Harold the Herald ,1990 Miss Quincy's class learns about the duties of a herald in medieval England and the meaning of heraldic symbols.

The Herald Ed Greenwood,2014-06-03 Elminster fights for the future of Faerûn in this stirring climax to the Sundering series, from the creator of the Forgotten Realms Chaos grips Faerûn as vainglory, prophecy, and ancient forces coningle in the shadows cast by war. Agents of the Shadovar lurk in the corners of Candlekeep in search of the arcane secrets that will power their war machine toward Myth Drannor. Gods and their Chosen run amok, all in a gambit to seize power. And a threat foretold by an ancient seer stirs. At the heart of it all, Mystra—the great Goddess of Magic—has withdrawn from the world. Without her protection, Elminster, her greatest champion, fears for the nascent Weave, the fabric of magic Mystra wields to bind Faerûn. Will the Nightseer Shar, mistress of the great and fearsome Shadovar, seize the opportunity to blanket the world with her Shadow Weave? With the help of Storm Silverhand and his protégé, Amarune, Elminster works frantically to strengthen the Weave's tethers and forestall what seems an inevitable reckoning. But other interests machinate for their own sinister ends. As the Sundering draws nigh, Elminster and his heroic cohort must see the signs for what they are. The choice of worlds lies in the balance. The Herald is also loosely connected to the Elminster series and Sage of Shadowdale series.

The Paper: The Life and Death of the New York Herald Tribune Richard Kluger, 2021-04-12 Few American newspapers, perhaps none, have matched the New York Herald Tribune in the crispness of its writing and editing, the bite of its commentators, the range of its coverage and the clarity of its typography. The "Trib", as it was affectionately called, raised newspapering to an art form. It had an influence and importance out of all proportion to its circulation. During the Civil War, Abraham Lincoln went to great lengths to retain the support of its co-founder, Horace Greeley. President Eisenhower felt it was such an important institution and Republican organ that he helped broker its sale to its last owner, multimillionaire John Hay Whitney. The Trib's spectacularly distinguished staffers and contributors included Karl Marx, Tom Wolfe, Walter Lippmann, Dorothy

Thompson, Virgil Thomson, Eugenia Sheppard, Red Smith, Heywood Broun, Walter Kerr, Homer Bigart, and brothers Joseph and Stewart Alsop. At the close of World War II, the Herald Tribune, the marriage of two newspapers that had done more than any others to create modern daily journalism, was at its apex of power and prestige. Yet just twenty-one years later, its influence still palpable in every newsroom across the nation, the Trib was gone. This is the story *The Paper*, a 1986 finalist of the National Book Award for Nonfiction and winner of the George Polk Prize, tells. "Probably the best book ever written about an American newspaper. But it is more than that — a brilliant piece of social history that recounts in vivid and telling detail the changing conception of 'news' in America... The book is chockablock with marvelous yarns... And what a cast of characters Kluger has to work with... Some of the most vivid pages in *The Paper* are Kluger's portraits of these arresting personalities." — J. Anthony Lukas, *The Boston Globe* "Monumental... with a narrative sweep that is always absorbing and sometimes breathtaking... What invigorates this history is Mr. Kluger's enthusiasm for his subject, which is apparent everywhere in the loving detail with which he tells the story... and in the liveliness of the prose with which he profiles some of the Tribune's more unusual personalities." — Christopher Lehmann-Haupt, *The New York Times* "Engrossing... if there is a better book about an American newspaper, I am unaware of it... It is loaded to the gunnels with newspaper anecdotes, but at its core *The Paper* is a book about the relationship between the press and the powerful, the press and the wealthy." — Jonathan Yardley, *Washington Post Book World* "The romance of *The Front Page*, genteel anti-Semitism, the disaster of newspaper labor relations, and the rise and fall of newspaper fortunes. All are there in *The Paper*. It is

irresistible.” — Anthony Lewis “Compelling... most delightfully so when Mr. Kluger is limning the words and deeds of the people who made The Paper crackle with vitality for more than a century... He does a remarkable job of bringing these people to life on the printed page.” — David Shaw, The New York Times Book Review “Remarkable... a fascinating account of a greatness that once was... This book will hold you in its narrative grip as you revel in a story of a grand venture and epic characters... Here the history of a newspaper is a graphic presentation of a nation’s life.” — Kirkus Reviews “Richard Kluger is uniquely qualified to tell this tale... He brings a novelist’s imagination to some vivid material.” — Paul Gray, Time Magazine “Fascinating from start to finish, the best book about American journalism since Swanberg’s Citizen Hearst. Huge and engrossing.” — Larry Lee, San Francisco Chronicle “A magnificently romantic history not only of the ill-fated New York Herald Tribune but of New York newspapering generally... peopled with unforgettable heroes and knaves.” — Robert Sherrill, Chicago Sun-Times

Call of the Herald Brian Rathbone, 2010-06-05 Book One of The Dawning of Power trilogy. Echoes of the ancients' power are distant memories, tattered and faded by the passage of eons, but that is about to change. A new dawn has arrived. Latent abilities, harbored in mankind's deepest fibers, wait to be unleashed. Ancient evils awaken, and old fears ignite the fires of war.

The Herald Years Jack Webster, 1996-11-21 Voted Columnist of the Year in 1996, Jack Webster is one of the most popular journalists in Scotland today. His columns in The Herald have won him many friends, who will be delighted at this new collection of Jack's best work.

The Second Life Herald Peter Ludlow, Mark Wallace, 2007 When a virtual journalist for a virtual newspaper reporting on the digital world of an online game lands on the real-world front page of the New York Times, it just might signal the dawn of a new era. Virtual journalist Peter Ludlow was banned from The Sims Online for being a bit too good at his job--for reporting in his virtual tabloid The Alphaville Herald on the cyber-brothels, crimes, and strong-arm tactics that had become rife in the game--and when the Times, the BBC, CNN, and other media outlets covered the story, users all over the Internet called the banning censorship. Seeking a new virtual home, Ludlow moved the Herald to another virtual world--the powerful online environment of Second Life--just as it was about to explode onto the international mediascape and usher in the next iteration of the Internet. In The Second Life Herald, Ludlow and his colleague Mark Wallace take us behind the scenes of the Herald as they report on the emergence of a fascinating universe of virtual spaces that will become the next generation of the World Wide Web: a 3-D environment that provides richer, more expressive interactions than the Web we know today. In 1992, science fiction writer Neal Stephenson imagined the Metaverse, a virtual space that we would enter via the Internet and in which we would conduct important parts of our daily lives. According to Ludlow and Wallace, that future is coming sooner than we may think. They chronicle its chaotic, exhilarating, frightening birth, including the issue that the mainstream media often ignore: conflicts across the client-server divide over who should write the laws governing virtual worlds.

The Herald Dream Richard Kradin, 2018-05-08 This monograph focuses on a systemic approach to dream interpretation and the unique importance of the initial dream. The first

dream reported in a psychoanalytic therapy session poignantly encapsulates the major issues that the patient brings to the treatment. These dreams 'herald' the trajectory of the treatment and can be interpreted in the service of psychodynamic diagnosis and prognosis. The book melds aspects of Jungian dream analysis, with neo-Freudian analytic thought, current neurobiological concepts, and Buddhist psychology, to yield a rich and powerful understanding of how dreams symbolize the multifaceted aspects of the psyche. Multiple examples of initial dreams are discussed in detail, with suggestions for how they can inform the analytic stance and serve as objects for analysis over the course of a treatment.

The Herald of Coming Good George Ivanovich Gurdjieff,2020-09-28 Before venturing

to unfold the very substance of my first appeal to contemporary humanity, I count it essential and even in every way my duty, to set forth—even if only approximately—the motives which compelled me to assume the whole burden of such an artificial life. This protracted and, for me, absolutely unnatural life. absolutely irreconcilable, too, in every way with the traits that had entrenched themselves in my individuality by the time of my maturity, was the direct consequence of my decision, founded upon the results of my previous study of a whole series of historic precedents with a view, first of all,—to preventing, by to a certain degree unnatural outward manifestations of myself, the formation, in relation to me, of that already noted from ancient times “ something “, termed by the great Solomon, King of “ Juda, ” Tzvarnoharno , which, as was set out by our ancestors, forms itself by a natural process in the communal life of people as an outcome of a conjunction of the evil actions of so-called “ common people ” and leads to the destruction of both him that tries to achieve something for general human welfare and of all that he has already accomplished to this end. Secondly, with a view,—to counteracting the manifestation in people with whom I came in contact of that inherent trait which, embedded as it is in the psyche of people and acting as an impediment to the realization of my aims, evokes from them, when confronted with other more or less prominent people, the functioning of the feeling of enslavement, paralysing once and for all their capacity for displaying the personal initiative of which I then stood in particular need. My aim at that time was concentrated upon the creation of conditions permitting the comprehensive elucidation of one complicated and with difficulty explicable aspect of the question which had, already long before the beginning of this my artificial life, inhered in

my being, and the necessity of whose final solution has, whether by the will of fate or thanks to the inscrutable laws of heredity, become and would, at the moment, appear to be the fundamental aim of my whole life and of the force motivating my activity. I find myself obliged—in this, so to say, definitive statement as a writer, which will also have to serve among other things as a sort of "prospectus" of the new phase of my unremitting activity for the welfare of my neighbours,—to give a brief outline of the history of the rise and development of those events and causes which were responsible for the formation in my individuality of the unquenchable striving to solve this question, which had, in the end, become for me what modern psychologists might term an "irresistible Mania." This mania began to impose itself upon my being at the time of my youth when I was on the point of attaining responsible age and consisted in what I would now term an "irrepressible striving" to understand clearly the precise significance, in general, of the life process on earth of all the outward forms of breathing creatures and, in particular, of the aim of human life in the light of this interpretation. Although a multitude of very specific factors, conditioned by my upbringing and education, had served as the primal cause for the formation in my being of the ground giving rise to such, for contemporary man, unusual striving, yet, as I understood later upon giving thought to the matter, the principal cause must in the end be attributed to those entirely accidental circumstances of my life which coincided precisely with the aforesaid transition from preparatory age to responsible age, and which may all be summed up in the fact that all my contacts at the time were almost exclusively with such persons of my age or my seniors who were either in the process of being formed themselves or who had already been formed into precisely that, of late

increased amongst us, " psychic typicality " of people, the formation of which, as I myself have statistically established during the existence of my foundation, "The Institute For Man's Harmonious Development" , is due to the fact that the future representatives of this " typicality " have never, either with a view to the real understanding of actuality, or in the period of their preparatory age, or, again, in the period of their responsible life, absolutely never, and in spite of the obvious necessity of such a step, laid themselves open to experience, but have contented themselves with other people's fantasies, forming from them illusory conceptions and, at the same time, limiting themselves to intercourse with those like them, and have automatised themselves to a point of engaging upon authoritative discussions of all kinds of seemingly scientific, but, for the most part, abstract themes.

The Herald of Divine Love Saint Gertrude (the Great),1993

The Herald of the Cross J. Todd Ferrier,1910

The Paris Herald James Oliver Goldsborough,2014-05-20 Any American traveling in the world today will come across the Paris Herald somewhere, though it now goes under the name the International New York Times. Never mind, at heart it is still the Paris Herald and traces its roots to Paris at the beginning of the 20th Century when it was as familiar in the kiosks of the Left Bank and the Champs Elysées as the latest article in l'Aurore by Zola or newest installment by Proust in his never ending search for lost time. The Paris Herald, narrative historical fiction, tells the story of the world's most famous newspaper, focusing on the key years of the 1960s, when the fates of the newspaper and of the regime of Charles de Gaulle became curiously intertwined. The story centers on intrigue and rivalry among the New York Herald Tribune, New York Times and Washington Post. When the Herald Tribune ceased operations in New York in 1966, the Times, which had started its own European Edition in 1960, expected the Paris Herald to close, too, giving the Times victory in Paris as well as New York. But Herald Tribuneowner Jock Whitney wouldn't sell to the Times, preferring to join with Katharine Graham, who'd taken charge at the Post after her husband's death. Within months, the Times came, hat-in-hand, offering to close its European edition and asking to buy into the new Herald/Post

partnership. The Times neither forgave nor forgot its humiliation. The Paris Herald is the story of many people: of Frank Draper, who fought in the Lincoln Brigade; Byron Hallsberg, who joined the Hungarian uprising; Dennis Klein, researching the Nazi occupation of Paris; Suzy de Granville, searching for family roots; Wayne Murray, escaping homophobia; of Steve and Molly Fleming, living the high life; Sonny Stein and Al Lodge and Connie Marshall and Ben Swart and Eddie Jones, paperboy, all finding themselves at the Paris Herald for their own reasons and ending up in the fight to keep the newspaper alive. The 1960s was a tumultuous decade. The conflict in America over race and the Vietnam War spread to Europe, setting off terrorism, riots and revolt across the continent and threatening already shaky regimes. Nowhere was the risk of collapse greater than in France, where the revolt of 1968 nearly toppled the government and led to the resignation of President Charles de Gaulle the following year. Throughout those difficult times, the Paris Herald was at the center of events. Since being founded in 1887 by James Gordon Bennett, Jr., the Paris Herald has been essential to American expatriate life in Europe. In France, many Americans put down roots, married into French families and became permanent expatriates, in some cases exiles, like Bennett himself. The tense events of the 1960s touched the lives of every American in Paris, including many well-known artistic exiles: James Baldwin, Art Buchwald, William Saroyan, James Jones, Bud Powell, Dexter Gordon, Kenny Clarke, Joe Turner, Memphis Slim. As the crisis deepened, one shadowy man became the link between de Gaulle and the troika of newspaper owners, Whitney, Graham and Arthur Ochs Sulzberger. This man, Henri de Saint-Gaudens, a high French official in the Elysée Palace, understood the Herald's historical importance to

Paris. The Paris Herald, a novel, is riveting historical drama, as relevant today as yesterday. It is a story never before told.
