Katrina , 2006

Hurricane Katrina James Patterson Smith, 2012-03-05 This book presents the fullest account yet written of the impact of Hurricane Katrina on the Mississippi Gulf Coast. Rooted in a wealth of oral histories, it tells the dramatic but underreported story of a people who confronted the unprecedented devastation of sixty five thousand homes when the eye wall and powerful northeast quadrant of the hurricane swept a record

thirty-foot storm surge across a seventy-five-mile stretch of unprotected Mississippi towns and cities. James Patterson Smith takes us through life and death accounts of storm day, August 29, 2005, and the precarious days of food and water shortages that followed. Along the way the narrative treats us to inspiring episodes of neighborly compassion and creative responses to the greatest natural disaster in American history. The heroes of this saga are the local people and local officials. In often moving accounts, the book addresses the Mississippi Gulf Coast's long struggle to remove a record-setting volume of debris and get on with the rebuilding of homes, schools, jobs, and public infrastructure. Along the way readers are offered insights into the politics of recovery funding and the bureaucratic bungling and hubris that afflicted the storm response and complicated and delayed the work of recovery. Still, there are ample accounts of things done well, and a moving chapter gives us a feel for the psychological, spiritual, and material impact of the eight hundred thousand people from across the nation who gave of themselves as volunteers in the Mississippi recovery effort.

Australian Radio Listeners and Television Viewers Bridget Griffen-Foley, 2020-09-29 This lively and accessible book charts how Australian audiences have engaged with radio and television since the 1920s. Ranging across both the commercial and public service broadcasting sectors, it recovers and explores the lived experiences of a wide cross-section of Australian

listeners and viewers. Offering new perspectives on how audiences have responded to broadcast content, and how radio and television stations have been part of the lives of Australians, over the past one hundred years, this book invites us into the dynamic world created for children by the radio industry, traces the operations of radio and television clubs across Australia, and uncovers the workings of the Australian Broadcasting Commission's viewers' advisory committees. It also opens up the fan mail received by Australian broadcasting stations and personalities, delves into the complaints files of regulators, and teases out the role of participants and studio audiences in popular matchmaking programs.

The Dictatorship of Capital Michael

Tubbs, 2013-11-22 If you are one of the many people today looking for explanations and possible solutions to the ongoing Global Financial Crisis and Global Ecological Crisis, then this book should be on your reading list. Michael Tubbs spent eighteen years as a barrister representing smaller corporations against some of the giant corporations of capital which now dominate the 'world global economy'. Tubbs was in practice during the collapse of the 'top down' Soviet system, and its replacement by the equally 'top down' corporatist system. Tubbs' experience forced him to draw the unavoidable conclusion that: 'EVERY CORPORATION OF CAPITAL IS POTENTIALLY, IN THEORY AND FACT, A CONSPIRACY AGAINST EVERYTHING ELSE IN SOCIETY EXCEPT ITSELF'. He believes it is time that people understood the role that corporatism has played in bringing the world to

its economic and environmental knees. He shows how the corporations of capital have gained so much power in society, to the detriment of democracy throughout the world. While private corporations have exploited our labour and our natural resources for their own greed, our governments have failed in their duty of care. Corporations continue to hide away their profits in tax havens, while ordinary citizens bear the brunt of the GFC and GEC, and no one accepts or apportions blame. Tubbs argues it is time to take action – to lift the corporate veil of secrecy and privilege that protects corporations of capital, and to democratise them for the benefit of all.

Mississippi Politics Jere Nash, Andy Taggart, 2006

The Opera House Peter FitzSimons, 2022-03-30 'The sun did not know how beautiful its light was until it was reflected off this building.' - Louis Kahn, US architect If only these walls and this land could talk ... The Sydney Opera House is a breathtaking building, recognised around the world as a symbol of modern Australia. Along with the Taj Mahal and other World Heritage sites, it is celebrated for its architectural grandeur and the daring and innovation of its design. It showcases the incomparable talents involved in its conception, construction and performance history. But this stunning house on Bennelong Point also holds many secrets and scandals. In his gripping biography, Peter FitzSimons marvels at how this magnificent building came to be, details its enthralling history and reveals the dramatic stories and hidden secrets about the people whose lives have been affected, both negatively and

positively, by its presence. He shares how a conservative 1950s state government had the incredible vision and courage to embark on this nation-defining structure; how an architect from Denmark and construction workers from Australia and abroad invented new techniques to bring it to completion; how ambition, betrayal, professional rivalry, sexual intrigue, murder, bullying and breakdowns are woven into its creation; and how it is now acknowledged as one of the wonders and masterpieces of human ingenuity. In *The Opera House*, Peter FitzSimons captures the extraordinary stories around this building that are as mesmerising as the light catching on its white sails.

Douglas Snelling Davina Jackson, 2016-12-01
Douglas Burrage Snelling (1916–85) was one of Britain's significant emigré architects and designers. Born in Kent and educated in New Zealand, he became one of Australia's leading mid-century architects, of luxury residences and commercial buildings, and a trend-setting designer of furniture, interiors and landscapes. This is the first comprehensive study of Snelling's pan-Pacific life, works and trans-disciplinary significance. It provides a critical examination of this controversial modernist, revealing him to be a colourful and talented protagonist who led antipodean interpretations of American, especially Wrightian and southern Californian, architecture, design and lifestyle innovations.

Ruling Class Men Mike Donaldson, Scott Poynting, 2007
The Murdochs, Packers, Kennedys, Angnelis, and other men like them, directly

determine the fates of thousands and influence the future of the world like no other people. To learn about these often reclusive men, the authors extended the life-history technique to interrogate autobiographies, diaries and biographies.

Bob Carr Marilyn Dodkin, 2003 Chronicles Bob Carr's years of leadership and opposition, steering New South Wales through good and bad times, including the most successful Olympic Games ever. It is an honest, frank account of a politician's career with all its ups and downs, spiced with Carr's own humour, opinions and frank discourse with his State and Federal.

Peter Allen: The Boy From Oz Stephen MacLean, 2015-09-10 The composer of 'I Honestly Love You', 'I Go to Rio' and 'I Still Call Australia Home' led a classic show business life. Peter Allen's performances at the height of his career in London, New York and Los Angeles were nothing less than spectacular, drawing rave reviews, cult crowds, and an ever-increasing network of friends which boasted Bette Midler, Richard Gere and Harry Connick Jnr. With 'talent' stamped all over him and a jump-start, whirlwind marriage to Liza Minnelli, Allen had a one-way ticket to the Big Time. What could be further from his humble beginnings in country Australia than the legendary performances in his heyday that, as one critic wrote, 'would have scandalised any decade other than the 70s'? *Peter Allen: the Boy from Oz* is an insider's look at the man – his fame, image, artistry and survival. Stephen MacLean follows the fascinating and complex trajectory of Allen's stardom, from his rise

through the gender-blurred scramble of the 70s to become part of the popular mainstream, developing as a songwriter in his own right. Out of the spotlight, Allen was held dear by many for his vivacity and humour, and onstage for his powerhouse performances, the trademark high energy tirelessness and camp banter never failing to bring the house down. Allen's life and times are faithfully brought to life through interviews with the people who knew and loved him best.

Badge, Boot, Button Craig Wilcox, 2017-04-01 At first, the Australian military followed Britain's example in regards to uniforms, fitting soldiers out in the traditional 'red coats'. These were impractical in the scorching heat of the new environment, and were widely mocked - unsurprisingly, given the gold lace, elaborate plumes and decorations that accompanied them. 'Badge, Boot, Button' explores the army's gradual adaptation to the environment, complete with images of original uniforms. It follows the struggle of a new country attempting to remain true to British roots while creating something new.

Hurricane Camille Hearn, Philip D., 2009-10-20 Nominated Best Nonfiction Book for 2004 -- Mississippi Institute of Arts and Letters On August 17, 1969, Hurricane Camille roared out of the Gulf of Mexico and smashed into Mississippi's twenty-six miles of coastline. Winds were clocked at more than 200 miles per hour, tidal waves surged to nearly 35 feet, and the barometric pressure of 26.85 inches neared an all-time low. Survivors of the killer storm date events as BC

and AC--Before Camille and After Camille. The history of Hurricane Camille is told here through the eyes and the memories of those who survived the traumatic winds and tides. Their firsthand accounts, compiled a decade after the storm and archived at the University of Southern Mississippi, form the core of this book. Property damage exceeded \$1.5 billion, \$48.6 billion in today's dollars. Fashionable beachfront homes, holiday hotels, marinas, night clubs, and souvenir shops were devastated. The death toll in the state's three coastal counties--Harrison, Hancock, and Jackson--reached 131, with another 41 persons never found. The rampaging storm then moved north through Tennessee, Kentucky, West Virginia, and Virginia and sparked flash floods that killed more than 100 in Virginia before moving into the Atlantic. Camille is one of only three Category 5 hurricanes ever to hit the U.S. mainland. Along the Coast today, vacant lots, slabs of concrete, and mysterious staircases and driveways leading to nowhere are Camille's eerie reminders. The ruins that remain, however, are overshadowed by the dazzle and fun at the dozen casinos and high-rise hotels that dominate the modern beachfront. Once more the seashore is thriving. Rambling homes, the neon lights of motels and family restaurants, and the nets and masts of shrimp boats mark the skyline. For the Mississippi Coast, a historic retreat between New Orleans on the west and Mobile on the east--these are the best of times. This gripping story of the Coast's most devastating storm recounts what happened on a terrifying night more than three decades ago. It reminds, too, what

can happen again.

Gough Whitlam: His Time Updated Edition Jenny Hocking, 2014-11-10 Gough Whitlam, Australia's twenty-first prime minister, swept to power in December 1972, ending twenty-three years of conservative rule. In barely three years Whitlam's dramatic reform agenda would transform Australia. It was an ascendancy bitterly resented by some, never accepted by others, and ended with dismissal by the Governor-General just three years later—an outcome that polarised debate and left many believing the full story had not been told. In this much-anticipated second volume of her biography of Gough Whitlam, Jenny Hocking has used previously unearthed archival material and extensive interviews with Gough Whitlam, his family, colleagues and foes, to bring the key players in these dramatic events to life. The identity of the mysterious 'third man', who counselled the Governor-General, Sir John Kerr, in his decision to sack the twice-elected Whitlam government and appoint Malcolm Fraser as prime minister is confirmed here by Kerr himself, as the High Court justice Sir Anthony Mason, and the full story of his involvement is now revealed for the first time. From Kerr's private papers Hocking details months of secret meetings and conversations between Kerr and Mason in the lead-up to the dismissal, that had remained hidden for over thirty-seven years. In response to these revelations Sir Anthony Mason released an extensive public statement, acknowledging his role and disclosing additional information that is fully explored in this new edition. This

definitive biography takes us behind the political intrigue to reveal a devastated Whitlam and his personal struggle in the aftermath of the dismissal, the unfulfilled years that followed and his eventual political renewal as Australia's ambassador to UNESCO. It also tells, through the highs and the lows of his decades of public life, how Whitlam depended absolutely on the steadfast support of the love of his life, his wife, Margaret. For this is also the story of a remarkable marriage and an enduring partnership. The truth of this tumultuous period in Australia's history is finally revealed in Gough Whitlam: His Time

The Governors of New South Wales 1788-2010 David Clune, 2009 This book contains biographical accounts of all 37 Governors of New South Wales from Arthur Phillip in 1788 to Marie Bashir. Highlights of the book include John Hunter's amazing sea voyages, the erratic career of the 'devious and foul-tempered' William Bligh, the highly public clashes of Sir Hercules Robinson (nicknamed the 'Crisis maker') with Governments and Parliament, the 'Boy's Own' Naval career of the swashbuckling Sir Harry Rawson, the extraordinary double life of Lord Beauchamp and the dramatic events surrounding Sir Philip Game's dismissal of Jack Lang. Leading historians such as Brian Fletcher, JM Bennett, Geoffrey Bolton, Graham Freudenberg, Anne Twomey, Chris Cunneen, Ian Hancock, Evan Williams and Rodney Cavalier tell of both extraordinary lives and the political and constitutional crises many had to face.

A History of Charisma J. Potts,2009-09-04 This book traces the history of the word 'charisma', and the various meanings assigned to it, from its first century origins in Christian theology to its manifestations in twenty-first century politics and culture, while considering how much of the word's original religious meaning persists in the contemporary secular understanding.
