John D. Trudel

Soft Target I Conrad Jones, 2013-10 Tank begins on the banks of the River Dee in the beautiful Roman built city of Chester. An end of term university party is being held on a cruise boat, but the boat is the target of a huge terrorist attack, resulting in the death of hundreds of students. The attacks are laid firmly at the door of Islamic extremists however all is not what it seems. The attack was planned to cover the kidnapping of a Saudi Princess, in an attempt to force up the price of crude oil. Tank and the Terrorist Task Force are called in to lead the investigation. During the plot they stumble over the suspected whereabouts of their Nemesis Yasser Ahmed, and their two worlds collide with devastating results.

As thriller writers go this guy is right up at the top!! --Turf Book

Reviews Having enjoyed the first book, I was keen to see if the author could produce another book to the same standard...and I wasn't disappointed. The depth of background information is educational and well researched, the story is gripping and the characters are believable and have depth. This is an action packed, fast paced story and I did little else whilst reading it - I couldn't bear to put it down.

Congratulations to the author - can't wait for the next one. --Jo Hammond reviews Product Description An action thriller written by new author Conrad Jones. This is a page turning Terrorist Special Forces thriller and is number 1 on the kindle (War) listings. We found it a book we could not put down. The second in the series and we look forward to reading the next novel. 10/10 Real Reviews Best selling author STEPHEN LEATHER REVIEW Great fast-moving thriller, January 5, 2011 Stephen Leather -

See all my reviews (REAL NAME) This review is from: Soft Target (Soft Target Series) (Kindle Edition)

This was one of the first Kindle books that I read, and it's a corker, up to the standards of Andy McNab and Chris Ryan. Fast-paced, tight prose, it kept me hooked from start to finish. I'll definitely be reading more from this author. On March 20th 1993 the Irish Republican Army exploded two bombs outside the restaurant that he was managing resulting in the death of two young boys, who were shopping for mothers' day presents. The incident started a life time interest in to what motivates terrorists, no matter what their cause. The shocking long term effects of such attacks on innocent people echo through time.

Soft Target Hardening Jennifer Hesterman,2018-12-07 The US government spends billions of dollars to secure strategic and tactical assets at home and abroad against enemy attack. However, as hard targets such as military installations and government buildings are further strengthened, vulnerable soft targets are increasingly in the crosshairs of terrorists and violent criminals. Attacks on crowded spaces such as churches, schools, malls, transportation hubs, and recreational venues result

in more casualties and have a powerful effect on the psyche of the populace. Soft Target Hardening: Protecting People from Attack, Second Edition, continues the national dialogue started by the first edition by providing case studies, best practices, and methodologies for identifying soft target vulnerabilities and reducing risk in the United States and beyond. Soft target attacks steadily climbed in number and scale of violence since the first edition of this book. New tactics emerged, as terrorists continually hit the reset button with each attack. In this volatile, ever-changing security environment, plans to protect people and property must be fluid and adaptable. Along with new hardening tactics, such as the use of tactical deception to disguise, conceal, and divert, the author has updated the text with new case studies to reflect and respond to the fast-moving transformation in methods from more complex and organized forms of terror to simpler, yet still-devastating approaches. This book is a must-read for those who secure, own, and operate soft target facilities, and for citizens who want to protect themselves and their families from attack. Soft Target Hardening, Second Edition, was named the ASIS International Security Industry Book of the Year in 2019.

Soft Target Conrad Jones,2008 ADVENTURE / THRILLER. The novel is the sequel to Soft Target . It is an action thriller following the Terrorist Task Force, who are based at Canning Place on the banks of the River Mersey. The Task Forces lead agent is called John Tankersley, nicknamed Tank. Part two follows a plot which involves the kidnap of a Saudi Princess, by a Russian exile, trying to force the price of crude oil to rise. The Taskforce are brought in under the radar as an Islamic extremist cell is suspected of the kidnap and subsequent bombings. Intrigue and espionage uncover the jigsaw pieces, which uncover the whereabouts of the Saudi Princess, and who took her. The book is packed with action as all roads lead to Kizlyar and a final showdown between Tank and Yasser Ahmed.

Soft Target Zuhair Kashmeri,Brian McAndrew,2005-09-06 A provocative look at one of Canada's biggest tragedies On March 16, 2005, almost twenty years after one of the biggest mass murders in Canadian Aviation history, the Air-India Case concluded with a verdict that authors Zuhair Kashmeri and Brian McAndrew predicted sixteen years ago when Soft Target was first published: not guilty. In

this second edition, the two offer a detailed foreword that brings readers up-to-date with some startling new information surrounding the twin bombings on June 23, 1985 in the air over the Atlantic, and on the ground in Japan, which left 331 people dead. They offer key details from the trial of Ripudaman Singh Malik and Ajaib Singh Bagri that took place in a specially-built Vancouver courtroom, leads that were not followed up, and more details of India's intelligence service's clandestine interference in Canada. They explain how their own prediction that justice would not be found because of a botched investigation came true, and that only a public inquiry will offer closure to the families of the victims.

Soft Target Stephen Hunter, 2012 It starts out as a simple shopping trip with his fianc--e. But suddenly, retired Marine Sergeant Ray Cruz finds himself in the middle of the softest target of all -- a huge emporium outside Minneapolis where a self-styled Mumbai Brigade has come to bring massive death to the heartland. Hunter flashes over the events as if in real time: the assembly of the killer team composed of terrorists from one of the world's hellholes, but led by a nihilistic insider who knows the mall backwards and forwards and has taken over the security software as well as the vast building and

1,000 hostages; the politics of SWAT as officials argue over tactics outside while the killing goes on inside; the panic in the halls of the death zone, as hostages are herded to an amusement park. As the clock ticks on, the terrorists begin to execute their captives. What they don't know is that Ray Cruz is in the building . . .

Soft Target Hardening Jennifer Hesterman,2014-12-18 Winner of ASIS Internationals 2015 Security Book of the Year AwardTerrorist attacks occur daily and are increasingly being aimed at civilian populations around the world. Battlefield lines have been redrawn to include churches, schools, hospitals, and malls. This breach of moral boundary is shocking and invokes feartwo primary goals of terrorism.

Soft Targets and Crisis Management Michael J. Fagel,Jennifer Hesterman,2016-09-19 Uniting the best of Michael Fagel and Jennifer Hesterman's books in the fields of homeland security and emergency management, the editors of this volume present the prevailing issues affecting the homeland security community today. Many natural and man-made threats can impact our

communities—but these well-known and highly respected authors create order from fear, guiding the reader through risk assessment, mitigation strategies, community EOC planning, and hardening measures based upon real-life examples, case studies, and current research in the practice. As terrorist attacks and natural disasters continue to rock the world, Soft Targets and Crisis Management emphasizes the vulnerability of soft targets like schools, churches, and hospitals, and presents the methodology necessary to respond and recover in the event of a crisis in those arenas. Features: Based on ASIS award-winning texts Provides a multi-faceted look at crisis management principles Offers community-specific examples for diverse locales and threat centers Includes up-to-date case studies on soft target attacks from around the world A must-read for security, emergency management, and criminal justice professionals, Soft Targets and Crisis Management: What Emergency Planners and Security Professionals Need to Know is a crucial text for practitioners seeking to make the world a safer place for others.

Soft Target Stephen Hunter,2012-05-29 A follow-up to Dead Zero finds retired marine sergeant Ray Cruz confronting a band of terrorists who have taken over the Mall of America, where they begin to systematically execute more than one thousand hostages.

The Spider Shepherd Collection 2-4 Stephen Leather,2013-02-14 Three page-turning action thrillers from the bestselling Spider Shepherd series: SOFT TARGET, COLD KILL and HOT BLOOD.
Soft Target When a group of armed police in an elite unit turn maverick and start to rip off drug dealers at gunpoint, undercover cop Dan 'Spider' Shepherd is ordered to infiltrate the tight-knit team. Facing men with guns is nothing new for the former SAS trooper, but it's the first time he's had to investigate his own. As Shepherd finds himself in the firing line, he has to decide exactly where his loyalties lie. Cold Kill People-smuggling, counterfeit currency and attempted murder. It's all in a day's

work for undercover cop Dan 'Spider' Shepherd. But what starts as a run-of-the mill investigation quickly turns into a matter of life and death when he uncovers a terrorist cell on a mission of death and destruction. With the clock ticking and the explosives primed, Shepherd and his colleagues realise that to avoid catastrophe, they have to be even more merciless than the terrorists. Hot Blood Now working for the Serious Organised Crime Agency, undercover cop Dan 'Spider' Shepherd is used to putting his life on the line. But when the man who once saved his life is kidnapped in the badlands of Iraq, thrown into a basement and threatened with execution, Shepherd has to decide whether his loyalties lie with his country, his career, or his friend.

Part-2 a Soft Target and the Rogue Technology G. F N. Vagabond,2015-11-21 -An innocent civilian is subjected to gruesome torture and is pursued in Gulf, India, Africa till he agrees to work for a sinister, unknown group. Several attempts are made to kill him using the rogue technology--radioactive materials. But there were angels too. The unknown group alleges that he is a communist who works for Saddam Hussein and is also engaged in spying against his own country. A woman of the unknown

group shows her interest in clandestine arms dealers, drugs, illicit liquor. She talks of her knowledge of terror plans worldwide much before they actually happen. The strategy of the tyrant, unknown group is to make the innocents lose their belief, faith in their work, profession, education, income, family. The rogues show that they can use the technology to abuse believers in any religious place in different countries. The rogues use technology to talk in every language of the world. The rogue talk using electromagnetic waves and use atmospheric conditions, radioactive wastes, toxic gases. The abundant use can be done by tyrants or rogues close to the former. The Indian Intelligence put the innocent man under surveillance for decades, which proved to be a blessing in disguise for him.-

Soft Target John D. Trudel,2013-07 Soft Target: A Cybertech Thriller The 21st Century started off dangerous and got worse. America is working its way back, wounded, but recovering and rebuilding. Exceptionalism is a memory, but embers glow in the darkness. Hope is alive. A maverick scientist, GERRY PATTON, works alone behind tight security. Her wild card project could ensure government survival if Washington was destroyed, but it's being sabotaged. MIKE MICKELSON (Twenty Mike), a

Marine, was gravely wounded when his command post in Yemen was overrun. Now unfit for combat, he's assigned to help Gerry. Unknown enemies are watching. An attack is planned, a coup orchestrated by officials in our own government. Gerry's program could hamper their plans. Why take a chance? She's a Soft Target. Can Mike save Gerry? Can she help him heal? Can they prevent a paralyzing WMD attack?

[Bolt Action: World War II Wargames Rules](#) Warlord Games, 2016-09-22 With more than 23,000 copies sold of the first edition, this second edition of the best-selling Bolt Action World War II wargaming ruleset from Osprey and Warlord Games presents streamlined and refined rules, incorporating all the FAQs and errata compiled over four years of intensive gameplay. It is fully compatible with the existing range of supplements and also introduces new material. Written by veteran game designers Alessio Cavatore and Rick Priestley, Bolt Action provides all the rules needed to bring the great battles of World War II to your tabletop. Using miniature soldiers, tanks and terrain, you can fight battles in the shattered towns of occupied France, the barren deserts of North Africa, and

even the sweltering jungles of the Pacific. Army options are almost limitless, allowing you to build the kind of army that most appeals to your style of play, from heavily armored tank forces to lightly armed, but highly skilled infantry. The choice is yours.

Soft Target Mia Kay, 2015-11-16 Wounded FBI agent Gray Harper will honor his dead partner by returning to work—as soon as the Bureau shrink clears him for duty. In the meantime, a long vacation in his best friend's hometown sounds like the perfect distraction. But Nate Mathis has another plan. His twin sister, Maggie, has a stalker, and Gray's the only one Nate trusts to catch the bastard. Admitting she's scared would bring the cavalry, and Maggie Mathis has always taken care of herself. She certainly doesn't need a bodyguard. As far as she knows, Gray's in town to work as the Mathis family's new business manager. That she's always found her brother's friend handsome is something she'll keep to herself. Gray's real job would be a lot easier if he didn't have to keep his intentions from Maggie. It would also be easier if he didn't want to sleep with her. He certainly shouldn't have kissed

her good-night. There never should have been a second date. All too soon, the line between responsibility and pleasure blurs. Gray hates to think of Maggie in danger. He hates that he thinks about Maggie too much, and of the day he won't be there to protect her. Secrets aren't easy to keep from those you love, but Gray needs to guard several with his life...before he risks losing Maggie forever.

Soft Targets Deborah Landau, 2019-06-18 Starred Review in Publishers Weekly: Through the cadence of these poems, which sometimes resemble lullabies in their dreaminess and gorgeous lyricism, Landau captures the ways humans persist, despite our collective anxiety, in our longing for 'something tender, something that might bloom.'" Deborah Landau's fourth book of poetry, *Soft Targets*, draws a bullseye on humanity's vulnerable flesh and corrupted world. In this ambitious lyric sequence, the speaker's fear of annihilation expands beyond the self to an imperiled planet on which all inhabitants are "soft targets." Her melancholic examinations recall life's uncanny ability to transform ordinary places—subways, cafes, street corners—into sites of intense significance that weigh heavily on

the modern mind. “O you who want to slaughter us, we’ll be dead soon/enough what’s the rush,” Landau writes, contemplating a world beset by political tumult, random violence, terror attacks, and climate change. Still there are the ordinary and abundant pleasures of day-to-day living, though the tender exchanges of friendship and love play out against a backdrop of 21st century threats with historical echoes, as neo-Nazis marching in the United States recall her grandmother’s flight from Nazi Germany.

Soft Exchange Rate Bands and Speculative Attacks Mr.Alessandro Prati,Mr.Leonardo Bartolini,1998-11-01 We present a model of a “soft” exchange rate target zone and interpret it as a stylized description of the post-August 1993 ERM. Our central bank targets a moving average of the current and past exchange rates, rather than the exchange rate’s current level, thus allowing the rate to move within wide margins in the short run, but within narrow margins in the long run. For realistic parameters, soft target zones are significantly less vulnerable to speculative attacks than “hard” target zones. These predictions are consistent with the ERM’s experience and the abatement of speculative

pressure in European markets since the bands' widening in 1993.

Soft Target Scott Matthews,2017-05-05 You have to know your enemy to defeat him. You have to survive long enough to find out who it is to have a chance. When an enemy sends a surrogate to kill him, Adam Drake is caught off guard. He's used to being the hunter, not the hunted. But as the enemy keeps coming, he senses there might be more at play than just someone who wants him dead. SOFT TARGETS is the sixth book in the Adam Drake thriller series. If you like a fast moving, well-crafted plot with superb characters that's believable and front-page current, then you'll love the latest installment of Scott Matthews's page-turning thriller series.
