The Snake Den Nikki Rae,2016-05-30 The small wooden box is dirty, the size of a human fist, and sealed with wax. When Corbin takes it upon herself to clean it and break the seal, a voice she has tried to ignore gathers strength. The Snake Den Chuck Tyrell,2016-07-29 The Snake Den Western by Chuck Tyrell This book has 301 paperback pages. Arizona, 1882. Falsely accused of theft, 14 year old Shawn Brodie is sent to serve three years in the Hellhole called Yuma Territorial Prison. Lamb to the slaughter, maybe? The Mexican Zapata wants to stick him with a knife, the warden wants him to mend his thieving ways, and the sergeant of the guard wants to get into Shawn's pants. If he won't do what Sergeant Tarkington wants, he'll end up in the Snake Den, a cube of iron straps hung from the ceiling of a dark cave. If he doesn't do what Zapata says, he'll end up with a nail sticking out of his eye. If he can't convince the warden that he's not a thief, he'll spend his days tromping Colorado River mud to make adobe bricks. Is his young life going to be made up of beatings, rape, and incarceration in the deadly Snake Den? The odds seem stacked against young Shawn ever getting out of Yuma Prison alive. The Mexicans hate the whites, the Chinamen and blacks stay out of the way, and the whites fight among themselves. Somehow, Shawn must learn how to defend himself, and chance throws him in with Shoo Lee, a cellmate, an Oriental proficient in the barehanded fighting technique Kara Ti. Perhaps if he becomes Shoo Lee's disciple he can endure... Remarkable. A page turning thriller set in a frontier prison where a boy convict learns about the tough world of survival as he grows into a man. Told with gritty courage and honesty - a surprising blend of East and West, it's a coming-of-age story like none you've ever read. - Corinne Joy Brown, author of McGregor's Lantern, Sanctuary Ranch, and Come and Get it! Though young, Shawn has the strong moral fiber to survive, no matter what comes his way. Chuck Tyrell has produced a memorable hero and a grim, gritty yet very real tale of brutality leavened with kindness, despair salved with hope, and ultimately an inspiring testament to a young boy's journey into manhood. - Ross Morton, author of The \$300 Man Chuck Tyrell has brought authenticity and poignancy to a western with a difference... - Jack Martin, author of The Ballad of Delta Rose.

Introducing an exciting perspective on the important work of scientists in all areas of research and study. Scientists in the Field show people immersed in the unpredictable and dynamic natural world, making science more accessible, relevant, and exciting to young readers. Simon Thorn and the Viper's Pit Aimée Carter,2018-02-06 Simon Thorn has only recently discovered that he's an Animalgam, a member of a secret race of people who can shift into animals, and found a home where he truly belongs at the Animalgam academy. But not everything is as good as it seems. Simon's evil grandfather, Orion, is bent on taking over the entire animal kingdom, and to do so, he'll need to gather the pieces of a terrible weapon--one that could shred the very foundations of the Animalgams' world. . . unless Simon can gather the pieces first. And that's not all. Orion has kidnapped Simon's mother, and if Simon has any hope of rescuing her, he'll need to head cross-country with his friends, battling rogue Animalgams and their own doubts along the way. With dangers around every corner, it will be harder and harder for Simon to keep Orion from succeeding in his plot before it's too late. America's Snake Ted Levin,2016-05-12 The ominous rattle of the timber rattlesnake is a chilling shorthand for imminent danger, and a reminder of the countless ways that nature can suddenly snuff us out. Though they're found in thirty-one states, and near many major cities, in contemporary America timber rattlesnakes are creatures mostly of imagination and innate fear. Levin takes us from labs where the secrets of the snake's evolutionary history are

being unlocked to far-flung habitats to explore the painful struggles involved in protecting and preserving its natural world.

Charlie, his older sibling - a villain on the run, living the high life with the rest of his crew but all too aware that the heavy hand of justice is but one misstep away. Can the two brothers reconcile their differences and rekindle their childhood bond to save each other from a litany of threats? Or will the dark temptations of The Costa del Crime be the end of them and everyone they care about?

Pit of Vipers Carolyn Keene,2008-05-06 River Heights is in a complete uproar when the local zoo reports that one of its exotic and very venomous snakes has been snake-napped! Nancy isn't sure what to think of all this - until Charles appeals to her to help him prove his innocence. She can't resist taking the case. If he really is innocent, perhaps she can help clear his name. If he's guilty, she'll be able to satisfy herself to that fact as well.

America's Snake Ted Levin,2016-05-12 The acclaimed naturalist offers an in-depth profile of the timber rattlesnake, from its unique biological adaptations to its role in American history. The ominous rattle of the timber rattlesnake is one of the most famous—and terrifying—sounds in nature. Today, they are found in thirty-one states and many major cities. Yet most Americans have never seen a timber rattler, and only know them from movies or our frightened imaginations. Ted Levin aims to change that with America’s Snake. This portrait of the timber rattler explores its significance in American frontier history, and sheds light on the heroic efforts to protect the species against habitat loss, climate change, and the human tendency to kill what we fear. Taking us from labs where the secrets of the snake’s evolutionary adaptations are being unlocked to far-flung habitats that are protected by dedicated herpetologists, Levin paints a picture of a fascinating creature: peaceable, social, long-lived, and, despite our phobias, not inclined to bite. The timber rattler emerges here as an emblem of America, but also of the struggles involved in protecting the natural world. A wonderful mix of natural history, travel writing, and exemplary journalism, America’s Snake is loaded with remarkable characters—none more so than the snake itself: frightening, fascinating, and unforgettable.
