New Stories from the Southwest D. Seth Horton,2008 The beauty and barrenness of the southwestern landscape naturally lends itself to the art of storytellers. It is a land of heat and dryness, a land of spirits, a land that is misunderstood by those living along the coasts. New Stories from the Southwest presents nineteen short stories that appeared in North American periodicals between January and December 2006. Though many of these stories vary by aesthetics, tone, voice, and almost any other craft category one might wish to use, they are nevertheless bound together by at least one factor, which is that the landscape of the region plays a key role in their narratives. They each evoke and explore what it means to exist in this unique corner of the country. Selected by editor D. Seth Horton, the former fiction editor for the Sonora Review, from a wide cross-section of journals and magazines, and with a foreword by noted writer Ray Gonzalez, New Stories from the Southwest presents a generous sampling of the best of contemporary fiction situated in this often overlooked area of the country. Swallow Press is particularly pleased to publish this wide-ranging collection of stories from both new and established writers.

Letters from the Southwest, September 20, 1884 to March 14, 1885 Charles Fletcher Lummis,1989 Lummis' other set of letters, to the Los Angeles times, are well-known as the basis for his *A Tramp across the continent* (Chas. Scribner's Sons, 1892). These are the 24 letters written to the Chillicothe Leader. They are more robust than the Times versions, which were more deliberately crafted, more commercial. Culture in the American Southwest Keith L. Bryant,2001 If the Southwest is known for its distinctive regional culture, it is not only the indigenous influences that make it so. As Anglo Americans moved into the territories of the greater Southwest, they brought with them a desire to reestablish the highest culture of their former homes: opera, painting, sculpture, architecture, and literature. But their inherited culture was altered, challenged, and reshaped by Native American and Hispanic peoples, and a new, vibrant cultural life resulted. From Houston to Los Angeles, from Tulsa to Tucson, Keith L. Bryant traces the development of high culture in the Southwest. Humans create culture, but in the Southwest, Bryant argues, the land itself has also influenced that creation. Incredible light, natural grandeur, . . . and a geography at once beautiful and yet brutal molded societies that sprang from unique cultural sources. The peoples of the American Southwest share a regional consciousness--an experience of place--that has helped to create a unified, but not homogenized, Southwestern culture. Bryant also examines a paradox of Southwestern cultural life. Southwesterners take pride in their cultural distinctiveness, yet they struggled to win recognition for their achievements in high culture. A dynamic tension between those seeking to re-create a Western European culture and those desiring one based on regional themes and resources continues to stimulate creativity. Decade by decade and city by city, Bryant charts the growth of cultural institutions and patronage as he describes the contributions of artists and performers and of the elites who support them. Bryant focuses on the significant role women played as leaders in the formation of cultural institutions and as writers, artists, and musicians. The text is enhanced by more than fifty photographs depicting the interplay between the people and the land and the culture that has resulted.

Some Strange Corners of Our Country Charles Fletcher Lummis,1892

Beautiful Swift Fox Robert Gish,1996 The American Southwest has assumed the status of a cultural icon over the last few decades, and one of the writers who helped it to do so was Erna Fergusson, named by the Hopis Beautiful Swift Fox. An Anglo American whose travel writing featured the multi-ethnicity of her region, she popularized the culture and landscapes of her native New Mexico and its surrounding states in a range of writing that prefigured the genre-defying art that has come to be called the New Journalism.Much has been written about New Mexico's remarkable Fergusson family, especially brother Harvey and his novels. But Erna Fergusson's literary career has been largely overlooked. An iconoclast at the forefront of the Southwest Renaissance movement, Erna gained a wide reputation beginning in the 1930s for her written versions of the Southwest, which embraced the complexities of regional culture and sympathetically and intelligently portrayed the Indian and Mexican influences.Distinguished Southwestern writer Robert Franklin Gish assesses Fergusson's literary contributions and unlocks the inner workings of the prose stylist who operated at the interstices of genres. With his postmodern reappraisal of the creative nonfiction forms she used, Gish prompts readers to reconsider how they view the art of nonfiction writing. Gish argues persuasively that Fergusson's identity as a native New Mexican and the region's singular landscape informed the attitudes and values present in her art. He explores the ways her entrepreneurial stint as a New Mexico tour guide during the 1920s and 1930s shaped the organizational strategies for her writing. He considers thoughtfully her various forms of writing and how she used travelogue, journalistic report, popular history, and persuasive essay to elevate the Southwest to prominence. Gish shows her writing as highly evocative, descriptive, and metaphorical, defying the conventions of the nonfiction forms she used and paving the way for America's school of New Journalism.Beautiful Swift Fox is not strictly biography; nor does it, in a traditional sense, seek to explicate a body of work. Rather, like its subject, it bridges genres, offering a meditation on one Southwestern writer's sense of place.

Essays on the Changing Images of the Southwest Richard V. Francaviglia,David E. Narrett,1994 Contributors from diverse disciplines interpret the powerful visual and verbal images that have come to characterize the American Southwest. They discuss

changing boundaries in the region, recorded accounts of Hispanic settlers, 20th-century iconography of the area, tourists and artists in Taos, NM, and images of the Southwest in fiction and film.
