**Square Peg** Todd Rose,2013-03-05 In the seventh grade, Todd Rose was suspended-not for the first time-for throwing six stink bombs at the blackboard, where his art teacher stood with his back to the class. At eighteen, he was a high school dropout, stocking shelves at a department store for \$4.25 an hour. Today, Rose is a faculty member at the Harvard Graduate School of Education. Square Peg illuminates the struggles of millions of bright young children--and their frustrated parents and teachers--who are stuck in a one-size-fits-all school system that fails to approach the student as an individual. Rose shares his own incredible journey from troubled childhood to Harvard, seamlessly integrating cutting-edge research in neuroscience and psychology along with advances in the field of education, to ultimately provide a roadmap for parents and teachers of kids who are the casualties of America's antiquated school system. With a distinguished blend of humor, humility, and practical advice for nurturing children who are a poor fit in conventional schools, Square Peg is a game-changing manifesto that provides groundbreaking insight into how we can get the most out of all the students in our classrooms, and why today's dropouts could be tomorrow's innovators.

Square Peg Orrin Hatch,2002-10-16 Anecdotal, soul-searching, at times hilarious, this is a unique and surprising book from one of the great political mavericks of our time.--BOOK JACKET.

**Square Peg** Albert Truesdale,2012 In Square Peg, well-respected educators, pastors, and ministry leaders demonstrate the distinct differences between Wesleyan theology and Fundamentalism through historical, biblical, scientific, and theological exposition.

Square Peg in a Round Hole Bruce H. Joffe,2008-01-23 Life, in some ways, has been more complicated for those of us who are baby boomers ... especially if we're "different" and grew up on that side of the Stonewall. Come out? Why, most of us couldn't even join in. Rather, we tried to deny ourselves, hoping the burdensome secret would soon depart. It never did. So, we turned to prescription drugs, self-inflicted voodoo, and pejorative prayer. Mostly, though, we married--expecting that wives, wedding rings, and children would add legitimacy to our lives and help keep the demons at bay. None of that worked. And, sadly, others were also hurt by the deception. Though our options may be greater now, it's still challenging being one more offbeat member in a much-maligned cast. Yet with each new voice that joins the chorus, we move another step closer toward embracing the inalienable and reclaiming souls lost. Listen: I can't carry a tune but, please, let me sing! Great first review from The Augusta Free Press: AugustaFreePress And here's what the Staunton News-Leader said: StauntonNews-Leader When Sexual Orientation and Identity Conflict... Men May Marry, Yet Carry-On Clandestinely with Other Men Many middle-aged men are intimately involved with other men. Married or not, most of them tragically choose anonymity over acknowledging their true selves to others and, often, even themselves. Why are these men so secretive and afraid of revealing their sexual orientation? Because they grew up at a time when culture and society exorcised homosexuality, treating homosexual men and lesbians as lepers: sick, reprobate, reprehensible pariahs. So their sexual behavior, orientation, and identity conflict and increasingly collide. That's the thesis of Bruce H. Joffe, a college professor whose new tell-tale book is a memoir about myriad masked men supposedly "straight" but actually same-sex oriented. Square Peg in a Round Hole follows the author's attempts to delude himself and loved ones, tracing his experiences rejecting, confronting, and ultimately embracing the man he now believes God meant him to be all along. For Joffe and many men like him, the challenge required reconciling religious beliefs with his innate predisposition. An enigma within an enigma, Joffe is a Gay Jewish-Christian whose academic focus has been on Sexual Minority Studies for the past ten years. The connection enabled him to meet many men from the baby boom generation still struggling with their sexuality--online, in support groups, at churches, and through other social networks. Married with children or still single, politicians, celebrities, sports figures, and even evangelical leaders are now coming out and confessing ... or being forced to do so. Dropping a political bombshell, former New Jersey Governor James McGreevey announced his resignation after revealing that he is gay and that he'd had an adulterous affair with another man. Spokane Mayor Jim West, Florida Congressman Mark Foley, and Idaho Senator Larry Craig similarly symbolized political anathema and personal grief when their suppressed sexuality became public fodder for the media frenzy. The Rev. Paul Barnes, senior pastor of Grace Chapel, an evangelical Colorado mega-church, resigned following a phone call outing him to the church. "I have struggled with homosexuality since I was a five-year-old boy," Barnes said, according to the Denver Post. "I can't tell you the number of nights I (had) cried myself to sleep, begging God to take this aw

**Square Peg, Round Hole** Michael Heath, 2014 Mike lived in a lovely town, in a lovely house with parents who made him lovely sandwiches every day to take to his lovely job in his lovely car. In his late twenties he knew this wasn't right. What a saddy! He would sit in his sales show room dreaming about an exotic existence fraught with danger where people were scared of him. This last bit was of particular importance and he still doesn't know why. Finally he could take no more and did something about it. Mike takes you on a very unique journey of various experiences and how it taught him to man up to life in fulfilling his own personal dream goal of becoming a bad boy. A sort of riches to rags mentality in undoing his preciousness and adopting a better to be someone for a day than no one for a lifetime approach, achieving an inner contentment that so many of us are so afraid of reaching for.

**The Square Pegs** Irving Wallace, 2021-03-20 Irving Wallace herein presents the stories of "some Americans who dared to be different"— crackpots, perhaps, all of them, but also exceedingly diverting people to meet, know, and watch as they pursue their peculiar activities. This picturesque and wacky crew is brilliantly dealt with in these nine chapters: In Defense of the Square Peg Wherein we meet Wilbur Glenn Voliva, who believed the Earth was flat, and wherein we learn the need for encouraging individualism and nonconformity. The King of Thirty-Sixth Street Wherein we meet Baron James A. Harden-Hickey, American ruler of Trinidad, who became an authority on the art of suicide. The Man Who Was Phileas Fogg Wherein we meet George Francis Train, millionaire member of the Commune, who was the first man to travel around the world in eighty days. The Free Lover Who Ran for President Wherein we meet Victoria Woodhull, stockbroker, spiritualist, and prostitute, who competed with Ulysses S. Grant for tenancy of the White House. The Forty-Niner Who Abolished Congress Wherein we meet Joshua Norton, self-appointed Emperor of the United States and Protector of Mexico, who issued orders to Abraham Lincoln. The Lady Who Moved Shakespeare's Bones Wherein we meet Delia Bacon, schoolteacher frustrated in love, who became the implacable enemy of the Bard of Avon. The Explorer of the Hollow Earth Wherein we meet John Cleves Symmes, hero of the War of 1812, who planned an expedition into the interior world through holes in the North and South poles. The Editor Who Was a Common Scold Wherein we meet Anne Royall, widow and author, who interviewed a Chief Executive while he was in the nude. The First in the East Wherein we meet Timothy Dexter, merchant prince and foe of grammar, who sent coals to Newcastle and published a book without punctuation.
