**The Circle of the Snake** Grafton Tanner,2020-12-11 Shocked by 9/11, the Great Recession, digital anxiety, and ecological collapse, the West suffers from nostalgia. People everywhere yearn for a utopian version of the past that never existed. Desperate for relief, many long to escape from the present. Some will stop at nothing to achieve it. In his essential new book, Grafton Tanner, author of *Babbling Corpse: Vaporwave and the Commodification of Ghosts*, argues that our nostalgia today is partly a consequence of the attention economy. At a time when historical literacy is crucial, and old prejudices are percolating into the present, Big Tech's predictive algorithms are locking us into nostalgic feedback loops. The result is a precarious society with its gaze fixed on the good old days. Spanning from the ancient Sophists to *Black Mirror*, *The Circle of the Snake* is at once a reckoning with the myth of digital utopia and an incisive analysis of nostalgia as a weapon to spread fascism.

*Babbling Corpse* Grafton Tanner,2016-06-24 In the age of global capitalism, vaporwave celebrates and undermines the electronic ghosts haunting the nostalgia industry. Ours is a time of ghosts in machines, killing meaning and exposing the gaps inherent in the electronic media that pervade our lives. Vaporwave is an infant musical micro-genre that foregrounds the horror of electronic media's ability to appear - as media theorist Jeffrey Sconce terms it - haunted. Experimental musicians such as INTERNET CLUB and MACINTOSH PLUS manipulate Muzak and commercial music to undermine the commodification of nostalgia in the age of global capitalism while accentuating the uncanny properties of electronic music production. *Babbling Corpse* reveals vaporwave's many intersections with politics, media theory, and our present fascination with uncanny, co(s)mic horror. The book is aimed at those interested in global capitalism's effect on art, musical raids on mainstream indie and popular music, and anyone intrigued by the changing relationship between art and commerce.

**The Hours Have Lost Their Clock** Grafton Tanner,2021-10-12 *The Hours Have Lost Their Clock* charts the rise of nostalgia in an era knocked out of time. In *The Hours Have Lost Their Clock*, Grafton Tanner charts the rise of nostalgia in an era knocked out of time. Nostalgia is the defining emotion of our age. Political leaders promise a return to yesteryear. Old movies are remade and cancelled series are rebooted. Veterans reenact past wars, while the displaced across the world long for home. But who is behind this collective ache for a home in the past? Do we need to eliminate nostalgia, or just cultivate it better? And what is at stake if we make the wrong choice? Moving from the fight over Confederate monuments to the birth of homeland security to the mourning of species extinction, Grafton Tanner traces nostalgia's ascent in the twenty-first century, revealing its power as both a consequence of our unstable time and a defense against it. With little faith in a future of climate change and economic anxiety, many have turned to nostalgia to weather the present, while powerful elites exploit it for their own gain. An exploration into the politics of loss and yearning, *The Hours Have Lost Their Clock* is an urgent call to take nostalgia seriously. The very future depends on it.

Don "The Snake" Prudhomme: My Life Beyond the 1320 Elana Scherr,Don Prudhomme,2020-10-16 Don The Snake Prudhomme reveals for the first time ever his incredible life and career on and off of the drag strip.

Imagine spending a year with Don The Snake Prudhomme, having coffee together and talking about his life, his racing, his friends, and his family. He'd tell you about how he rose from being a high school drop-out who was painting cars to a respected Top Fuel dragster driver and successful businessman. You'd hear how he toured the country with Tommy Ivo and The Hawaiian Roland Leong, racing all the legends from Big Daddy Don Garlits to The Golden Greek [Chris] Karamesines. He'd say how he met Tom McEwen and recall how they became the Snake and the Mongoose, leading to a career in Funny Cars that netted him four championships in a row. He'd talk about the thrill of first wins and owning his own teams but also the struggles of bad seasons, crashes and fires, broken parts, and broken contracts. Along the way, he'd speak about the people in his life, such as engine-builder Keith Black and NHRA president Wally Parks, and those who were killed in the wild and unpredictable sport of nitro racing. It wouldn't be only racing, though. Prudhomme would share lessons he learned about business and life from such varied sources as a neighbor in Granada Hills to Ford GT40 driver Dan Gurney. He also would talk about the importance of family: how his wife, Lynn, and daughter, Donna, changed his world and how finding out about his African-American roots opened his eyes to a culture and inheritance he'd always wanted. This is the experience you'll get in *Don The Snake Prudhomme: My Life Beyond the 1320*.

Remediating Sound Holly Rogers,Joana Freitas,João Francisco Porfírio,2023-09-07 *Remediating Sound* studies the phenomena of remixing, mashup and recomposition: forms of reuse and sampling that have come to characterise much of YouTube's audiovisual content. Through collaborative composition, collage and cover songs to reaction videos and political activism , users from diverse backgrounds have embraced the democratised space

of YouTube to open up new and innovative forms of sonic creativity and push the boundaries of audiovisual possibilities. Observing the reciprocal flow of influence that runs between various online platforms, 12 chapters position YouTube as a central hub for the exploration of digital sound, music and the moving image. With special focus on aspects of networked creativity that remain overlooked in contemporary scholarship, including library music, memetic media, artificial intelligence, the sonic arts and music fandom, this volume offers interdisciplinary insight into contemporary audiovisual culture.

Nina and Oli have no idea the other exists. But a catastrophic event on Earth, and a strange sickness that befalls Oli's best friend, will drive their worlds together in ways they haven't been in centuries. And there are some who will kill to keep them apart. Darcie Little Badger introduced herself to the world with *Elatsoe*. In *A Snake Falls to Earth*, she draws on traditional Lipan Apache storytelling structure to weave another unforgettable tale of monsters, magic, and family. It is not to be missed.

Snakecharm Amelia Atwater-Rhodes,2007-05-08 ZANE COBRIANA, COBRA shapeshifter, thanks the gods every day for Danica, his hawk pair bond, and the peace their union has brought to the avian and serpiente. Soon, Danica will have a child to carry on their royal line. But what should be a happy time is riddled with doubt. Syfka, an ancient falcon, has arrived from Ahnmik claiming that one of her people is hidden in their midst. The falcons are more powerful than the avians and serpiente combined, and Syfka shows nothing but contempt for Zane and Danica's alliance. To Zane's horror, his own people seem just as appalled as Syfka is by the thought of a mixed-blood child becoming heir to the throne. Is Syfka's lost falcon just a ruse to stir up controversy among them? The truth lies somewhere in their tangled pasts—and the search will redefine Zane and Danica's fragile future. Praise for *Hawksong*: "Atwater-Rhodes has created a stunning adventure that draws readers in and leaves them begging for more."—School Library Journal, Starred "Atwater-Rhodes takes a break from vampires to create two warring clans . . . [with] impressively complex cultures."—Publishers Weekly A VOYA Best Science Fiction, Fantasy, and Horror List selection

The Cobrasnake Mark Hunter,2022-06-07 A love letter to a time before Instagram and the legendary party scenes of the 2000s that brought together the new millennium's rising stars of pop culture. Under the moniker the Cobrasnake, the photographer Mark Hunter captured the party scenes of Los Angeles and New York during the hipster-glam heyday of the 2000s—and in doing so defined the look of a generation. Armed with just a Polaroid and a primitive website, Cobrasnake captured pioneers of youth culture from Kanye West and Steve Aoki to Jeremy Scott, Katy Perry, and Virgil Abloh—icons of the indie pop world in the making. Intimately connected with the people around him and keyed-in to the edgier fringes of the fashion, music, and art worlds, Hunter photographed influencers before they were influencers, in the wild and at play from the streets of LA to NYC and beyond. Collected here for the first time are more than three hundred of Cobrasnake's favorite images alongside ephemera, from concert tickets and backstage passes to outtakes and unseen photographs from his many adventures. These photographs are records of the last generation of partiers to predate the livestreaming of culture afforded by today's social media—capturing the energy and vibrancy of a time before Instagram.

Zeitgeist Nostalgia Alessandro Gandini,2020-11-27 We live an age of nostalgia, incarnated by populist fantasies of "taking back control" and making nations "great again. In the long aftermath of the 2007-08 economic crisis, nostalgia has been established as the cultural zeitgeist of Western society. Populist fantasies of nostalgia represent a cry for help against the demise of the societal model of the postwar era, based on stable employment and mass consumption. The promise of an impossible return to the 'good life' of the 20th century, Gandini contends, particularly appeals to the older generations, who are incapable of making sense of the evolution of Western societies after decades of globalization and neoliberal policies. The younger generations, in the meantime, are instead trying to build a new 'good life' based on another form of return, this time to old practices of craft production and consumption.

Hawksong Amelia Atwater-Rhodes,2008-12-23 DANICA SHARDAE IS an avian shapeshifter, and the golden hawk's form in which she takes to the sky is as natural to her as the human one that graces her on land. The only thing more familiar to her is war: It has raged between her people and the serpiente for so long, no one can remember how the fighting began. As heir to the avian throne, she'll do anything in her power to stop this war—even accept Zane Cobriana, the terrifying leader of her kind's greatest enemy, as her pair bond and make the two royal families one. Trust. It is all Zane asks of Danica—and all they ask of their people—but it may be more than she can give. The Adventurer's Son Roman Dial,2020-02-18 NATIONAL BESTSELLER Destined to become an adventure classic. —Anchorage Daily News Hailed

as gripping (New York Times) and beautiful (Washington Post), *The Adventurer's Son* is Roman Dial's extraordinary and widely acclaimed account of his two-year quest to unravel the mystery of his son's disappearance in the jungles of Costa Rica. In the predawn hours of July 10, 2014, the twenty-seven-year-old son of preeminent Alaskan scientist and National Geographic Explorer Roman Dial, walked alone into Corcovado National Park, an untracked rainforest along Costa Rica's remote Pacific Coast that shelters miners, poachers, and drug smugglers. He carried a light backpack and machete. Before he left, Cody Roman Dial emailed his father: "I am not sure how long it will take me, but I'm planning on doing 4 days in the jungle and a day to walk out. I'll be bounded by a trail to the west and the coast everywhere else, so it should be difficult to get lost forever." They were the last words Dial received from his son. As soon as he realized Cody Roman's return date had passed, Dial set off for Costa Rica. As he trekked through the dense jungle, interviewing locals and searching for clues—the authorities suspected murder—the desperate father was forced to confront the deepest questions about himself and his own role in the events. Roman had raised his son to be fearless, to be at home in earth's wildest places, travelling together through rugged Alaska to remote Borneo and Bhutan. Was he responsible for his son's fate? Or, as he hoped, was Cody Roman safe and using his wilderness skills on a solo adventure from which he would emerge at any moment? Part detective story set in the most beautiful yet dangerous reaches of the planet, *The Adventurer's Son* emerges as a far deeper tale of discovery—a journey to understand the truth about those we love the most. *The Adventurer's Son* includes fifty black-and-white photographs.

*Running on Red Dog Road* Drema Hall Berkheimer, 2016-04-12 "Mining companies piled trash coal in a slag heap and set it ablaze. The coal burned up, but the slate didn't. The heat turned it rose and orange and lavender. The dirt road I lived on was paved with that sharp-edged rock. We called it Red Dog. My grandmother always told me, 'Don't you go running on that Red Dog road.' But oh, I did." Gypsies, faith-healers, moonshiners, and snake handlers weave through Drema's childhood in 1940s Appalachia after Drema's father is killed in the coal mines, her mother goes off to work as a Rosie the Riveter, and she is left in the care of devout Pentecostal grandparents. What follows is a spitfire of a memoir that reads like a novel with intrigue, sweeping emotion, and indisputable charm. Drema's coming of age is colored by tent revivals with Grandpa, jitterbug lessons, and traveling carnivals, and though it all, she serves witness to a multi-generational family of saints and sinners whose lives defy the stereotypes. Just as she defies her own. *Running On Red Dog Road* is proof that truth is stranger than fiction, especially when it comes to life and faith in an Appalachian childhood.

This classic debut volume of the acclaimed series covers a diverse array of crafts and practical skills, including log cabin building, hog dressing, basketmaking, cooking, fencemaking, crop planting, hunting, and moonshining, as well as a look at the history of local traditions like snake lore and faith healing.

*What If I Were a Snake?* Jennifer Charles, 2015-01-13 What better memories are there but the moments spent with Grandpa and Grandma? Sing along with Grandpa as he teaches you lessons of life, love, and fishing on the banks of Rock Creek. Grandpa is one reason you know you can do anything you put your mind to, and you'll feel good about yourself when you do a good job. Go the extra mile, my child. Go the extra mile! Joy can be found in everything, if you wear a smile! Come along with Grandpa and remember every minute.

*America's Snake* Ted Levin, 2016-05-12 The ominous rattle of the timber rattlesnake is a chilling shorthand for imminent danger, and a reminder of the countless ways that nature can suddenly snuff us out. Though they're found in thirty-one states, and near many major cities, in contemporary America timber rattlesnakes are creatures mostly of imagination and innate fear. Levin takes us from labs where the secrets of the snake's evolutionary history are being unlocked to far-flung habitats to explore the painful struggles involved in protecting and preserving its natural world.

*The Nostalgia Factory* Douwe Draaisma, 2013-09-15 "An entertaining discussion" of the role memory plays in our lives as we age, including an interview with Oliver Sacks (Times Higher Education Supplement). When we can't call to mind the name of someone we've known for years, or walk into a room and forget what we came for, we start worrying. Are these lapses just "senior moments," or something serious like dementia? In this book, a renowned specialist explores the topic of memory in later life—not only the problems but the surprisingly unexpected pleasures it can offer, such as the "reminiscence effect." Avoiding jargon, Douwe Draaisma explains neurological phenomena and also includes a long interview with Oliver Sacks, who speaks of his own memory changes as he entered his sixties. Draaisma moves smoothly from anecdote to research and back, weaving stories and science into a compelling description of the terrain of memory and forgetfulness, dismantling myths and helping us to value the abilities of the aging mind. "For readers, the most welcome aspect of this book may be his heartening examples of the wisdom that comes with old age."—The Washington Post "He engages with topics of considerable social and psychological importance...his use of varied sources is refreshing."—Times Higher Education
