

Snake Classics

Adrienne Mayor

Snakes Roland Bauchot,2006 Through the combined work of 13 different experts in the field, you'll gain invaluable and unique insight into the life style, behavioral characteristics, and physical appearance of many different species [of snakes].--Page 2 of cover.

The Snake John Godey,2013-12-12 A lethally venomous snake is on the loose in New York City in this thriller by the New York Times–bestselling author of *The Taking of Pelham One Two Three*. On a steamy night in Central Park, a sailor returning from South Africa gets mugged. What the mugger doesn't know is that the sailor is carrying a deadly black mamba—the most poisonous snake in the world. The sailor is murdered, the mugger is bitten, and the snake slithers off into the underbrush . . . As city authorities rush to capture the snake, the populace desperately tries to stay out of its way in this fast-moving thrill ride with plenty of bite.

The Book of Snakes Mark O'Shea,2024-01-02 Updated to reflect the most recent species classifications, a second edition of the beautifully illustrated and beloved guide to 600 members of the suborder Serpentes. For millennia, humans have regarded snakes with an exceptional combination of fascination and revulsion. Some people recoil in fear at the very suggestion of these creatures, while others happily keep them as pets. Snakes can convey both beauty and menace in a single tongue flick, and so these creatures have held a special place in our cultures. Yet, for as many meanings as we attribute to snakes—from fertility and birth to sin and death—the real-life species represent an even wider array of wonders. Now in a new edition, reflecting the most recent species classifications, *The Book of Snakes* presents 600 species of snakes from around the world, covering roughly one in seven of all snake species. It will bring greater understanding of a group of reptiles that have existed for more than 160 million years and that now inhabit every continent except Antarctica, as well as two of the great oceans. This volume pairs spectacular photos with easy-to-digest text. It is the first book on these creatures that combines a broad, worldwide sample with full-color, life-size accounts. Entries include close-ups of the snake's head and a section of the snake at actual size. The detailed images allow readers to examine the intricate scale patterns and rainbow of colors as well as special features like a cobra's hood or a rattlesnake's rattle. The text is written for laypeople and includes a glossary of frequently used terms. Herpetologists and herpetoculturists alike will delight in this collection, and even those with a more cautious stance on snakes will find themselves drawn in by the wild diversity of the suborder Serpentes.

A Feast of Snakes Harry Crews,1998-01-07 From the acclaimed author of such novels as *Blood and Grits* and *Childhood* comes a wildly weird and breathtakingly original visit to the rural South that reveals the exotic subculture that erupts in all its glory at the Rattlesnake Roundup in Mystic, Georgia. No number of adjectives in the thesaurus can do full justice to the dazzlingly bizarre nature of Crews' creations.--Washington Post Book World.

The Snake's Pass by Bram Stoker - Delphi Classics (Illustrated) Bram Stoker,2017-07-17 This eBook features the unabridged text of 'The Snake's Pass by Bram Stoker - Delphi Classics (Illustrated)' from the bestselling edition of 'The Complete Works of Bram Stoker'. Snake Chris Mattison, 2016-03-15 Find out about snakes from all over the world in this best-selling visual guide, with information about snake evolution, habitats, reproductive behavior, feeding, defense, and much more. Snake is the essential guide to the world of serpents, featuring more than 3,000 species. With a clean fresh look, classifications, stunning photography, and amazing artworks, this is a must-have reference for all herpetologists. Packed with fascinating facts such as physical and behavioral characteristics, this guide also includes focused profiles of 60 snakes, from the Rainbow Boa to the Tropical Rattlesnake. Each profile includes a stunning full-page photograph of the snake, supporting images to highlight important features, and a 'Fact File' sidebar to give at-a-glance information. Plus, a complete directory lists all known species of these fascinating reptiles, including venomous snakes such as cobras. Snake is a beautiful and comprehensive guide to some of nature's most compelling animals.

Snakes of the World Coloring Book Jan Sovak, Coloring Books, 1995 Over 40 species. Add your colors to the king cobra, black mamba, boa constrictor, puff adder, Indian python, milk snake, garter snake, and many more. Captions.

Flying Snakes and Griffin Claws Adrienne Mayor, 2022-07-26 A treasury of astonishing mythic marvels—and the surprising truths behind them Adrienne Mayor is renowned for exploring the borders of history, science, archaeology, anthropology, and popular knowledge to find historical realities and scientific insights—glimmering, long-buried nuggets of truth—embedded in myth, legends, and folklore. Combing through ancient texts and obscure sources, she has spent decades prospecting for intriguing wonders and marvels, historical mysteries, diverting anecdotes, and hidden gems from ancient, medieval, and modern times. Flying Snakes and Griffin Claws is a treasury of fifty of her most amazing and amusing discoveries. The book explores such subjects as how mirages inspired legends of cities in the sky; the true identity of winged serpents in ancient Egypt; how ghost ships led to the discovery of the Gulf Stream; and the beauty secrets of ancient Amazons. Other pieces examine Arthur Conan Doyle's sea serpent and Geronimo's dragon; Flaubert's obsession with ancient Carthage; ancient tattooing practices; and the strange relationship between wine goblets and women's breasts since the times of Helen of Troy and Marie Antoinette. And there's much, much more. Showcasing Mayor's trademark passion not to demythologize myths, but to uncover the fascinating truths buried beneath them, Flying Snakes and Griffin Claws is a wonder cabinet of delightful curiosities.

The Yellow Snake, or The Black Tenth Edgar Wallace, 2022-09-15 'The Yellow Snake', also known as 'The Black Tenth', is a thriller novel by Edgar Wallace. The story begins at a house in Siangtan, owned by Joe Bray's. Joe was unique even in China, to which so many unusual personalities have drifted since the days of Marco Polo. The house was of stone and had been designed by

one Pinto Huello, a drunken Portuguese architect, who had left Portugal in circumstances discreditable to himself, and had drifted via Canton and Wuchau to this immense and untidy town. The general theory is that Pinto drew his plans after a night of delirium in a paradise of smoke, and had amended them in remorse. The change of plans came when the building was half erected, so that the portion of 'Northward' which had so strong a resemblance to the porcelain tower, stood for Pinto in his unregenerate mood, and all that had any likeness to a riverside go-down fairly represented the erratic Portuguese in the period of reaction.

Memoirs of a Book Snake David Meyer,2001 The author describes his passion for book collecting, which has taken him around the world in search of rare books, finding treasures and meeting interesting people along the way.

The Snake Charmer Jamie James,2008-06-03 Although it was still too dark to see well, Joe absentmindedly thrust his right hand into the sack to extract the specimen and have a look. Immediately, he winced with pain and yanked out his hand. A tiny black-and-white banded snake, less than ten inches long, was dangling limply from his middle finger, its fangs still sunk into his flesh. In the fall of 2001, deep in the jungle of Burma, a team of scientists is searching for rare snakes. They are led by Dr. Joe Slowinski, at forty already one of the most brilliant biologists of our time. It is the most ambitious scientific expedition ever mounted into this remote region, venturing into the foothills of the Himalayas. The bold undertaking is brought to a dramatic halt by the bite of the many-banded krait, the deadliest serpent in Asia. In the moment he pulled his hand from the specimen bag and saw the krait, Joe knew that his life was in grave and imminent peril. Thus began one of the most remarkable wilderness rescue attempts of modern times, as Joe's teammates kept him alive for thirty hours by mouth-to-mouth respiration, waiting for a rescue that never came. A daredevil obsessed with venomous snakes since his youth, Slowinski was a modern-day adventurer who rose quickly to the top of his field, discovering many previously unidentified snake species in his brief yet exhilarating career. The Snake Charmer is at once brilliant biography and exotic travel literature, blended with an accessible introduction to the bizarre, fascinating-and sometimes controversial-world of snake science. The narrative transports the reader into primeval wilderness, from the Everglades to Peru to Burma, in search of rattlesnakes and boa constrictors, kraits and cobras. Joe Slowinski's career was fast and exciting, his tragic final expedition a pulse-pounding struggle between man and nature. In The Snake Charmer, renowned journalist and author Jamie James captures the life and death of this charismatic, endlessly fascinating man. Exhaustively researched in interviews with Slowinski's colleagues and family, and the author's own trek into the wilds of Burma, this is narrative nonfiction in the tradition of Into the Wild and The Perfect Storm.

Snakes of Virginia Donald W. Linzey,2002 The classic field guide to snakes found in the Old Dominion, now available in paperback.

The Snake Book Mary Ling,Mary Atkinson,1997 For those who are fascinated by snakes but too frightened to approach them, this book captures these incredible creatures. Each spread is transformed into a box displaying the extraordinary colours, shapes and textures of a writhing, coiling snake. Snakes have a very simple design, yet their variety is immense. The reticulated python is heavy bodied, while the green cat snake is thread thin.

The rainbow boa sparkles with iridescence and the mangrove snake flaunts startling warning colours. The text design works with the shape of each snake. By explaining its different features, the reader can discover how each snake is particularly suited for its habitat, lifestyle and method of hunting.

Living Snakes of the World in Color John M. Mehrtens, 1987 Offers facts about the habitat, geographic range, and natural history of the world's serpents.

Snakes and Snake Hunting Carl Kauffeld, 1995-01-01 This work recounts some of the trips Carl Kauffeld made over the years, from the Okeechobee swamps of Florida, to the barren Arizona desert and New York State's Dutchess County. A retrospective by Robert T. Zappalorti has been added to this reprinted edition.

The Serpent's Tale Gregory McNamee, 2000 "We travel the world," writes Gregory McNamee, "and wherever we go there are snake stories to entertain us." Here are some fifty diverse and unusual accounts of serpents from cultures across time and around the globe: snakes that talk, jump, and dance; snakes that transform into other creatures; snakes that just . . . watch. Many selections are drawn from the rich oral traditions of peoples in every clime that supports reptiles, from the Akimel O'odham of North America to the Mensa Bet-Abrahe of Africa to the Mungkjan of Australia. Included as well are such writings as prayers from the Egyptian Book of the Dead, fairy tales collected by the Brothers Grimm, a poem by Emily Dickinson, and a journal entry by Charles Darwin. What we read about snakes in *The Serpent's Tale* is just as fascinating for what it says about us, for there always will be something primordial about our connection to them. That bond is evident in these stories: in how we associate snakes with nature's elemental forces, how we attribute special qualities to their eyes and skin, and how they preside over all phases of our existence, from creation to death to resurrection.

It's All About... Slithering Snakes Editors of Kingfisher, Kingfisher Books, 2017-10-17 Profiles snakes, providing information on vipers, rattlesnakes, boas, and pythons.

Australian Snakes Richard Shine, 1995 Drawing on years of experience and an impressive grasp of the literature, Richard Shine covers the day-to-day lives of snakes, discussing their anatomy, evolution, and habitat, and describing their behavior, sex habits, life history, and diet.

Great-Snakes William Caine, 2015-07-11 Excerpt from *Great-Snakes: A Variation on a Classical Theme* Mr. Bouverie woke, unrefreshed and gazed vacantly about the room, blinking. For a few moments it occurred to him that he was still dreaming, for his eyes lit on none of those objects with which, on their first opening for the day, they were familiar. To begin with, this was not his bedroom. It was not, indeed, anybody's bedroom. It was a sitting-room. The seven dozen of assorted photographs, calling cards, and invitations which fringed the mirror, the cottage piano, the solid round table in the middle of the floor, the microscope on the roll-top desk, the stuffed trout on one side of the fireplace and the case of missel thrushes on the other, the butterfly-cabinet on the what-not, the syphon and decanter on the sideboard. Mr. Bouverie rose unsteadily to his feet. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology

to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Snake James Marshall,2000 Because he is different from all the other students Little Snake is ostracized at school until he overhears a plot to rob the bank and saves the day.

Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files</p>	<p>that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Snake Classics free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and</p>

networking within the academic community. When it comes to downloading Snake Classics free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Snake Classics free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity

of the source before downloading Snake Classics. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Snake Classics any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Snake Classics Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Snake Classics is one of the best books in our library for free trial. We provide a copy of Snake Classics in digital format, so the resources that you find are reliable. There are also many eBooks of related works with Snake Classics. Where to download Snake Classics online for free? Are you looking for Snake Classics PDF? This is definitely going to save you time and cash in something you should think about. If you're trying to find then

search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Snake Classics. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Snake Classics are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or

niches related with Snake Classics. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Snake Classics To get started finding Snake Classics, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Snake Classics So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Snake Classics. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Snake Classics, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they

juggled with some harmful bugs inside their laptop. Snake Classics is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Snake Classics is universally compatible with any devices to read.
