Dayton Ward, Kevin Dilmore

**The Star Trek: Enterprise: The Expanse** J.M. Dillard, 2003-10-01 With the mindless destruction of over seven million people, Starfleet and the crew of the Enterprise must face the fact that someone is willing to destroy the Earth and all of her people. High above the planet Earth, an alien probe appears and in an unspeakably horrific instant, releases a deadly blast that strafes the planet's surface, leaving a miles-wide, smoldering crater of destruction in its wake. Millions die in Florida, Cuba, and Venezuela, their lives blotted out in a blazing millisecond. Just as swiftly, the probe implodes and crashes on the planet surface, but the remnants provide no clue as to its origin. Who are the attackers, and what provoked them? Aboard the Starship Enterprise™, Captain Jonathan Archer learns of the destruction. His ship is called home; it is uncertain whether its mission of space exploration will continue. But before Enterprise reaches Earth, Archer is abruptly kidnapped from the bridge by the time-traveling enemies he has encountered before. He finds himself aboard a Suliban vessel, face-to-face with his old nemesis, Silik, a high-ranking individual in a battle known only as the Temporal Cold War. Silik leads him to his master, a mysterious humanoid from the far future. The humanoid claims that the attack on Earth was just a test; and the next attack will destroy Archer's home planet...unless he and the Enterprise crew stop it. To do so, they must enter a region of space called The Expanse - an area so dangerous that no ship has ever emerged from it unscathed. Vulcan crews were driven to bloodthirsty madness, Klingon crews were anatomically inverted, their internal organs exposed outside their bodies...while they still lived. Many vessels were lost, never to be heard from again. Archer faces the greatest crisis of his career: Should he believe Silik's time-traveling master, and expose his ship and crew to the perils of The Expanse, in hopes of saving Earth from destruction? And can he convince Starfleet Command and the Vulcan High Council to let Enterprise go to face her biggest challenge?

Star Trek, the Worlds of the Federation ,1989 Based on the Star Trek adventures (including Star Trek: The Next Generation) this book uses hundreds of star charts, line drawings and color illustrations to outline the history of the worlds visited by the Starship Enterprise.

Deep in the unexplored reaches of the Delta Quadrant, a surprise attack by a fierce Kazon sect leaves Captain Janeway fighting a desperate battle on two fronts: while she duels the Kazon warship in the gaseous mists of a murky nebula, an away team led by Tuvok is trapped on the surface of a wilderness planet and stalked by superior Kazon ground forces. Forced to choose between the lives of the away team and the safety of her ship, Captain Janeway reviews the most important moments of her life, and the pivotal choices that made her the woman she is today. From her childhood to her time at Starfleet Academy, from her first love to her first command, she must once again face the challenges and conflicts that have brought her to the point where she must now risk everything to put one more piece in the mosaic that is Kathryn Janeway.

**Star Trek: New Visions, Vol. 7** John Byrne, 2018-07-31 Three all-new adventures! First, pulled down to a world made entirely of water, the Enterprise is in danger of literally flooding. Spock and McCoy discover a sinister purpose behind this bizarre planet in "What Pain It Is To Drown." Then, in "The Hunger," a mysterious entity has drifted above the outer rim of the Galaxy for thousands of years, draining life from all the worlds it found there. Now, it has learned of the banquet of populous planets near the heart of the Milky Way, and is heading there at terrifying speed—with only the Enterprise standing in its way. Next, Captain Kirk has found himself all alone on the Enterprise before—but what happens when each individual member of the crew finds themselves in a similar state? And who is behind this... "Isolation?"

Star Trek Designing Starships: Deep Space Nine and Beyond Ben Robinson, 2021-08-24 The inventive concept art behind Star Trek: Deep Space Nine's titular space station, U.S.S. Defiant and dozens more ships comes to life on the page! Deep Space Nine is considered by many Star Trek fans to be the best of all the Trek shows in the franchise's illustrious 55-year history, and Star Trek Designing Starships puts the spotlight on the show's space-faring vessels. The fifth entry in Hero Collector's ongoing series of Star Trek Designing Starships, Deep Space Nine and Beyond delivers original production art and extensive interviews with the award-winning artists who created the ships and helped bring them to the screen over the course of the show's seven-year run (1993-1999) and its 176 episodes.

**Ships of the Line** Doug Drexler, Margaret Clark, 2014-12-02 In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews,

countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. violated. Its most honored captain is in disgrace, its most celebrated starship in pieces, and the crew of that ship scattered among the thousand worlds of the Federation. Thus begins the epic tale Prime Directive. Journey with Spock, McCoy, and the rest of the former crew of the Starship Enterprise to the planet where their careers ended. A world once teeming with life that now lies ruined, its cities turned to ashes, its surface devastated by a radioactive firestorm--all because of their actions. There, they must find out how and why this tragedy occurred and discover what has become of their captain.

**Star Trek: Seekers: Second Nature** David Mack, Dayton Ward, Kevin Dilmore, 2014-07-22 While scouting for new worlds in the vast Taurus Reach, the crew of the Sagittarius try to save the Tomol--a species whose members all commit ritual suicide just as they reach adulthood--from both themselves and the Klingons.

*Star Trek: Corps of Engineers: Turn the Page* Dayton Ward, Kevin Dilmore, 2006-12-28 Relaunching the adventures of the U.S.S. da Vinci, as Captain David Gold, Commander Sonya Gomez, and the rest of Starfleet's miracle workers solve the problems of the galaxy, one disaster at a time. At first, Dr. Sarjenka -- the first Dreman to graduate from Starfleet Medical Academy -- thought her posting to the da Vinci as deputy chief medical officer was a dream assignment. But her new boss, Dr. Elizabeth Lense, doesn't want her there, her mentor, Captain Gold, is surly and unapproachable, and she finds the atmosphere on the da Vinci to be radically different from what she expected. Sarjenka's trial by fire comes when the da Vinci is sent to Betrisius, where neural implants that are used to rehabilitate criminals in lieu of prisons are malfunctioning. The S.C.E. team must find a way to repair the damage -- and learn the truth behind why the implants aren't working before the planet devolves into chaos.... Beginning all-new adventures of the S.C.E.!

**Star Trek: Corps of Engineers: Foundations #3** Dayton Ward, Kevin Dilmore, 2002-08-15 STARFLEET CORPS OF ENGINEERS Concluding the all-new trilogy that tells the origin of the Starfleet Corps of Engineers! The U.S.S. da Vinci's cultural specialist, Carol Abramowitz, has always had trouble with first-contact missions, so when she expresses her concerns about dealing with the alien race the da Vinci has rescued, Captain Montgomery Scott tells her a story from the S.C.E.'s past.... A century before the heyday of the da Vinci, an engineering accident on an experimental Kelvan ship sent Scotty and an S.C.E. team led by his old friend Commander Mahmud al-Khaled into uncharted space. When a group of hostile aliens demands that they leave or face the consequences, the S.C.E. must work against the clock to repair the ship or face destruction!

**Star Trek: Ishtar Rising** Michael A. Martin, Andy Mangels, 2003-08-20 Project Ishtar -- the bold endeavor to terraform Venus, the most volatile planet in the solar system -- has reached a critical juncture. Now, with time running out, Soloman must move past the prejudice of his fellow Bynars -- who view his single status with disdain -- and find a solution before disaster strikes!
