Julie Fogliano

Birth Your Story Jaime Fleres, 2017-10-08 Birth Your Story helps parents use writing to remember, process, heal and honor their birth stories, whether man or woman, new or seasoned parent, an experienced or novice writer. It also includes diverse birth stories - about birth loss, adoption, home birth, premature birth, surrogacy, cesarean birth, and more.

How Did I Get Here? Philip Bunting, 2019-11-12 From the Big Bang to your birthday, and (almost) everything in between, this funny and informative book tells your story. You are one of the newest members of a family tree that goes way, way, way back to the very first life on Earth. A lot of incredible things had to happen between the beginning of the universe and today in order to make you. The fact that you (and everyone you know) are here is nothing short of mind-boggling! Read this book to discover how it happened, and prepare to be amazed by the awesomeness of you. This clever, funny, and scientific timeline of the journey of human existence is designed to get young readers asking questions, finding answers, and marveling at the many wonders of our world, from the Big Bang, to evolution, to a brand-new baby, and more.

Know Your Future Through Your Date of Birth Shiraz, 2020-06-16 Numbers, like the holy mantras, wield powerful influence on all events in the universe. Each primary number from 1 to 9 is, in fact, a cosmic code having its own special characteristics, its own exclusive subjects and its own good and bad effects. A true knowledge of the mystical powers of numbers can give a man a clear insight into the unpredictable future. This book will teach you to interpret the unique combination of numbers in your date of birth or that of anyone else in the world. It will help you to read the person's character, hidden nature, habits,

emotional and sexual characteristics, harmonious relationships, harmful influences, etc. Shiraz is India's well-known numerologist and palmist who has a large clientele not only in India but also abroad.

Explorations in Classical Sociological Theory: Seeing the Social World Kenneth Allan, 2012-04-30 A revised and updated edition of this student-friendly, first

year introduction to classical sociological theory.

Explorations in Classical Sociological Theory

Kenneth Allan, Sarah Daynes, 2016-09-22 Praised for its conversational tone, personal examples, and helpful pedagogical tools, the Fourth Edition of *Explorations in Classical Sociological Theory: Seeing the Social World* is organized around the modern ideas of progress, knowledge, and democracy. With this historical thread woven throughout the chapters, the book presents a diverse selection of major classical theorists including Marx, Spencer, Durkheim, Weber, Mead, Simmel, Martineau, Gilman, Douglass, Du Bois, Parsons, and the Frankfurt School. Kenneth Allan and new co-author Sarah Daynes focus on the specific views of each theorist, rather than schools of thought, and highlight modernity and postmodernity to help contemporary readers understand how classical sociological theory applies to their lives.

Colorstrology Michele Bernhardt, 2005 Four out of 10 North Americans read their horoscope daily, 10 out of 10 have a birthday, and almost all of them see the world in living colour. Colorstrology, already with a highly successful website at colorstrology.com, infuses elements of astrology and numerology with the spirituality of colour to create a colour profile for every day of the year. Cleverly packaged with 32 pages of perforated colour chips, this new genre of metaphysical fun will bridge the consumer gap between the house-proud urbanite and the barefoot spiritualist. Colorstrology, the company, is rolling out an entire line of branded products, from cosmetics and jewellery to cards and flowers, but this is the only comprehensive book available by the author who New York magazine calls a must-see phenomenon.

The Birthday Book Shelley von Strunckel, 2020-11-05 Find out what your birth day says about you and what your

friends' birthday says about them in this utterly compelling gift book. Use your birthday to identify key personality traits and entertain friends and family by revealing theirs. Harnessing the power of astrology in an entertaining and informative way, you'll learn about the dates, numbers, colours, and even foods with which absolutely everyone is most compatible. Includes descriptions of every birth day of the year, *The Birthday Book* is written in an easy-to-understand style, beautifully illustrated, and includes information. It is an at-a-glance reference guide to astrology, numerology and tarot that will entertain you, your friends and family for years and years.

Evaluating the Year 2000 Project Timothy

Braithwaite, 1998-03-26 *Evaluating the Year 2000 Project* is a valuable tool for managing a company's Y2K plan. In nontechnical language, the author spells out all of the risk areas associated with Y2K programs as well as an action plan to contain those risks and to pilot a company safely through the impending crisis. The book also arms executives with the essential knowledge they will need to plan and manage their company's IT resources into the 21st century.

Visa Stories Bahriye Kemal, Filippo Menozzi, Tinashe Mushakavanhu, 2013-07-29 *Visa Stories: Experiences between Law and Migration* is an interdisciplinary volume that addresses recent public controversies on migration in the UK and Europe. In this context, it aims to recover the voice of migrants by proposing a new, non-conventional form of literary writing: the visa narrative genre. This is a versatile and dialogic form which moves beyond strictly academic modes of migration talk and aims to re-introduce a human, experiential dimension in the representation of people on the move. Indeed, the visa narratives collected in this volume provide a unique example of testimonies and

memories of migrants from different geographical locations and social positions, from the student to the refugee. In its political and poetic aspects, this collective volume is a useful tool for understanding the complexity of migration today and the way in which national and international regulations are applied in different regions of the world. Whereas our era is commonly portrayed as one of increased globalisation and freedom of movement, visa narratives offer a closer insight into the experience of people trying to cross borders, and reveal a substantially different reality of immobility, distrust and misunderstanding.

The Complete Idiot's Guide to Numerology Kay Lagerquist, 2004

Choose Your Story, Change Your Life Kindra Hall, 2022-01-11 The things we tell ourselves affect how well or poorly our path in life goes. It's time to flip the script on the internal stories you tell yourself and live life on your terms. Most of the "self-stories" you tell yourself—the kind of person you say you are and the things you are capable of—are invisible to you because they have become such a part of your everyday mental routine that you don't even recognize they exist. Yet, these self-stories influence

everything you do, everything you say, and everything you are. Choose Your Story, Change Your Life will help you take complete control of your self-stories and create the life you've always dreamed you'd have. Author Kindra Hall offers up a new window into your psychology, one that travels the distance from the frontiers of neuroscience to the deep inner workings of your thoughts and feelings. In Choose Your Story, Change Your Life, Kindra will help you: Uncover the truth of how you have created the life you have; Challenge everything you think you know about how your life has been built; Uncover the clear steps you can take to create the life you want; Take control of your self-story to become the author of who you are; and Live your life in a way you never have before. This eye-opening, but applicable journey will transform you from a passive listener of these limiting, unconscious thoughts to the definitive author of who you are and everything you want to be. Changing your life is as simple as choosing better stories to tell yourself. If you can change your story, you can change your life.

Catching Stories Donna M. DeBlasio,Charles F. Ganzert,David H. Mould,Stephen H. Paschen,Howard L. Sacks,2009-05-04 In neighborhoods, schools, community centers, and workplaces, people are using oral history to capture and collect the kinds of stories that the history

books and the media tend to overlook: stories of personal struggle and hope, of war and peace, of family and friends, of beliefs, traditions, and values—the stories of our lives. *Catching Stories: A Practical Guide to Oral History* is a clear and comprehensive introduction for those with little or no experience in planning or undertaking oral history projects. Opening with the key question, “Why do oral history?” the guide outlines the stages of a project from idea to final product—planning and research, the interviewing process, basic technical principles, and audio and video recording techniques. The guide covers interview transcribing, ethical and legal issues, archiving, funding sources, and sharing oral history with audiences. Intended for teachers, students, librarians, local historians, and volunteers as well as individuals, *Catching Stories* is the place to start for anyone who wants to document the memories and collect the stories of community or family.
