Fawn in the wood - 1890 edition illustrated

Fawn Island Douglas Wood,2001-02-13 Fawn Island is a place where crows serve as alarm clocks, white-throated sparrows leave the tracks of their songs upon the evening hush, and chickadees help a woodsman learn to whistle. The island is also a jumping-off place for journeys large and small, earthly and spiritual-to nearby Mallard Island, Gull Island, or Bald Rock, by sea kayak into the wild recesses of sprawling Voyageurs National Park, or on a midnight paddle in which the paddler can reach the silent wilderness of the stars themselves. In his latest book, best-selling author Douglas Wood guides the reader on a deep journey into the heart of the North Woods. For Wood, Fawn Island is not merely a charming wilderness hideaway; it is the entry to realms of thought and meaning as well. From its pine-clad shores he probes for insights into the nature of neighborliness and independence, of community and solitude. Out of an ancient Ojibwe legend comes an exploration of personal loss and life after death. Wood questions the notion of being a "force of nature" and the concept of the passage of time in the context of seemingly eternal trees, lakes, rock ledges, and stars. From beneath the ascending trunks of pines comes an inquiry into the principles of optimism and, finally, a personal response to the eternal question: Is the universe a friendly place? Embedded in the text like roots of the island's pines is Wood's gentle, self-

effacing humor and the author's own original pen-and-ink drawings that superbly evoke the poetry and mystery of this "small bit of rock and tree," this "lucky place" in the wilderness.

The Deer in the Wood Laura Ingalls Wilder, 1996-10-01 Even the youngest child can enjoy a special adaptation of a classic Little House tale, as Laura and Mary listen to Pa talk about meeting a mother deer and her baby fawn deep in the Big Woods of Wisconsin.

Fawn in the Forest Lucy Daniels, 1997 Mandy and James rescue an orphaned baby deer from the forest - but now they have to keep her alive. Baby Sprite is refusing to feed from a bottle - and without milk she will die. Mandy's quick thinking and Lydia's goats help the fawn get back on her feet.

The Fawn in Forest: Individual Student Edition Green (Levels 12-14) Rigby, 2000-08

The Fox and the Fawn Daniel Derasaugh, 2012-04-07 One foggy night, a little fawn wanders away from his mother and the safety of a quiet meadow in the

middle of a thick, dark forest. From the shadows of the underbrush, a stranger approaches the lonely young deer, and with a seemingly gentle demeanor, lures the youngster into the woods with the promise of the most delicious strawberries in the forest. It is not long before the fawn begins to feel something is wrong, and in the depths of a gloomy gully, he is proven correct! What follows is a thrilling, yet vital lesson in survival. Daniel Derasaugh presents an exciting and powerful story that is beautifully illustrated by Alicia Templin. Together they create a concrete example that any parent or teacher can use to explain to their children not only that they should never go with strangers, but also why.

Stranger in the Woods Carl R. Sams, Jean Stoick, 2010 A special 10th anniversary edition of this wonderful winter tale! Booksellers, librarians, parents and educators have treasured this award-winning, bestselling book since its first publication ten years ago. When *Stranger in the Woods* appeared ten years ago it became a #1 New York Times bestseller and won several awards, including the Benjamin Franklin Award and the International Reading Association Award, and has since been published in seven languages. A Heart of Wisdom Maurice Friedman, 2012-02-01

Drawing on almost half a century of immersion in the world's great religions, coupled with an ever-deepening understanding of the philosophy and phenomenology of religion, the author takes a dialogical approach through which religious reality is not seen as external creed and form or as subjective inspiration, but as the meeting in openness, presentness, immediacy, and mutuality with ultimate reality. Religion has to do with the wholeness of human life. The absolute is found, not just in the universal, but in the particular and the unique. When it promotes a dualism in which the spirit has no binding claim upon life and life falls apart into unhallowed fragments, religion becomes the great enemy of humankind.

Fawn Bry Louella Whidden

Hollingsworth, 2015-06-19 Fawn Bry is a shy young deer who is different from all the others in his herd. Gifted with the ability to hear even the tiniest of sounds, Bry is always the first to warn the other deer of danger. Together with his best friend, Doe Wynn, Bry runs, jumps, and plays for hours in the beautiful meadows. One day when Bry and Doe Mother are grazing away from the rest of the herd, he hears a sound that causes his ears and tail to perk up. After Bry and his mother hide in the brush away from the danger he senses, they finally emerge to discover Doe Wynn is gone forever. Now Bry must find comfort in his memories as he grows older and happiness as life is created once again. Fawn Bry shares the poignant tale of a special young deer's journey through loss as he learns about the circle of life and how to honor

his friend's memory.

A Little House Picture Book Treasury Laura Ingalls Wilder, 2017-09-19 This hardcover, full-color treasury includes six picture book stories adapted from the classic Little House books. The Little House series introduced generations of readers to Laura Ingalls Wilder's life on the frontier. Now with this illustrated storybook collection, the youngest readers can share in her world as well. Laura Ingalls lives in a snug little log cabin with her ma, her pa, her sisters, Mary and Carrie, and their dog, Jack. Almanzo Wilder lives on a farm with his family and lots of animals. These pioneer children have all sorts of adventures, including trips to town, county fairs, cozy winter days, and holidays with family. The six stories included in this treasury were originally published as stand-alone picture books: A Little Prairie House, Going to Town, County Fair, Sugar Snow, Winter Days in the Big Woods, and Christmas in the Big Woods.

Last Child in the Woods Richard Louv, 2008-04-22

"The children and nature movement is fueled by this fundamental idea: the child in nature is an endangered species, and the health of children and the health of the Earth are inseparable." —Richard Louv, from the new edition In his landmark work Last Child in the Woods, Richard Louv brought together cutting-edge studies that pointed to direct exposure to nature as essential for a child's healthy physical and emotional development. Now this new edition updates the growing body of evidence linking the lack of

nature in children's lives and the rise in obesity, attention disorders, and depression. Louv's message has galvanized an international back-to-nature campaign to "Leave No Child Inside." His book will change the way you think about our future and the future of our children. "[The] national movement to 'leave no child inside' . . . has been the focus of Capitol Hill hearings, state legislative action, grass-roots projects, a U.S. Forest Service initiative to get more children into the woods and a national effort to promote a 'green hour' in each day. . . . The increased activism has been partly inspired by a best-selling book, *Last Child in the Woods*, and its author, Richard Louv." –The Washington Post "Last Child in the Woods, which describes a generation so plugged into electronic diversions that it has lost its connection to the natural world, is helping drive a movement quickly flourishing across the nation." –The Nation's Health "This book is an absolute must-read for parents." –The Boston Globe Now includes A Field Guide with 100 Practical Actions We Can Take Discussion Points for Book Groups, Classrooms, and Communities Additional Notes by the Author New and Updated Research from the U.S. and Abroad

Children of Swamp and Wood Archibald
Rutledge, 1927

Alice to the Lighthouse Juliet
Dusinberre, 2016-07-27 *Alice to the Lighthouse* is the first and only full-length study of the relation between children's literature and writing for adults. Lewis Carroll's *Alice* books created a revolution in writing for and about children which

had repercussions not only for subsequent children's writers - such as Stevenson, Kipling, Nesbit, Frances Hodgson Burnett and Mark Twain - but for Virginia Woolf and her generation. Virginia Woolf's celebration of writing as play rather than preaching is the twin of the Post-Impressionist art championed by Roger Fry. Dusiemberre connects books for children in the late nineteenth century with developments in education and psychology, all of which feed into the modernism of the early twentieth century.

The Fawn Michèle Dufresne, Pioneer Valley Books, 2005 A young, sickly fawn shows up at Kelsey's house. Can the family save it? Students will enjoy this poignant story about a fawn, a girl, and her dog.
