**Spies of the Kaiser** William Le Queux,2013-03-10 -Spies of the Kaiser- is written as a novel, based on what Le Queux describes as -serious facts.- He describes a scenario whereby more than 5,000 German, Swiss, Belgian and French spies are working in Great Britain during WWI alongside the German Secret Police. The spying activity, operating with the full knowledge of the UK government, is an organised and highly effective system whereby the secrets of Britain's armament, defences and newest inventions are passed to its enemies. But is Le Queux a serious author with detailed knowledge of British and German intelligence, or simply a master at selling books? Let history,

and the reader, be Le Queux's judge.

**Spies of the Kaiser** William Le Queux, 2014-01-14 Le Queux was the first and most prolific of all British spy writers, but *Spies of the Kaiser* was not just another tale of scheming foreigners and plucky British heroes, for this paranoid tale of German secret agents plotting the invasion of Britain played a major part in the formation of MI5, Britain's counter-espionage organisation. In his introduction, intelligence historian Nicholas Hiley explains how Le Queux's powerful blend of fact and fiction inspired a whole generation of British secret service officers, and led MI5 in a nation-wide hunt for a non-existent enemy.

*The German Spy System from Within* William Le Queux, 2013-11 The amazing ramifications of the

German spy system in England are, unfortunately, not even to-day fully realised by the British public, or admitted by the Government. In face of the hard facts contained in this book, in face of the serious statements of Members in the House of Commons, and in face of what the public are themselves daily reporting to the “authorities,” the present apathy of the Government, and its refusal to admit the peril and deal with spies with a firm hand, is little short of criminal. Seven years before the outbreak of war, by a mere accident while in Germany, I was able to place before the Intelligence Department of the War Office certain facts which, on being thoroughly investigated, resulted in the establishment of a department for contra-espionage. Therefore, however lightly the Government may to-day affect to treat the question, the fact remains that they have, all along, known of the existence of a horde of German secret-agents in our midst.
