Nikolai Vasil'evich Gogol

Taras Bulba Nikolai Gogol, 2003-04-01 The First New Translation in Forty Years Set sometime between the mid-sixteenth and early-seventeenth century, Gogol's epic tale recounts both a bloody Cossack revolt against the Poles (led by the bold Taras Bulba of Ukrainian folk mythology) and the trials of Taras Bulba's two sons. As Robert Kaplan writes in his Introduction, "[Taras Bulba] has a Kiplingesque gusto . . . that makes it a pleasure to read, but central to its theme is an unredemptive, darkly evil violence that is far beyond anything that Kipling ever touched on. We need more works like Taras Bulba to better understand the emotional wellsprings of the threat we face today in places like the Middle East and Central Asia." And the critic John Cournos has noted, "A clue to all Russian realism may be found in a Russian critic's observation about Gogol: 'Seldom has nature created a man so romantic in bent, yet so masterly in portraying all that is unromantic in life.' But this statement does not cover the whole ground, for it is easy to see in almost all of Gogol's work his 'free Cossack soul' trying to break through the shell of sordid today like some ancient demon, essentially Dionysian. So that his works, true though they are to our life, are at once a reproach, a protest, and a challenge, ever calling for joy, ancient joy, that is no more with us. And they have all the joy and sadness of the Ukrainian songs he loved so much."

Taras Bulba and Other Tales Nikolai Vasilievich Gogol, 2016-01-06 INTRODUCTION Russian literature, so full of enigmas, contains no greater creative mystery than Nikolai Vasil'evich Gogol (1809-1852), who has done for the Russian novel and Russian prose what Pushkin has done for Russian poetry. Before these two men came Russian literature can hardly have been said to exist. It was pompous and effete with pseudo-classicism; foreign influences were strong; in the speech of the upper circles there was an over-fondness for German, French, and English words. Between them the two friends, by force of their great genius, cleared away the debris which made for sterility and erected in their stead a new structure out of living Russian words. The spoken word, born of the people, gave soul and wing to literature; only by coming to earth, the native earth, was it enabled to soar. Coming up from Little Russia, the Ukraine, with Cossack blood in his veins, Gogol injected his own healthy virus into an effete body, blew his own virile spirit, the spirit of his race, into its nostrils, and gave the Russian novel its direction to this very day. More than that. The nomad and romantic in him, troubled and restless with Ukrainian myth, legend, and song, impressed upon Russian literature, faced with the realities of modern life, a spirit titanic and in clash with its material, and produced in the mastery of this every-day material, commonly called sordid, a phantasmagoria intense with beauty. A clue to all Russian realism may be found in a Russian critic's observation about Gogol: Seldom has nature created a man so romantic in bent, yet so masterly in portraying all that is unromantic in life. But this statement does not cover the whole ground, for it is easy to see in almost all of Gogol's work his free Cossack soul trying to break through the shell of sordid to-day like some ancient demon, essentially Dionysian. So that his works, true though they are to our life, are at once a reproach, a protest, and a challenge, ever calling for joy, ancient joy, that is no more with us.

Taras Bulba (Annotated with Biography) Nikolai Gogol, 2013-11-21 Taras Bulba is Gogol's longest short story. The work is non-fictional in nature with characters that are not exaggerated or grotesque as was common in Gogol's later work, though his characterizations of Cossacks are said by some scholars to be a bit exaggerated. This story can be understood in the context of the romantic nationalism movement in literature, which developed around a historical ethnic culture which meets the romantic ideal.

Taras Bulba and Other Tales Nikolai Gogol, 2014-12-12 This early work by Nikolai Gogol was originally published in the 19th century and we are now republishing it with a brand new introductory biography. 'Taras Bulba and Other Tales' is a collection of short stories that include 'St. John's Eve', 'The Cloak', 'How the Two Ivans Quarrelled', 'The Mysterious Portrait', 'Calash', and 'Taras Bulba'. Nikolai Vasilievich Gogol was born in Sorochintsi, Ukraine in 1809. In 1831, Gogol brought out the first volume of his Ukrainian stories, 'Evenings on a Farm Near Dikanka'. It met with immediate success, and he followed it a year later with a second volume. 'The Nose' is regarded as a masterwork of comic short fiction, and 'The Overcoat' is now seen as one of the greatest short stories ever written; some years later, Dostoyevsky famously stated We all come out from Gogol's 'Overcoat'. He is seen by many contemporary critics as one of the greatest short story writers who has ever lived, and the Father of Russia's Golden Age of Realism.

Kobzar Taras Shevchenko, 2013-10-01 Who better to tell the story of Ukraine than a kobzar, one of the country’s blind wandering minstrels that sang of its history and people? It is this iconic and entertaining figure, who walked the land and conveyed its traditions, that serves as the prism through which Taras Shevchenko composed his pioneering collection of poems, *The Kobzar*. The origin of the poems themselves is extraordinary. Written over a span of nearly 25 years, they mark many crossroads in Shevchenko’s life. They were composed in villages and cities, in prison and in exile; they are filled with Ukraine’s expansive steppes and verdant groves, peopled with decent individuals yearning for freedom and those who would deny it, and animated by trees, the moon and stars that converse. Shevchenko’s life from serfdom to exile and international artistic acclaim is the cloth from which each poem is cut. History and culture are intertwined with meditations on forgiveness and grace, religion and morality; the poems’ epic scope is complemented with lyrical reflections on subjects that include fame and fortune, love and lust, and the meek and mighty. Of these, family and home become overarching themes, which the poet considers to be of supreme value. As a foundational text, *The Kobzar* has played an important role in galvanizing the Ukrainian identity and in the development of Ukrainian literature and its written language. The first editions were censored by the czar, but the book still made an enduring impact on Ukrainian culture. There is no reliable count of how many editions of the book have been published, but an official estimate made in 1976 put the figure in Ukraine at 110 during the Soviet period alone. That figure does not include Kobzars released before and after both in Ukraine and abroad. A multitude of translations of Shevchenko’s verse into Slavic, Germanic and Romance languages, as well as Chinese, Japanese, Bengali, and many others attest to his impact on world culture as well. The poet is honored with more than 1250 monuments in Ukraine, and at least 125 worldwide, including such capitals as Washington, Ottawa, Buenos Aires, Warsaw, Moscow and Tashkent. Former U.S. President Dwight Eisenhower unveiled the one in Washington.

Taras Bulba Nikolai Vasil'evich Gogol, 2001-02 The pearl of Gogol’s Little Russian novels, is a historical novel, *Taras Bulba*, which recalls to life one of the most interesting periods in the history of Little Russia--the fifteen century. Constantinople had fallen into the hands of the Turks; and although a mighty Polish-Lithuanian state had grown in the West, the Turks, nevertheless, menaced both Eastern and Middle Europe. Then it was the Little Russians rose for the defense of Russia and Europe. The hero of the novel is an old Cossack, *Taras Bulba*, who has himself spent many years in the *Secha*, but is now peacefully settled inland on his farm. His two sons have been educated in the Academy of Kiev and return home after several years of absence. On the very next day after their arrival, without letting the mother enjoy the sight of her sons, *Taras* takes them to the *Secha*, which--as often happened in those times--was going to begin war, in consequence of the exactions which the Polish landlords made upon the Little Russians. Nikolai Vasilyevich Gogol (1809-1852) wrote his epic *Taras Bulba* over a period, broken by intervals, of more than nine years: from 1833 to 1842. The profound ideological message of the tale, its thrilling and truthful characters, Gogol’s colorful portrayal of the people’s life, have immortalized Gogol’s epic. *Taras Bulba* is an excerpt, an episode from the epic life of the whole people of the Ukraine in the 16th century . . . Do we not see here Cossackdom in its entirety, with its strange civilization, its gallant and riotous life, its insouciance and indolence, its indefatigability and

activeness? Tell me what is missing in this picture, what is needed to make it complete! Is it not all snatched up from the very bottom of life? Does not that life throb and pulsate here? And what a brush --- broad and sweeping, quick and vivid! What bright, what dazzling colors! And what poetry --- vigorous, powerful as the Zaporzhian Setch itself, where ?was the lair of men proud and strong as Lions! Hence poured freedom and Cossackdom over all the Ukraine!' V.G. Belinsky
