Spark John Twelve Hawks,2015-07-07 After a catastrophic motorcycle accident, Jacob Underwood woke up believing he was already dead. This unusual condition has a name—Cotard’s syndrome—and a surprising benefit: Feeling dead makes Jacob frighteningly good at his job. A contract employee of the multinational corporation DBG, he can now carry out his assignments with ruthless precision, untroubled by guilt, fear, dishonor or any moral conflict—the perfect skills for a hired assassin. When a bright young DBG associate vanishes without a trace, likely taking vast sums of money and valuable company information with her, Jacob will pursue her into a labyrinthine network of dark dealings which extend around the globe, and far beyond his understanding. In *Spark*, master storyteller John Twelve Hawks spins a riveting tale and delves into what it means to be human inside the modern surveillance state.

Fahrenheit 451 Ray Bradbury,2003-09-23 Set in the future when firemen burn books forbidden by the totalitarian brave new world regime.

By the time he returns home to Texas, Norwood has met his true love, Rita Lee, on a bus; befriended the second shortest midget in show business and “the world’s smallest perfect fat man?”; and helped Joann “the chicken with a college education,” realize her true potential in life. As with all Portis’ fiction, the tone is cool, sympathetic, and funny.

Wittgenstein's Metaphysics John W. Cook, 1994-01-28 Wittgenstein's Metaphysics offers a radical new interpretation of the fundamental ideas of Ludwig Wittgenstein. It takes issue with the conventional view that after 1930 Wittgenstein rejected the philosophy of the *Tractatus* and developed a wholly new conception of philosophy. By tracing the evolution of Wittgenstein's ideas, Cook shows that they are neither as original nor as difficult as is often supposed. Wittgenstein was essentially an empiricist, and the difference between his early views (as set forth in the *Tractatus*) and the later views (as expounded in the *Philosophical Investigations*) lies chiefly in the fact that after 1930

he replaced his early version of reductionism with a subtler version. So he ended where he began, as an empiricist armed with a theory of meaning. This iconoclastic interpretation is sure to influence all future study of Wittgenstein and will provoke a reassessment of the nature of his contribution to philosophy.

Enduring Sparks Ana Jaye, 2004-12 Years of carefree backyard campouts come to a sudden halt when a terrifying creature confirms Dinby's childhood suspicion that monsters really do exist. No one believes that she and her best friend Anna are in grave danger. The strange thing appears out of thin air and relentlessly follows the fourteen year olds. They have no choice but to find out what it is up to. Backwoods locals, who do not fit well into society, secretly track them and cause great trouble. Dinby and Kyle, the new boy from school, are thrown into an odd world without a clue how to get back home.

The Ezra Scroll Mark Leslie Shook, 2013-08 In 2009, U.S. Marine Sergeant Ron Keller is advising an Iraqi Police unit in Fallujah, when he discovers an ancient Hebrew scroll. Knowing the Iraqis will not be overjoyed at any discovery that reminds them of the presence of Jews in Iraq for thousands of years, he removes the scroll without anyone's knowledge. Determined to discover the authenticity and meaning of the scroll, Keller covertly summons help from a navy rabbi and an Iraqi-born professor, unaware that more than 2,500 years ago, two scribes set out to rescue sacred scrolls from a burning temple amid the uncertainty of the Babylonian conquest. After the brothers divide the scrolls and leave on separate journeys to hide them, each experiences triumph and tragedy while attempting to ensure the survival of the parchments until the fortunes of Judah are restored. In this thriller, the modern discovery of an ancient text reveals both long-held secrets and the identity of the author of the original Five Books of Moses.

Your Bed or Mine? Kate Hoffmann, 2013-02-15 The thrill of the

unexpected... Caley Lambert didn't expect that a few nights at the family cottage for her sister Emma's wedding would turn her life upside down. But that was before she got lost in the dark, was propositioned by a cop and ended up in the wrong bed with the brother of the groom. When she and Jake Burton were teenagers, Jake had been the perfect boy next door—and the object of Caley's most daring fantasies. But that was back when she was a kid. Caley's definitely over him now. Or so she thinks... Because the perfect boy is all man now. Not to mention an endlessly inventive lover... Looking for more red-hot reads? Deadly Force Carsten Stroud, 2012-02-22 A riveting and disturbing true account of Federal Marshal Luke Zitto, whose hunt for a vicious killer leads him to a man who raped a fellow marshal, only to discover that one of these criminals is being protected by the government.

The Lion Shares Charles A. Mazzarella, 2010-06-08 This is a collection of short stories covering just a few subjects in life, spanning the range of emotions. It is the author's wish that you enjoy the variety of stories, poems, and plays that dwell within the pages of this book. Inspiration for the words came from dreams, observations in life, and a glimpse of what may happen yet. The author wants to point out that a few of the characters speak in a very real way, and language perhaps inappropriate to younger readers will be found within. However, the characters were depicted as real and speak plainly and how they would converse if you were introduced to them. Heartfelt appreciation is given to the author's parents, sister, friends, and extended family members, both alive and deceased. They influenced the ideas of some stories and have been immortalized in spirit. The author would also like to send thanks to God, the Creator, Who made the brain of the author become inspired by the life he has lived, so far. Always remember that you may not know how you affect the life of another. Life is what we make of it. May you be given the

opportunities to show others your potential and try to make a difference. Never forget: everyone you meet has a story to tell. It is up to them to want to tell the story, and up to you to care enough to listen, read about it, write it down, and remember. Thank you for the purchase of this book.

Chattanooga's Robert Sparks Walker Alexandra Walker Clark, 2013-08-20 The legend that was Robert Sparks Walker began in a log cabin outside Chattanooga called Spring Frog Cabin, a humble abode built by a Cherokee naturalist in 1750. Walker would continue in the footsteps of that Cherokee to become synonymous both with Chattanooga and nature, penning thousands of articles, poems and books as a naturalist. Nominated for a Pulitzer Prize, Walker gained international fame for his work, yet his largest impact remains in his native Tennessee. He helped to found the Chattanooga Audubon Society, including preserving his childhood home through Audubon Acres. Walker is remembered throughout the state for his nationally syndicated nature column, and the Lifetime Achievement Award for Environmental Stewardship is given in his name. His life was one of adventure, reflection and a deep devotion to the understanding and preservation of nature. Local author Alexandra Walker Clark, granddaughter of Robert Sparks Walker, celebrates the life of this Scenic City pioneer.
