Caveman Logic Hank Davis,2009-12-30 Davis laments a modern world in which more people believe in ESP, ghosts, and angels than in evolution. Superstition and religion get particularly critical treatment, although Davis argues that religion, itself, is not the problem.

Lean Body, Fat Wallet Ellie Kay,Danna Demetre,2013-12-17 What's good for the wallet is good for the body—an innovative approach to improving both your wealth and your health. What would you do if you finally lost that weight and had energy to burn? How different would your life be if you were completely out of debt and in control of your finances? And what if you could do both at the same time with just a few simple, sustainable lifestyle changes? It can happen for you—without drastic dieting or austerity budgets, and even if you've tried and failed in the past. Ellie Kay and Danna Demetre are life experts in two seemingly different fields—finance and fitness. Working together, they realized the principles and habits that help you balance your budget are the same ones that help you lose weight and keep it off. The result is an innovative “two for one” approach that can literally transform your life. Here's just a sampling of what you'll find in *Lean Body, Fat Wallet*: Four essential habits for satisfying, sustainable change—and how to make them part of your life Ten “failure factors” that trip us up—and how to steer clear of them The single key that makes it all work: “renewing the mind” Proven strategies to overcome emotional eating and spending An all-purpose investment principle to keep you moving forward in hope A wealth of stress busters that don't rely on food or money A game plan for raising fit and frugal kids Why giving is an essential part of achieving physical and financial health

Auggie Wren's Christmas Story Paul Auster,2014-05-13 A timeless, utterly charming Christmas fable, beautifully illustrated and destined to become a classic When Paul Auster was asked by The New York Times to write a Christmas story for the Op-Ed page, the result, Auggie Wren's Christmas Story, led to Auster's collaboration on a film adaptation, Smoke. Now the story has found yet another life in this enchanting illustrated edition with Argentine artist Isol. It begins with a writer's dilemma: he's been asked by The New York Times to write a story that will appear in the paper on Christmas morning. The writer agrees, but he has a problem: How to write an unsentimental Christmas story? He unburdens himself to his friend at his local cigar shop, a colorful character named Auggie Wren. A Christmas story? Is that all? Auggie counters. If you buy me lunch, my friend, I'll tell you the best Christmas story you ever heard. And I guarantee every word of it is true. And an unconventional story it is, involving a lost wallet, a blind woman, and a Christmas dinner. Everything gets turned upside down. What's stealing? What's giving? What's a lie? What's the truth? It's vintage Auster, and pure pleasure: a truly unsentimental but completely affecting tale.

Creative Confidence Tom Kelley,David Kelley,2013-10-15 IDEO founder and Stanford d.school creator David Kelley and his brother Tom Kelley, IDEO partner and the author of the bestselling The Art of Innovation, have written a powerful and compelling book on unleashing the creativity that lies within each and every one of us. Too often, companies and individuals assume that creativity and innovation are the domain of the creative types. But two of the leading experts in innovation, design, and creativity on the planet show us that each and every one of us is creative. In an incredibly entertaining and inspiring narrative that draws on countless stories from their work at IDEO, the Stanford d.school, and with many of the world's top companies, David and Tom Kelley identify the principles and strategies that will allow us to tap into our creative potential in our work lives, and in our personal lives, and allow us to innovate in terms of how we approach and solve problems. It is a book that will help each of us be more productive and successful in our lives and in our careers.

Millionaires for the Month Stacy McAnulty,2022-05-03 How would you spend five million dollars in 30 days? A billionaire's wallet, a bizarre challenge, and an unlikely friendship send two kids on a wild adventure. From the author of The Miscalculations of Lightning Girl. Felix Rannells and Benji Porter were never supposed to be field-trip partners. Felix is a rule follower. Benji is a rule bender. They're not friends. And they don't have anything to talk about. Until . . . They find a wallet. A wallet that belongs to tech billionaire Laura Friendly. They're totally going to return it-but not before Benji borrows twenty dollars to buy hot dogs. Because twenty dollars is like a penny to a billionaire, right? But a penny has value. A penny doubled every day for thirty days is \$5,368,709.12! So that's exactly how much money Laura Friendly challenges Felix and Benji to spend. They have thirty days. They can't tell anyone. And there are LOTS of other rules. But if they succeed, they each get ten million dollars to spend however they want. Challenge accepted! They rent cool cars, go to Disney World, buy pizza for the whole school-and that's just the beginning! But money can't buy everything or fix every problem. And spending it isn't always as easy and fun as they thought it would be. . . . As smart as it is entertaining, Millionaires for the Month is a thought-provoking story about friendship, privilege, and the value of a penny.

The Lost Girls: A Vampire Revenge Story Sonia Hartl,2021-09-14 Getting over Your Vampire Ex is as Easy as Killing Him and Stealing His Girlfriend Holly Liddell has been stuck with crimped hair since 1987 when she agreed to let her boyfriend, Elton, turn her into a vampire. But when he ditches her at a gas

station a few decades into their eternity together, she realizes that being young forever actually means working graveyard shifts at Taco Bell, sleeping in seedy motels, and being supernaturally compelled to follow your ex from town to town—at least until Holly meets Elton's other exes. It seems that Holly isn't the only girl Elton seduced into this wretched existence. He turned Ida in 1921, then Rose in 1954, and he abandoned them both before Holly was even born. Now Rose and Ida want to kill him before he can trick another girl into eternal adolescence, and they'll need Holly's help to do it. And once Holly starts falling for Elton's vulnerable new conquest, Parker, she'll do anything to save her. To kill Elton for good, Holly and her friends will have to dig up their pasts, rob a bank, and reconcile with the people they've hurt in their search for eternal love. And to win the girl, Holly will have to convince Parker that she's more than just Elton's crazy ex—even though she is trying to kill him.

The Lost Girls Heather Young, 2016-07-26 "The delicacy of [Young's] writing elevates the drama and gives her two central characters depth and backbone... For all the beauty of Young's writing, her novel is a dark one... And the murder mystery that drives it is as shocking as anything you're likely to read for a good long while." — New York Times Book Review A stunning novel that examines the price of loyalty, the burden of regret, the meaning of salvation, and the sacrifices we make for those we love, told in the voices of two unforgettable women linked by a decades-old family mystery at a picturesque lake house. In 1935, six-year-old Emily Evans vanishes from her family's vacation home on a remote Minnesota lake. Her disappearance destroys the family—her father commits suicide, and her mother and two older sisters spend the rest of their lives at the lake house, keeping a decades-long vigil for the lost child. Sixty years later, Lucy, the quiet and watchful middle sister, lives in the lake house alone. Before her death, she writes the story of that devastating summer in a notebook that she leaves, along with the house, to the only person who might care: her grandniece, Justine. For Justine, the lake house offers freedom and stability—a way to escape her manipulative boyfriend and give her daughters the home she never had. But the long Minnesota winter is just beginning. The house is cold and dilapidated. The dark, silent lake is isolated and eerie. Her only neighbor is a strange old man who seems to know more about the summer of 1935 than he's telling. Soon Justine's troubled oldest daughter becomes obsessed with Emily's disappearance, her mother arrives to steal her inheritance, and the man she left launches a dangerous plan to get her back. In a

house haunted by the sorrows of the women who came before her, Justine must overcome their tragic legacy if she hopes to save herself and her children.
