The Mastermind Evan Ratliff,2019-01-29 The incredible true story of the decade-long quest to bring down Paul Le Roux—the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur. “A tour de force of shoe-leather reporting—undertaken, amid threats and menacing, at considerable personal risk.”—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Evening Standard • Kirkus Reviews It all started as an online prescription drug network, supplying hundreds of millions of dollars’ worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux—a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux’s empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a riveting, unprecedented account of a crime boss built by and for the digital age. Praise for The Mastermind “The Mastermind is true crime at its most stark and vivid depiction. Evan Ratliff’s work is well done from beginning to end, paralleling his investigative work with the work of the many federal agents developing the case against LeRoux.”—San Francisco Book Review (five stars) “A wholly engrossing story that joins the worlds of El Chapo and Edward Snowden; both disturbing and memorable.”—Kirkus Reviews (starred review)

The Master's Mind Lance Hahn,2017-09-19 God Wants to Help You Overcome Your Greatest Battle of All What we think and believe determines who we are. If that’s so, then why are we so insecure, defensive, lonely, empty, fearful, depressed, self-absorbed, dysfunctional, angry and confused? We are a mess. But that’s not what God has in mind for us. In fact, the Master has hope, strength, beauty, joy, love, creativity, freedom, power, peace, patience, goodness, laughter, organization, effectiveness and purpose for us. So, what went wrong? We lost our identity in our sin. We’ve become unanchored, tossed about on the sea of a million influences, none of which is our Master’s heart or mind. Between the world, the flesh and the devil, we don’t know what to think and therefore our lives are filled with hurt, pain and regret. Someone is running the show in our minds and it’s not us, at least not the real us, nor the real owner. Jesus is not okay with this. He died to save us from our sins and set us free. He made a way for our souls to be rescued from our enemies. He bought the territory of our minds and planted His flag of holy ground. It’s time for us to get angry enough to take back control of our minds, to master them and bring them back in alignment with the Master’s will. It’s time to return to The Master’s Mind.

Mastermind Maria Konnikova,2013-01-03 The New York Times bestselling guide to thinking like literature's greatest detective. Steven Pinker meets Sir Arthur Conan Doyle (Boston Globe), by the author of The Confidence Game. No fictional character is more renowned for his powers of thought and observation than Sherlock Holmes. But is his extraordinary intellect merely a gift of fiction, or can we learn to cultivate these abilities ourselves, to improve our lives at work and at home? We can, says psychologist and journalist Maria Konnikova, and in Mastermind she shows us how. Beginning with the “brain attic”—Holmes’s metaphor for how we store information and organize knowledge—Konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights. Drawing on twenty-first-century neuroscience and psychology, Mastermind explores Holmes’s unique methods of ever-present mindfulness, astute observation, and logical deduction. In doing so, it shows how each of us, with some self-awareness and a little practice, can employ these same methods to sharpen our perceptions, solve difficult problems, and enhance our creative powers. For Holmes aficionados and casual readers alike, Konnikova reveals how the world’s most keen-eyed detective can serve as an unparalleled guide to upgrading the mind.

MASTER MIND - The Key To Mental Power Development And Efficiency William Walker Atkinson,2023-12-06 This carefully crafted ebook: MASTER MIND - The Key To Mental Power Development And Efficiency is formatted for your eReader with a functional and detailed table of contents. Find out what is the difference between a Master Mind and any other form of Mind, how to achieve the true mental power and efficiency. The ordinary mind is a mere creature of circumstances, driven hither and thither by the winds of outside forces, and lacking the guidance of the hand on the wheel, and being without the compass; while the Master Mind proceeds in the true course mapped

out by Intelligence, and determined by will. The Master Mind is consciously, deliberately, and voluntarily built up, cultivated, developed, and used; whereas the ordinary mind is usually unconsciously built up, cultivated, and developed by the force and power of impressions from the outside world, and is usually employed and used with little or no conscious direction by its own will. The ordinary mind is like a dumb, driven animal, while the Master Mind is like the strong-willed, intelligent, masterful Man. William Walker Atkinson (1862-1932) was a prolific writer. His works treat themes related to the mental world, occultism, divination, psychic reality, and mankind's nature. They constitute a basis for what Atkinson called New Psychology or New Thought.

Master Mind Napoleon Hill,2021-09-21 Napoleon Hill on two occasions wrote extensive memoirs about his life, starting with his youth in Wise County, Virginia, and ending, apparently, during World War II. I say “apparently” because the archives of the Napoleon Hill Foundation contain these two manuscripts, but they are obviously incomplete and end in the 1940s. Mr. Hill died in 1970. His last book, Grow Rich with Peace of Mind, was written in 1967 and sheds some light on his later years; but his own journals and memoirs of those years, if they ever existed, have not yet been found. The two memoirs were titled by Mr. Hill, Wheel of Fortune and Hand of Destiny. They contain details of his life, including his four marriages, two divorces and one annulment, which we at the Foundation have not seen in any of his other writings or speeches. They also contain many details about his successes and failures in business and there were more failures than successes, as he readily admits. The memoirs contain thoughtful insights into the state of mind of this great thinker—how he dealt with failure, profited from defeat, turned adversity into advantage, and ultimately achieved happiness with his last wife, Annie Lou, happiness which had eluded him for most of his life. Mr. Hill has said that the Master Mind principle, in which two or more minds work harmoniously to achieve a common goal, is the most important of the seventeen principles of success he studied during his decades of research into how people attain happy and successful lives. One of the many interesting stories in the memoirs is about how he and his third wife, Rosa Lee, used the Master Mind principle to discover the only one of the seventeen principles that no one had understood or realized before, Cosmic Habitforce. The Trustees of the Napoleon Hill Foundation have combined the two memoirs into one, editing out repetition and putting events in chronological order where it made sense to do so. They chose to title the combined memoirs Master Mind, in recognition of the importance this principle played in his philosophy and life, and as a tribute to the mental giant who was the greatest thinker and writer ever in the fields of personal achievement and self-improvement.

The Power of the Master Mind Mitch Horowitz,2019-03-04 Millions read the works of Napoleon Hill and are catapulted to their dreams. Others say they get nowhere. Why? The difference between success and failure lies in the use of the Master Mind. The Master Mind, Hill taught, is the pooling of intellectual, intuitive, and creative mental resources, which occurs when two or more people enter a supportive pact to assist one another's aims. A Master Mind group multiplies the mental powers of all its participants. This is the secret ingredient, Hill insisted, that delivers lasting success. Now, acclaimed historian and New Thought author, MITCH HOROWITZ shows you, step by step, how and why the Master Mind works—and how truly easy it is to form and maintain your own Master Mind group. If you love the motivational lessons of Napoleon Hill, you cannot afford to be without the Napoleon Hill Success Course on the Master Mind. Great power, Hill wrote, can be accumulated through no other principle.

The Master Mind Theron Dumont,2021-08-04 Theron Q. Dumont was the pseudonym used by William Walker Atkinson, a highly prolific author and leader of the New Thought movement. Atkinson was one of the first authors to write about the law of attraction, or in other words that like attracts like. Decades before Esther and Jerry Hick's Money and the Law of Attraction or Rhonda Byrnes The Secret, he taught taught readers how to use the power of thought to attract wealth, health, happiness and success. In the timeless classic The Master Mind Atkinson teaches us that Our world is very much what we choose to pay attention to. He gives us the tools we need to permanently rid ourselves of the slave mentality and become Master Minds in our own right. Man has it in his power to make of himself what he will' to become his own

mental creator, instead of allowing others to create his mentality for him. Too long has man bowed to environment and outer circumstances: he is now learning to be his own environment, by means of creating the same from within. Have you decided whether you shall be the Master, or the mastered? There comes a time in the life of each one of us when this question must be answered' the course chosen. It may be that this time has come to you in the reading of these lines. Are you ready to answer it, and to make the decision? Remember the question. It is this: 'Mastery or Servitude' Which?' This book includes the full original text meticulously re-typeset and designed.

The Master's Mind, Your Legacy Kenneth W. Holleman, 2004 The Master's Mind, Your Legacy is about Clarity of Thought; discovering distinctions such as: The mind = intelligence and intellect = knowledge; then examine nature's / life's principles of 'Thought' and 'Mind' : We are the Master of Our Life and hold the Reigns to living Large or small; We are center and vital to a Wonder life and Future.

The Master Mind Theron Q. Dumont, 2017-10-09 Mind Mastery vs. Mind Slavery But, you may say, what do you mean by The Master Mind? What is the difference between a Master Mind and any other form of Mind? Simply this, good readers, that the Master Mind is consciously, deliberately, and voluntarily built up, cultivated, developed, and used; whereas the ordinary mind is usually unconsciously built up, cultivated, and developed, without voluntary effort on its own part, but solely by the force and power of impressions from the outside world, and is usually employed and used with little or no conscious direction by its own will. In short, the ordinary mind is a mere creature of circumstances, driven hither and thither by the winds of outside forces, and lacking the guidance of the hand on the wheel, and being without the compass of knowledge; while the Master Mind proceeds in the true course mapped out by Intelligence, and determined by will-with sails set so as to catch the best breeze from the outside world, and steered by the master-hand at the wheel, under the direction of the compass of intelligence. The ordinary mind is like a dumb, driven animal, while the Master Mind is like the strong-willed, intelligent, masterful Man. The average man is a very slave to his thoughts and feelings. A stream of thought and feeling flows through him, moving him hither and thither with little or no voluntary choice on his own part. Even those men who have attained a certain degree of mental mastery do but little more than to feebly steer their mental bark by the rudder of a wobbling will-they do not realize that Mastery is possible to them. Even a well known writer has said: 'We do not voluntarily create our thinking. It takes place in us. We are more or less passive recipients. We cannot change the nature of a thought; but we can, as it were, guide the ship by a moving of the helm.' It would be truer to say that we can deliberately and voluntarily select and choose the particular wind which is to force our mental boat forward or, changing the figure, to choose and select the particular stream of thought and feeling which is to be allowed to flow through our mind. There are three general conditions of human mentality, viz.: (1) Mental Slavery, in which the mind is the slave and servant of outside forces and influences; (2) Partial Freedom, in which the mind is largely controlled by outside influences, while at the same time a limited amount of voluntary control and direction has been acquired; and (3) Mental Mastery, in which the mental faculties, and emotional organism have been brought under the control of the will and judgment, and the individual is a master of, and not a slave to, environment and circumstances. The great masses of persons are in the first or the above named classes; a comparatively small number have passed into the second class; while a still smaller number have passed into the third class, and have become the Master Minds of their time and place.
