Swami Vivekananda Swami Tapasyananda,2020-03-07 Swami Vivekananda's name is becoming more and more popular across the globe. However, even today many know very little about him. Some understand and adore him, some others misunderstand and misrepresent him. Who was he really? What did he do? What were his ideas and contribution to the welfare of the individual and the collective, of India and the rest of the world? This book, authored by Revered Swami Tapasyananda Maharaj, former vice-president of the Order, powerfully and impressively answers to these questions in a nutshell.

Swami Vivekananda Narasingha Prosad Sil,1997 The book also takes a hard look at his universally acknowledged reputation as a hypercosmological renouncer who championed the causes of the poor and the downtrodden and thus exemplified the doctrines of socialism at their finest. Sil is the first scholar to critically examine Vivekananda's attitude toward women in general and to probe into his experience with Margaret Noble (Sister Nivedita) in particular, and he is the first author to provide a detailed analysis of Vivekananda's popularity as a preacher and lecturer.

Swami Vivekananda Chaturvedi Badrinath,2015-09-20 The Vedanta was an inseparable part of Swami Vivekananda's personality. He lived and breathed this philosophy while preaching it to India and the west. While Vivekananda's landmark address at the Parliament of Religions in Chicago in 1893 established him as modern India's great spiritual leader, his popularity and appeal is attributed to his ability to integrate his human side with his profound spiritual side. In this beautifully written biography, Chaturvedi Badrinath liberates Vivekananda from the confines of the worship room and offers an unforgettable insight into the life of a man who was the very embodiment of the Vedanta that he preached.

ARTICLES BY VIVEKANANDA Swami Vivekananda,2021-01-01 Classification or grouping of phenomena by their similarities is the first step in scientific knowledge — perhaps it is all. An organized grouping, revealing to us a similarity running through the whole group, and a conviction that under similar circumstances the group will arrange itself in the same form — stretched over all time, past, present and future — is what we call law. This finding of unity in variety is really what we call knowledge. These different groups of similars are stowed away in the pigeon-holes of the mind, and when a new fact comes before us we begin to search for a similar group already existing in one of the pigeon-holes of the mind. If we succeed in finding one ready-made, we take the newcomer in immediately. If not, we either reject the new fact, or wait till we find more of his kind, and form a new place for the group.

In the volumes of the works of the Swami Vivekananda we have what is not only a gospel to the world at large, but also to its own children, the Charter of the Hindu Faith. What Hinduism needed, amidst the general disintegration of the modern era, was a rock where she could lie at anchor, an authoritative utterance in which she might recognise her self. And this was given to her, in these words and writings of the Swami Vivekananda. For the first time in history, as has been said elsewhere, Hinduism itself forms here the subject of generalisation of a Hindu mind of the highest order. For ages to come the Hindu man who would verify, the Hindu mother who would teach her children, what was the faith of their ancestors will turn to the pages of these books for assurance and light. Long after the English language has

disappeared from India, the gift that has here been made, through that language, to the world, will remain and bear its fruit in East and West alike. What Hinduism had needed, was the organising and consolidating of its own idea. What the world had needed was a faith that had no fear of truth. Both these are found here. Nor could any greater proof have been given of the eternal vigour of the Sanatana Dharma, of the fact that India is as great in the present as ever in the past, than this rise of the individual who, at the critical moment, gathers up and voices the communal consciousness. - Sister Nivedita Editor's Note: This Special Master Edition has been crafted with great care. In order to be more enjoyable during reading and research, it has been set in a 7.5 x 9.5 two-columns format.
