Space Ranger: Mars Lon E. Varnadore,2019-04-15 Space Ranger Rick Tavish has been given a goal, to complete his first solo mission of the Known Worlds. His first stop is Mars. And already things have gone awry when he meets Al'Kara, of the Golgoro. Things quickly spiral out of control from there as he struggles against the Thrane and ancient enemy and then with Al'Kara's own people.

Space Ranger Lon Varnadore,2020-01-11 This is not a story about science fact. This is fantastic science fiction. The old guard kind, the raypunk kind. It's one I think that should be dusted off and played with from time to time; the pulp era of science fiction, when Mars had canals, Venus held dinosaurs, and man could travel to other places in rockets or spheres coated in anti-gravity paint or even mysterious beam of energy. Where savages could hold axe and sword, fighting alongside a ray gun-toting gunfighter or Space Ranger. Space Ranger Rick Tavish has been given a goal, to complete his first solo mission of the Known Worlds. His first stop is Mars. And already things have gone awry when he meets Al'Kara, a beautiful red-skinned member of the Golgoro. Things quickly spiral out of control from there as he struggles against the Thrane of the Green Martians an ancient enemy; then with Al'Kara's own people as he helps to free her from her dark fate.

Life Henry R. Luce,1952

Sargasso of Space Andre Norton,2014-07-01 Stellar exploration—and depredation—in the exciting first novel in the Solar Queen series from a “superb storyteller” (The New York Times). In the future, venturing out into the stars is more than a way for humanity to chart the cosmos—it’s big business. Every time a new planet is discovered, the highest bidder gets first dibs with exclusive property rights for a year. Anything they can find, they can keep. The planet Limbo was considered a waste of rock to most, which is the only reason apprentice cargo master Dane Thorson and the rest of the crew of the Solar Queen could afford to bid on it. But they soon discover that Limbo is far from uninhabited, the Solar Queen is far from the first ship to explore it—and they can never leave . . . With her many beloved series, including the Solar Queen novels, Science Fiction Writers of America Grand Master Andre Norton remains “one of the most popular authors of our time” (Publishers Weekly). *Sargasso of Space* is the 1st book in the Solar Queen Series, but you may enjoy reading the series in any order.
