**Asylum** John Saul,1997 A multi-part serial novel that brings to terrifying life the small New England town of Blackstone--and the secrets and sins that lay buried there.

In the Shadow of Evil John Saul,1997 The embroidered linen handkerchief should make a lovely present. But is this token of affection the innocent object it seems? The Blackstone Chronicles will soon be a major TV miniseries.

**An Accidental Affair (Liliana Batchelor Series 1)** Holly Blackstone,

Shadows John Saul,2010-11-03 They call it the Academy. A secluded, cliff-top mansion overlooking the rugged Pacific coast. A school for children gifted -- or cursed -- with extraordinary minds. Children soon to come under the influence of an intelligence even more brilliant than their own -- and unspeakably evil. For within this mind a dark plan is taking form. A plan so horrifying, no one will believe it. No one but the children. And for them it is already too late. Too late, unless one young student can resist the seductive invitation that will lead... into the Shadows.

*The Right Hand of Evil* John Saul,2000-05-02 When the Conways move into their ancestral home in Louisiana after the death of an estranged aunt, it is with the promise of a new beginning. But the house has a life of its own. Abandoned for the last forty years, surrounded by thick trees and a stifling sense of melancholy, the sprawling Victorian house seems to swallow up the sunlight. Deep within the cold cellar and etched into the very walls is a long, dark history of the Conway name--a grim bloodline poisoned by suicide, strange disappearances, voodoo rituals, and rumors of murder. But the family knows nothing of the soul-shattering secrets that snake through generations of their past. They do not know that terror awaits them. For with each generation of the Conways comes a hellish day of reckoning. . . .

**Killer Triggers** Joe Kenda,2021-03-09 The most common triggers for homicide are fear, rage, revenge, money, lust, and, more rarely, sheer madness. This isn't an exact science, of course. Any given murder can have multiple triggers. Sex and revenge seem to be common partners in crime. Rage, money, and revenge make for a dangerous trifecta of triggers, as well. This book offers my memories of homicide cases that I investigated or oversaw. In each case, I examine the trigger that led to death. I chose this theme for the book because even though the why of a murder case may not be critical in an investigation, it can sometimes lead us to the killer. And even if we solve a case without knowing the trigger, the why still intrigues us, disrupting our dreams and lingering in our minds, perhaps because each of us fears the demons that lie within our own psyche--the triggers waiting to be pulled.

*Twist of Fate* John Saul,1997 Jules Hartwick is president of the bank, but he's also under investigation by the Federal Reserve, and then he receives the silver locket.

Crossing Over Anna Kendall,2010-10-14 Roger Kilbourne has the ability to cross over into the land of the dead and speak with its residents. It is a startling gift, and not a pleasant one. Roger manages to escape his brutal uncle, who has exploited his talents for years; after he gets a job in the palace laundry, he thinks he will be safe. Instead, there are worse dangers. First, he falls hopelessly in love with the bewitching, willful Lady Cecilia; next, he is pulled into the midst of life-threatening court intrigue. Soon Roger is using his gift as a way to get the life he dreams of--even if it means bringing the dead back to the land of the living.

**Creature** John Saul,2010-11-03 A powerful high-tech company. A postcard-pretty company town. Families. Children. Sunshine. Happiness. A high school football team that never-ever loses. And something else. Something horrible ... Now, there is a new family in town. A shy, nature-loving teenager. A new hometown. A new set of bullies. Maybe the team's sports clinic can help him. Rebuild him. They won't hurt him again. They won't dare.

**King of Capital** David Carey,John E. Morris,2012-02-07 The story of Steve Schwarzman, Blackstone, and a financial revolution, King of Capital is the greatest untold success story on Wall Street. In King of Capital, David Carey and John Morris show how Blackstone (and other private equity firms) transformed themselves from gamblers, hostile-takeover artists, and 'barbarians at the gate' into disciplined, risk-conscious investors while the financial establishment--banks and investment bankers such as Citigroup, Bear Stearns, Lehman, UBS, Goldman Sachs, Merrill Lynch, Morgan Stanley--were recklessly assuming risks, leveraging up to astronomical levels and driving the economy to the brink of disaster. Now, not only have Blackstone and a small coterie of competitors wrested control of corporations around the globe, but they have emerged as a major force on Wall Street, challenging the likes of Goldman Sachs and Morgan Stanley for dominance. Insightful and hard-hitting, filled with never-before-revealed details about the workings of a heretofore secretive company that was the personal fiefdom of Schwarzman and Peter Peterson, King of Capital shows how Blackstone and private equity will drive the economy and provide a model for how financing will work in the years to come.

**The Sentinel** Jeffrey Konvitz,2016-01-12 Jeffrey Konvitz's New York Times-bestselling horror novel about a young woman descending into demonic madness who discovers it's not simply in her mind Aspiring model Allison Parker finally moves into her dream apartment: a brownstone on Manhattan's Upper West Side. But her perfect home quickly turns hellish. The building is filled with a cast of sinister tenants, including a reclusive blind priest, who seems to watch her day and night through an upstairs window. Eventually, Allison starts hearing strange noises from the empty apartment above hers. Before long, she uncovers the building's demonic secret and is

plunged into a nightmare of sinful misdeeds and boundless evil. In the tradition of Rosemary’s Baby, this gripping novel was adapted into a feature film starring Ava Gardner, Cristina Raines, and Chris Sarandon. The Sentinel is classic horror at its best.

*Suffer the Children* John Saul,2010-10-27 Innocence dies so easily. Evil lives again . . . and again . . . and again. One hundred years ago in Port Arbello a pretty little girl began to scream. And struggle. And die. No one heard. No one saw. Just one man whose guilty heart burst in pain as he dashed himself to death in the sea. Now something peculiar is happening in Port Arbello. The children are disappearing, one by one. An evil history is repeating itself. And one strange, terrified child has ended her silence with a scream that began a hundred years ago.
