- 📖 **The Viking Isles** Paul Murton,2019-12-10 The BBC travel personality explores the Nordic legacy of these remote Scottish islands: “Engagingly written and superbly illustrated.” —Undiscovered Scotland Paul Murton has long had a love of the Viking north—the island groups of Orkney and Shetland and the old counties of Caithness and Sutherland—which, for centuries, were part of the Nordic world as depicted in the great classic known as the Orkneyinga Saga. Today this fascinating Scandinavian legacy can be found everywhere—in physical remains, place names, local traditions and folklore, and much else. This is a personal account of Paul Murton’s travels in the Viking north. Full of observation, history, anecdote, and encounters with those who live there, it also serves as a practical guide to the many places of interest. From a sing-along with the Shanty Yell Boys to fishing off Muckle Flugga, from sword dancing with the men of Papa Stour to a Norwegian pub crawl in Lerwick, this book paints a vivid picture of these lands and their people, and explores their extraordinary rich heritage.

But then, on her wedding day, the conquering warrior returns to gasps of horror and surprise! After all, Ash was supposed to be dead, though to Kara’s starved gaze he seems very much flesh and blood ... and less than impressed to find his beautiful wife intent on marrying someone else!

- 📖 **Movie Comics** Blair Davis,2017-01-03 As Christopher Nolan’s Batman films and releases from the Marvel Cinematic Universe have regularly topped the box office charts, fans and critics alike might assume that the “comic book movie” is a distinctly twenty-first-century form. Yet adaptations of comics have been an integral part of American cinema from its very inception, with comics characters regularly leaping from the page to the screen and cinematic icons spawning comics of their own. Movie Comics is the first book to study the long history of both comics-to-film and film-to-comics adaptations, covering everything from silent films starring Happy Hooligan to sound films and serials featuring Dick Tracy and Superman to comic books starring John Wayne, Gene Autry, Bob Hope, Abbott & Costello, Alan Ladd, and Dean Martin and Jerry Lewis. With a special focus on the Classical Hollywood era, Blair Davis investigates the factors that spurred this media convergence, as the film and comics industries joined forces to expand the reach of their various brands. While analyzing this production history, he also tracks the artistic coevolution of films and comics, considering the many formal elements that each medium adopted and adapted from the other. As it explores our abiding desire to experience the same characters and stories in multiple forms, Movie Comics gives readers a new appreciation for the unique qualities of the illustrated page and the cinematic moving image.

- 📖 **The Viking Hostage** Tracey Warr,2023-06-20 Viking Raids at the End of Time. 972. Tallinn. Sigrid, a Norwegian girl, is sold in the slave market and separated from her brothers. As a slave in the French Limousin, she stubbornly clings to her pagan identity. Audebert is imprisoned in a grim dungeon for his brother’s crime. If Audebert is ever released, he has a life to lead, a great destiny to fulfil. Guy will soon be viscount of Limoges but fears exposure of his near-blindness and challenge to his authority. Adalmode and Aina are great heiresses attempting to resist the unwelcome pressures of the marriage market. Their stories tangle with questions of nobility, freedom, friendship and courage in the highly stratified and often brutal society of early medieval Europe. Amid Viking raids, fears of the End of Time and turbulent power struggles, The Viking Hostage tells these interweaving stories in late 10th century France and Wales. ‘Three instantly likeable women fight the system from within.’ The Book Bag
- 📖 **Rise of the Drow** Jonathan G. Nelson,Stephen Yeardley,2014-06 The Underworld is boiling from the flames of war - Matron Maelora of House Gullion has taken control over the Drow city of Holoth via a coup d’état - allying herself with the alien Vidre and siphoning power from an artifact granted by these enigmatic, crystalline schemers, she indeed triumphed and funneled the souls of her captives through the artifact to gain immense power. Unbeknownst to her, half of the souls have been funneled to the greedy clutches of the alien Vidre and sacrifices have become harder and harder to come by. Not one to be dictated what to do, the Matron managed to sever the binding ties and arcane entwinements of the pact between her and the Vidre via the help of Naraneus the Spider Goddess for the promise of a conquest of the worlds above - the goddess has spoken and so it shall be done. The Vidre, meanwhile, prepare for war - their thirst for souls must be slaked. Rise of the Drow is a Pathfinder Roleplaying Game compatible adventure for 4-6 PCs of levels 6-18. This book is hardbound, over 550 pages and is presented in full color on premium paper.

- 📖 **Saxons vs. Vikings** Ed West,2017-08-08 A witty and concise look at the beginnings of English history, when the nation consolidated after clashes between the Saxons and invading Vikings. In 871, three of England’s four kingdoms were overrun by Vikings, the ruthless, all-conquering Scandinavian raiders who terrorized early medieval Europe. With the Norsemen murdering one king with arrows and torturing another to death by ripping out his lungs, the prospects that faced the kingdom of Wessex were bleak. Worse still, the Saxons were now led by a young man barely out of his teens who was more interested in God than fighting. Yet within a decade Alfred—the only English king known as the Great—had driven the Vikings out of half of England, and his children and grandchildren would unite the country a few years later. This period, popular with fans of television shows such as Vikings and The Last Kingdom, saw the creation of England as a nation-state, with Alfred laying down the first national law code, establishing an education system and building cities. Saxons vs. Vikings also covers the period before Alfred, including ancient Britain, the Roman occupation, and the Dark Ages, explaining important historical episodes such as Boudicca, King Arthur, and Beowulf. Perfect for newcomers to the subject, this is the second title in the new A Very, Very Short History of England series. If you’re trying to understand England and its history in the most informative and entertaining way possible, this is the place to start.

- 📖 **Wanted Undead Or Alive** Jonathan Maberry,Janice Gable Bashman,2010 An indispensable guide identifying and describing mankind’s enemies: supernatural beasts, ghosts, vampires, serial killers, etc.-- and unearthing effective, time-proven responses to each horrific threat.
- 📖 **American Literature Survey** Milton R. Stern,Seymour L. Gross,1977
- 📖 **The Unseen** Lee Barton,Lionel Fanthorpe,Patricia Fanthorpe,2014-09-30 Legends of the living dead have filled the pages of mythology since time immemorial. If ninety-nine point nine percent of the stories can be explained as hallucinations, tricks of the light, moving shadows or sheer imagination, a hard core of disquieting fact remains. The vampire lives in the minds of men. When was it born? Perhaps in the dim distance of the remote past when the racial subconscious was being moulded. What keeps the vampire tradition alive in the mind of modern man? The two tiny words of what if...? Leroy Thompson met a girl in a dark country lane. He offered her a lift. He met her again and again, but always by night. Then he looked in the driving mirror and saw only his own reflection... She cast no shadow in the headlights... She screamed and leapt from the car before he reached a bridge that crossed a moonlit stream... What if?
