**Simple Happiness Is Just a Couple Ideas Away** Nathaniel Pheng,

**Simple Faith** Charles R. Swindoll, 2003-08-04 Trapped in complicated Christianity? Here's permission to come out of confinement! How did so many people wind up trapped by complicated systems of performance-based faith? Why do we push ourselves past our limits in pursuit of more works than any reasonable Pharisee would have demanded? Must we run at a pace somewhere between maddening and insane to prove we're among the faithful? No! is the emphatic answer from best-selling author Chuck Swindoll. In Simple Faith, he shows us how to get free from such arbitrary confinement. He reminds Christians that they serve a God who promised freedom, peace, and rest. And it's everlasting?not exhausting?life, remember? Here at last is an exhilarating invitation to simple faith. Move beyond rat-race Christianity and break the bars calculated to wilt free spirits. A cage is no place for a Christian. Welcome to your wings!

**Be Light** Samuel Rodriguez, 2017-02-21 The Blueprint for Overcoming Darkness and Living in God's Light... Our world unravels more each day. It feels as if we're drowning in a sea churning with greed, violence, and lust. As darkness advances, hope dims. Yet within that reality, God gives us a profound mandate... Be Light Light has always defined God and His followers. At creation, God spoke light into existence. Jesus is the light of the world. And we are born to absorb and then reflect God's light. In Be Light Samuel Rodriguez—described by Fox News and CNN as "America's most influential Latino Evangelical leader"—provides a blueprint for confronting darkness in every realm of our lives. He issues a clarion call for individual believers and the church to rise up and once again be that bright city on a hill that doesn't simply expose the invading darkness, but overcomes it with God's blazing light. "When we share the message of Jesus, the candles of others are lit and more and more darkness is driven out of our world. Our prayer is that this excellent book will inspire millions—including you—to Be Light." —Roma Downey, producer and actress

**The World in 2050** Laurence C. Smith, 2011-10-25 “A compelling portrait of the future and vividly relates the big challenges facing the world now.” —Jared Diamond, New York Times bestselling author of *Collapse* and *Guns, Germs, and Steel* The world's population is exploding, wild species are vanishing, and our environment is degrading. What kind of world are we leaving for our children and grandchildren? Just who will flourish—and who will fail—in our evolving world? Combining the lessons of geography and history with state-of-the-art model projections and analytical data, Guggenheim fellow Laurence C. Smith predicts how the eight nations of the Arctic Rim (including the United States) will become increasingly powerful while the nations around the equator struggle for survival. Like Bjorn Lomborg's *The Skeptical Environmentalist*, *The World in 2050* is as credible as it is controversial, projecting the looming benefits as well as the problems of climate change.

A World of Difference Harry Turtledove, 2011-05-18 When the Viking lander on the planet Minerva was destroyed, sending back one last photo of a

strange alien being, scientists on Earth were flabbergasted. And so a joint investigation was launched by the United States and the Soviet Union, the first long-distance manned space mission, and a symbol of the new peace between the two great rivals. Humankind's first close encounter with extraterrestrials would be history in the making, and the two teams were schooled in diplomacy as well as in science. But nothing prepared them for alien war—especially when the Americans and the Soviets found themselves on opposite sides. . . . Praise for *A World of Difference* “A master storyteller.”—Houston Chronicle “[Harry] Turtledove has proved he can divert his readers to astonishing places. he's developed a cult following over the years. . . . I know I'd follow his imagination almost anywhere.”—San Jose Mercury News “Turtledove never tires of exploring the paths not taken, bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations.”—Library Journal
