulnerable. Which means that she’s used to being brave. This book is a tribute to the duality of bravery and fear as told through Anna’s experiences to date.”—Hannah Hart, New York Times bestselling author of *Buffering: Unshared Tales of a Life Fully Loaded* “Frank advice on how to live a productive, happy life . . . written in tribute to a ‘fearless, talented, and bold’ sister.”—Kirkus Reviews

**Happiness Unlimited** Sister Shivani, Suresh Oberoi, 2019 In these enlightening and eye-opening conversations, the renowned spiritual mentor, Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on ‘anything’ or ‘anyone’, or found ‘anywhere’. We keep

delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.
