Martin Pegler

Sound Play William Cheng,2014 Video games open portals into fantastical worlds where imaginative play prevails. 'Sound Play' explores the aesthetic, ethical, and sociopolitical stakes of people's engagements with audio phenomena in video games - from sonic violence to synthesized operas, from democratic musical performances to verbal sexual harassment.

**Long-Range War** Peter R. Senich,2007-07-01 The Vietnam War marked the first time that the U.S. military brought together trained snipers, custom rifles, telescopic sights, special ammunition and sound suppressors, and employed them successfully in combat. This work focuses on a small but significant aspect of modern military history: the army sniper program, the fielding of the XM21 sniper rifle and the Adjustable Ranging Telescope, and the combat application of sound suppression devices for rifles and special carbines.

**Voices of Snipers** John Walter,2022-06-01 Based on an incredible breadth of first-hand testimony, this is a unique collection of eyewitness accounts from World War I and II. John Walter draws on meticulous research and the reminiscences of more than fifty snipers, tracing their journeys from recruitment and selection through training, combat and its aftermath to reveal a surprising commonality of experience, even across nationalities. Laying bare the triumphs and brutalities of sniping, the personalities and psychologies of those who found themselves doing it and considering the immediate implications on both the sniper and the wider theatre of war, this is a fascinating, detailed insight into frontline combat and the experience of sharpshooting in its historical context.

A Sniper's Conflict Monty B,2014-10-14 I could make out the head and shoulders of the insurgent as he was firing in the prone position. I

aimed for the centre area . . . removed the safety catch and held that point of aim. Then I slowly and deliberately operated my trigger squeezing it gently to the rear. The round impacted into the target just below the shoulder. The target seemed to slide down disappearing out of sight, the rifle muzzle remained pointing uppermost in the air. The author sets the scene with action on a 2004 tour in Iraq where hard lessons were learnt. Next stop Helmand District, Afghanistan, after rigorous training. By now he had been a Sniper Instructor for eight years and his depth of knowledge makes this almost a sniper's manual. This, combined with his descriptions of the sniper engagements experienced during his Battalion's action packed tour, make this a thrilling and instructive read. He describes not just the operational background moves and tactics but his emotions—taking life even from distances of a kilometer is traumatic. Intense though the action was, there were long periods of watching and waiting—called Enduring Patience). Snipers work in pairs so relationship and trust are all important. Snipers are elite soldiers and clearly the author is among the best of the best. *A Sniper's Conflict* is a superb account of professional soldiering at the sharp end. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on

subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Reaper Nicholas Irving, Gary Brozek, 2015-01-27 Preorder REAPER: GHOST TARGET now, Nick Irving's debut thriller that Brad Thor calls one hell of a read! The Instant New York Times Bestseller by Co-Star of Fox's American Grit and Legendary Ranger Nick Irving Groundbreaking, thrilling and revealing, The Reaper is the astonishing memoir of Special Operations Direct Action Sniper Nicholas Irving, the 3rd Ranger Battalion's deadliest sniper with 33 confirmed kills, though his remarkable career total, including probables, is unknown. Irving shares the true story of his extraordinary military career, including his deployment to Afghanistan in the summer of 2009, when he set another record, this time for enemy kills on a single deployment. His teammates and chain of command labeled him The Reaper, and his actions on the battlefield became the stuff of legend, culminating in an extraordinary face-off against an enemy sniper known simply as The Chechnian. Irving's astonishing first-person account of his development into an expert assassin offers a fascinating and extremely rare view of special operations combat missions through the eyes of a Ranger sniper during the Global War on Terrorism. From the brotherhood and sacrifice of teammates in battle to the cold reality of taking a life to protect another, no other book dives so deep inside the life of an Army sniper on point.

Sniper Rifles Martin Pegler, 2011-03-15 A technical outline of the history of the sniper rifle, from its introduction in warfare during the Napoleonic wars, through the US Civil War to its current apogee as the most frequently used combat rifle in Iraq and Afghanistan. This book details the development of ammunition, different weapons types

including single shot, magazine loading and semi-automatic, as well as the introduction and use of optical sights. Martin Pegler, a leading expert on the history of sniping and former Senior Curator of Firearms at the Royal Armouries Leeds, also details the current advances in technology, such as laser range-finding sights and night vision devices. Using first-hand accounts, the book brings the dangerous world of the sniper to life revealing their training and concealment techniques as well as their mastering of their weapon of choice.

**Sniper** Martin Pegler, 2011-08-20 Following the success of *Out of Nowhere: A History of the Military Sniper*, sniper expert Martin Pegler gives us an in-depth study of the emergence of American rifleman, sharpshooter and sniper, examining the evolution of the rifle in America from the earliest firearms of the 15th century to the highly accurate sniping rifles of the 21st century. Pegler analyses the technological development of the rifle, sighting systems and ammunition and uses contemporary accounts to describe how the use of the rifle during the Revolutionary War, Civil War and the conflicts of the 20th and 21st centuries have impacted on US military history. This detailed account concludes with a study of the American sniper in modern warfare, including Afghanistan and the ongoing conflict in Iraq, providing an overview of the march of weapons technology, as well as an unusual insight into the lives and the motives of the men who used them.

**Out of Nowhere** Martin Pegler, 2011-09-20 The sniper is probably the most feared specialist warrior and the most efficient killer on the battlefield. Endlessly patient and highly skilled, once he has you in his crosshairs, your chances of survival are slim. This revised edition of *Out of Nowhere* provides a comprehensive history of the sniper,

giving insights into all aspects of his life; his training tactics, equipment and the psychology of sniping are examined in the context of the major wars of modern times – including the American Civil War, both world wars, the Vietnam War and the ongoing conflict in Afghanistan. First-hand accounts from veteran snipers demonstrate their skill and extraordinary courage and show why they are still such a vital part of any war.

Sniper Peter Brookesmith,2001-04-22 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

**Way of the Reaper** Nicholas Irving,Gary Brozek,2016-08-09 A thrilling account of Nick The Reaper Irving's 10 greatest sniper kill missions that provide insight into the art of being a sniper

**Sniper's Eye** Mainak Dhar,2021-08-26 You figure your movie date won't end well when the man in front of you gets shot. I'm out on a date with my girlfriend, and everything is perfect...till that shot. A high-calibre bullet. No apparent sound. A rifle with a suppressor. A sniper in the middle of a mall! As the body count mounts and I get sucked in deeper into the chaos that is unleashed by that shot, I find myself confronting many deadly enemies. To survive, and save those I care about most, I need to tap into a bloody past I thought I had left behind. I find myself on a kill list put online by terrorists and being thrown together with a man whom I need to work with if we are to save ourselves and countless others. The problem is that man is sworn to kill me. In a world where the young and poor kill and die in conflicts started by the old and rich, I and my unlikely companion

finally discover the thin line that separates a mere killer from a hero. This is our story...

*The Master Sniper* Stephen Hunter, 1996-06-02 In the death throes of World War II, one man is still at war, and he's got got the world's deadliest weapon in his hands . . . With a sniper's rifle he has calmly executed hundreds of enemy soldiers in a single battle, and gunned down thousands of innocent civilians in a single day, waiting patiently for the barrel of his gun to cool before resuming his craft . . . It is the spring of 1945. And Repp, the master sniper, is about to carry out his final mission—even as Germany's enemies overrun it, even while a tired, disorganized team of American and British agents tries everything in its power to stop him. Because for Repp, this is the one job at which he cannot fail. For this time, he possesses the ultimate killing tool. And with it, he will commit the ultimate crime. . . . Praise for *The Master Sniper* “Mesmerizing suspense.”—Kirkus Reviews “Hunter is a deft craftsman with a sure sense of pace and scene. He also knows about irony and sprinkles just a bit over every corpse.”—The Washington Post “Stephen Hunter is the best writer of straight-out thrillers working today.”—Rocky Mountain News

*Sniper II* Mark V. Lonsdale, 1995

*Dancing with Eternity* John Patrick Lowrie, 2011-09-01 A sprawling galactic odyssey that takes Steel, Mo and the crew of the starship Lightdancer on an incredible voyage of adventure, self-discovery, and revelation.

**White Star** James Stewart Thayer, 1995 A Vietnam vet and the most famous sniper in U.S. military history, New York assistant D.A. Owen Gray is trying to put his past behind him. But a relentless sniper is stalking New York and Gray realizes the murders are an adversary's challenge. The marksman won't stop until Gray raises his

rifle again in a final confrontation.

*The Naked and the Dead* Norman Mailer, 2013-10-15 Hailed as one of the finest novels to come out of the Second World War, *The Naked and the Dead* received unprecedented critical acclaim upon its publication and has since enjoyed a long and well-deserved tenure in the American canon. This fiftieth anniversary edition features a new introduction created especially for the occasion by Norman Mailer. Written in gritty, journalistic detail, the story follows a platoon of Marines who are stationed on the Japanese-held island of Anopopei. Composed in 1948 with the wisdom of a man twice Mailer's age and the raw courage of the young man he was, *The Naked and the Dead* is representative of the best in twentieth-century American writing.

'night, Mother Marsha Norman, 1983-08 The play focuses on a disappointed and despondent young woman who methodically plans her own death.

**Oh My Goddess! Volume 41** Kosuke Fujishima, 2017-07-26 Thrym — in Norse legend, the frost giant who once stole Thor's hammer! But in *Oh My Goddess!*, Thrym is no legend, but a very real, buffed-out demoness who stands guard over the next chamber of Hell, aiming to stop Keiichi and the goddesses in their journey to free Hild. To defeat this massive door warden, spells won't be enough — and Belldandy must engage in something shocking for her . . . hand-to-hand combat!
