Something Rotten Alan M. Gratz,2009-01-08 Denmark, Tennessee, stinks. The smell hits Horatio Wilkes the moment he pulls into town to visit his best friend, Hamilton Prince. And it's not just the paper plant and the polluted river that's stinking up Denmark: Hamilton's father has been poisoned and the killer is still at large. Why? Because nobody believes that Rex Prince was murdered. Nobody except Horatio and Hamilton. Now they need to find the killer, but it won't be easy. It seems like everyone in Denmark is a suspect. Motive, means, opportunity--they all have them. But who among them has committed murder most foul?

Spin the Bottle Service Kirsten Moxness,Paul Moxness,2021-06-23 Airports, hotels, bars, and restaurants all present opportunities for hospitality to touch the life of a stranger. In our increasingly data-driven world, we've created systems to quantify, digitize, and calculate how to get the most out of these moments of interaction, but is data really the only way to know if we're truly being of service? Smart hoteliers and restaurateurs understand the power of personal interactions, and as the drive to digital speeds up, the ability to craft a meaningful human interaction will be a big differentiator in the market battle for guest satisfaction and retention. Using examples from over thirty years of international travel and experience in the hospitality industry, Kirsten and Paul Moxness explore key elements of creating personal experiences for guests, including: - Making genuine gratitude a natural and contagious habit - Respecting upgrades and freebies, and handling necessary downgrades - Encouraging supportive teams and empowering each employee to provide exceptional experiences - Taking a compassionate and proactive approach to safety and crisis management and resolving problems Digital cannot replace human interaction, and hospitality is all about making memorable moments of personal experience. Spin the Bottle Service is here to show you that making the most of the touchpoints beyond digital can be as easy as a twist of the wrist.

Only the experiment gets messy, and Stephen will have to come clean if he wants to win one girl's heart in this heartfelt and funny YA debut. Stephen Luckie isn't so lucky in love. He's completely inexperienced when it comes to girls, and wonders if his tics - caused by Tourette's Syndrome - are the reason. Then a game at a party reveals that his body goes still while kissing. Using the scientific method drilled into him by his scientist father, Steven begins the best experiment ever--one that involves kissing as many girls as possible. Who knew science could be so fun? But when the experiment gets underway, Stephen begins to question how he treats girls - and if his tics have been standing in his way at all. With two girls interested in him, he has to figure out what really matters to him and what he'll risk - and gain - by being his true self.

Ten years ago, Zelda led a band of merry adventurers whose knacks let them travel to alternate realities and battle the black rot that threatened to unmake each world. Zelda was the warrior; Ish could locate people anywhere; Ramon always knew what path to take; Sarah could turn catastrophe aside. Keeping them all connected: Sal, Zelda's lover and the group's heart. Until their final, failed mission, when Sal was lost. When they all fell apart. Ten years on, Ish, Ramon, and Sarah are happy and successful. Zelda is alone, always traveling, destroying rot throughout the US. When it boils through the crack in the Liberty Bell, the rot gives Zelda proof that Sal is alive, trapped somewhere in the alts. Zelda's getting the band back together—plus Sal's young cousin June, who has a knack none of them have ever seen before. As relationships rekindle, the friends begin to believe they can find Sal and heal all the worlds. It's not going to be easy, but they've faced worse before. But things have changed, out there in the alts. And in everyone's hearts. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

For Jessica and her husband Jason, a series of unrelenting heartbreaks struck, beginning with their baby's diagnosis with a life-changing disability. Just a few short years later, thirty-three-year old Jason lay in a hospital bed, battling a Glioblastoma brain tumor. And within the span of six years of marriage, Jessica became a widow left alone to care for their four young children, including one with special needs. But the story doesn't end there. In the midst of storm after storm, Jessica stubbornly clung to God, and she found him to be faithful. Enter Ryan Ronne, a young widower and father of three. Ryan had also lost his spouse to brain cancer-in fact, around the same time Jessica's husband, Jason, had succumbed to the disease. Just as the idea of sunlight burning at midnight sounds impossible, so it seemed unlikely anything beautiful could arise from their devastation. But a new love story emerged, along with a combined family that now numbers eight children. As featured on the Today Show, theirs is an inspiring and encouraging story of faith. Here, Jessica Ronne tells her riveting story of finding hope amid havoc, and of the surprising ways that pain often commingles with joy.
