Engineer Stimer's Report of the Last Trial Trip of the "Passaic." ,1862

Practical Contiki-NG Agus Kurniawan,2018-06-13 Explore how to develop and implement wireless server networks (WSN) using Contiki-NG, branded as the operating system for the IoT. The book explains Contiki-NG's advantages in sensing, communication, and energy optimization and enables you to begin solving problems in automation with WSN. Practical Contiki-NG is a guide to getting started with Contiki-NG programming featuring projects that demonstrate a variety of applications. This book takes a practical and content-driven approach to the latest technologies, including Raspberry Pi, IoT and cloud servers. Readers will go through step-by-step guides and sample scenarios such as sensing, actuating, connectivity, building middleware, and utilizing IoT and cloud-based technologies. If you're looking to go from zero to hero in using Contiki-NG to build Wireless Sensor Network (WSN) applications then this is the book for you. What You'll Learn Prepare and set up Contiki-NG development Review the basics of the Contiki-NG platform to build Wireless Sensor Networks (WSN)

Develop your own Contiki-NG program
Perform sensing and actuating on the Contiki-NG platform
Implement a middleware for Contiki-NG motes
Build a simple IoT program using the Contiki-NG environment
Who This Book Is For
Developers, students, researchers and anyone who has an interest in Wireless Sensor Network (WSN).

Decisions and Orders of the National Labor Relations Board United States. National Labor Relations Board, 1968

The Magic of the Old Oak Tree Donna Sims, 2017-01-24
Rodger and Jacob are officially military kids. They've had to move to new communities across America since they were babies. In South Carolina, the children had an especially difficult time settling in. This move was particularly difficult because it was the first time their dad couldn't come. His orders delayed him for eight months in Kansas. When he finally joined the family in South Carolina, he had to deploy to Kuwait for almost a year. Their mom knew the boys were having a rough time fitting in at school, 2nd and 4th grade was challenging. One good thing about the move was the family lived near the boys' grandparents.

Grandma loved to cook and Granddad was always outside fixing something. After school, though, when the boys came home they were so unhappy. Jacob insisted on having a bedtime story before he would go to sleep at night. So their mom would make up these really awesome bedtime stories with the boys as the main characters. It helped them to dream of a place where they were happy all the time. This lifted their spirits on the nights they could not sleep. The story begins with Rodger and Jacob visiting their grandmother who is secretly married to the keeper of the old oak tree, Mr. Stimer, whom the boys meet on accident. Later on, the boys begin to realize that the Oak tree is really magical and that little angel children from heaven called Quibblings, make the magic and that the Stimers vow to live this secret double life so the Quibblings dont have to be sad.

Gypsy Jazz Michael Dregni, 2008-04-04 Of all the styles of jazz to emerge in the twentieth century, none is more passionate, more exhilaratingly up-tempo, or more steeped in an outsider tradition than Gypsy Jazz. And there is no one more qualified to write about Gypsy Jazz than Michael Dregni, author of the acclaimed biography, *Django*. A vagabond music, Gypsy Jazz is played today in French Gypsy

bars, Romany encampments, on religious pilgrimages--and increasingly on the world's greatest concert stages. Yet its story has never been told, in part because much of its history is undocumented, either in written form or often even in recorded music. Beginning with Django Reinhardt, whose dazzling Gypsy Jazz became the toast of 1930s Paris in the heady days of Josephine Baker, Picasso, and Hemingway, Dregni follows the music as it courses through caravans on the edge of Paris, where today's young French Gypsies learn Gypsy Jazz as a rite of passage, along the Gypsy pilgrimage route to Les Saintes-Maries-de-la-Mer where the Romany play around their campfires, and finally to the new era of international Gypsy stars such as Bireli Lagrene, Boulou Ferre, Dorado Schmitt, and Django's own grandchildren, David Reinhardt and Dallas Baumgartner. Interspersed with Dregni's vivid narrative are the words of the musicians themselves, many of whom have never been interviewed for the American press before, as they describe what the music means to them. Gypsy Jazz also includes a chapter devoted entirely to American Gypsy musicians who remain largely unknown outside their hidden community. Blending travelogue, detective story, and personal narrative, Gypsy Jazz is music

history at its best, capturing the history and culture of this elusive music--and the soul that makes it swing.

The Northwestern Reporter ,1908

Human Dignity Werner Bonefeld,Kosmas Psychopedis,2017-07-05 Against the background of growing uncertainty about the future development of capitalism, and in the face of war, terror and poverty, this book asks: What do we have to know to prevent misery? What can we do to achieve conditions of human dignity? And what must we hope for? The volume argues that all social life is essentially practical and explores the central most important value of human dignity. It discusses practical consequences in relation to the theory of revolution and contemporary anti-globalization struggles. Targeted towards advanced undergraduate courses and taught post-graduate courses in the field of politics, sociology, political philosophy and new social movement studies, it should also be welcomed in the study of critical theory, Marxism, labour studies and revolutionary thought.

Cases Decided in the Supreme Court of Michigan ... Michigan. Supreme Court,1909

Michigan Reports Michigan. Supreme Court,1909

Reports of Cases Argued and Determined in the Supreme Court of the State of Michigan

Michigan. Supreme Court, Randolph Manning, George C. Gibbs, Thomas McIntyre Cooley, Elijah Wood Meddaugh, William Jennison, Hovey K. Clarke, Hoyt Post, Henry Allen Chaney, William Dudley Fuller, John Adams Brooks, Marquis Eaton, Herschel Bouton Lazell, James Reasoner, Richard W. Cooper, 1891

The Marx Machine Charles Barbour, 2012-06-21 This book employs recently developed techniques of literary criticism, philosophical argumentation, and bibliographical or manuscript analysis to bring Marx's early works, and especially his early polemics, into conversation with his most contemporary, post-Marxist critics. It argues that some of Marx's best known concepts – ideology and historical materialism, for example – in fact represent responses to the kinds of arguments that many people mount against them today.

The American State Reports Abraham Clark Freeman, 1891

An Introduction to Political Theory John Hoffman, Paul Graham, 2013-09-13 This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market. Dr. Mike Gough, University of East Anglia *Introduction to Political Theory* is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. *Introduction to Political Theory* relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to

clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of:

- Case studies demonstrate how political ideas, concepts and issues manifest in the real world
- 'Focus' boxes encourage students to appreciate alternative viewpoints
- A range of thought provoking photographs challenge students to examine concepts from a different angle
- Suggestions for further reading and weblinks are also provided to help students to further their understanding

Introduction to Political Theory is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.
