**Section 1031 Exchanges For Real Estate Investors and Professionals** Bradley Borden,2021-08-16 Most owners of real property wish to preserve the value of their investments, and many accomplish that goal by exchanging properties under section 1031 of the Internal Revenue Code. Although many property owners and their advisors have heard of section 1031, they may not be aware of all the nuances of section 1031. This book details the benefits of section 1031 and illustrates its application to typical and complex transactions. Using practical examples, the book demonstrates how taxes paid on the disposition of real property can erode a property owner's net worth and how doing a section 1031 exchange can prevent that erosion. The book describes several types of exchanges, including multi-party exchanges, deferred exchanges, reverse exchanges, improvements exchanges, and drop-and-swaps, and leads readers through each of those exchange structures with real-world examples and diagrams. The book also discusses related-party exchanges, exchanges of mixed-use property (i.e., property held for both business and personal use), and factors that may affect an investor's decision to acquire a DST, TIC interest, or triple-net property as replacement property.

**Like-kind Exchanges Under Code Section 1031** Nancy N. Grekin,2013 Code Section 1031 like-kind exchanges have an essential place in business and investment tax planning. Indeed, there is an entire industry that has grown up to support and consummate such exchanges on the heels of the Starker decision, which validated deferred three-party exchanges. The advent of corporate accommodators, and the adoption of taxpayer-friendly regulations that codified much of the post-Starker practices by tax advisors, have led to a large body of law, rulings and practices. The apparent simplicity of Section 1031 has lulled many advisors into believing that handling exchanges is simple. But the devil is in the details--and the regulations can be understood only if you understand the evolution of the law and the rulings leading to the regulations.
