Running: Cheaper Than Therapy Chas Newkey-Burden,2017-11-16 Running: Cheaper than Therapy is a witty and expertly compiled compendium of running wisdom and humour. From fantastic running quotes ('How do you know if someone ran a marathon? Don't worry, they'll tell you.' Jimmy Fallon) and hilarious spectator signs ('Worst parade ever!') to witty potted profiles of different types of runners (charity muggers, gadget gurus and inexplicably good old dears) and PB-busting training tips, Running: Cheaper than Therapy is designed to be the perfect gift for the runner, jogger or triathlete in your life. Written by a Telegraph and Guardian journalist and self-confessed running nut, this smartly packaged and brilliantly knowing miscellany details entertaining, real-life runners' stories (being overtaken by a kid/OAP or getting lost while training) and takes a humorous look at the mistakes runners make (wearing a brand new pair of trainers for half marathon or getting so pumped by your morning run you have arguments with everyone at work).

Broken Heartlands Sebastian Payne,2021-09-16 Broken Heartlands is an essential and compelling political road-trip through ten constituencies that tell the story of Labour's red wall from Sebastian Payne - an award-winning journalist and Whitehall Editor for the Financial Times. The Times Political Book of the Year A Daily Telegraph, Guardian, Daily Mail and FT Book of the Year 'Immensely readable' - Observer Historically, the red wall formed the backbone of Labour's vote in the Midlands and the North of England but, during the 2019 general election, it dramatically turned Conservative for the first time in living memory, redrawing the electoral map in the process. Originally from the North East himself, Payne sets out to uncover the real story behind the red wall and what turned these seats blue. Beginning in Blyth Valley in the North East and ending in Burnley, with visits to constituencies across the Midlands and Yorkshire along the way, Payne gets to the heart of a key political story of our time that will have ramifications for years to come. While Brexit and the unpopularity of opposition leader Jeremy Corbyn are factors, there is a more nuanced story explored in Broken Heartlands - of how these northern communities have fared through generational shifts, struggling public services, de-industrialization and the changing nature of work. Featuring interviews with local people, plus major political figures from both parties - including Boris Johnson and Sir Keir Starmer - Payne explores the significant role these social and economic forces, decades in the making, have played in this fundamental upheaval of the British political landscape. 'Impressive and entertaining' - Sunday Times 'A must-read for anyone who wants to understand England today' - Robert Peston

Francis Bacon Mark Stevens,Annalyn Swan,2021-03-23 THE TIMES ART BOOK OF THE YEAR Named one of The Irish Times' Books of the Year for 2021 A compelling and comprehensive look at the life and art of Francis Bacon, one of the iconic painters of the twentieth century—from the Pulitzer Prize-winning authors of *de Kooning: An American Master*. This intimate study of the singularly private, darkly funny, eruptive man and his extraordinary art “is bejeweled with sensuous detail ... the iconoclastic charm of the artist keeps the pages turning” (The Washington Post). “A definitive life of Francis Bacon ... Stevens and Swan are vivid scene setters ... Francis Bacon does justice to the contradictions of both the man and the art.” —The Boston Globe Francis Bacon created an indelible image of mankind in modern times, and played an outsized role in both twentieth century art and life—from his public emergence with his legendary Triptych 1944 (its images so unrelievedly awful that people fled the gallery), to his death in Madrid in 1992. Bacon was a witty free spirit and unabashed homosexual at a time when many others remained closeted, and his exploits were as unforgettable as his images. He moved among the worlds of London's Soho and East End, the literary salons of London and Paris, and the homosexual life of Tangier. Through hundreds of interviews, and extensive new research, the authors probe Bacon's childhood in Ireland (he earned his father's lasting disdain because his asthma prevented him from hunting); his increasingly open homosexuality; his early design career—never before explored in detail; the formation of his vision; his early failure as an artist; his uneasy relationship with American abstract art; and his improbable late emergence onto the international stage as one of the great visionaries of the twentieth century. In all, *Francis Bacon: Revelations* gives us a more complete and nuanced--and more international--portrait than ever before of this singularly private, darkly funny, eruptive man and his equally eruptive, extraordinary art. Bacon was not just an influential artist, he helped remake the twentieth-century figure.

Larger than an Orange Lucy Burns,2021-09-23 *A SUNDAY TIMES BOOK OF THE YEAR 2021* 'Raw, tender and urgent' Jessica Andrews, author of *Saltwater* 'Irreducible. Once read, it will never be forgotten' Helen Mort, author of *Division Street* This is the story of an abortion. The days and hours before the first visit to the clinic and the weeks and months after. The pregnancy was a mistake and the narrator immediately arranges a termination. But a gulf yawns between politics and personal experience. The polarised public debate and the broader cultural silence did not prepare her for the physical event or the emotional aftermath. She finds herself compulsively telling people about the abortion (and counting those who know), struggling at work and researching the procedure. She feels alone in her pain and confusion. Part diary, part prose poem, part literary collage, *Larger than an Orange* is an uncompromising, intimate and original memoir. With raw precision and determined honesty, Lucy Burns carves out a new space for complexity, ambivalence and individual experience. 'Lucy Burns' writing on choice and its aftermath is boldly innovative, achingly human, and powerfully vulnerable' Dr Elinor Cleghorn, author of *Unwell Women* 'Rapturous, engrossing and beautifully impossible' Holly Pester, author of *Comic Timing*

John Stonehouse, My Father Julia Stonehouse,2021-07-19 The authoritative account of the infamous runaway MP, by his daughter. 'A compelling account of an extraordinary political scandal, written from inside the Stonehouse family'. Martin Bell On 20 November 1974, British Labour MP and Privy

Counsellor John Stonehouse faked his death in Miami and, using a forged identity, entered Australia hoping to escape his old life and start anew. One month later his identity was uncovered and he was cautioned; the start of years of legal proceedings. In a tale that involves spies from the communist Czechoslovak secret service, a three-way love affair and the Old Bailey, John's daughter examines previously unseen evidence, telling the dramatic true story for the first time, disputing allegations and upturning common misconceptions which are still in circulation. The story was never far from the front pages of the press in the mid-70s, and yet so much of the truth is still unknown. A close look at the political dynamics of the time; paced like a thriller, it's time for the world to know the real John Stonehouse.

Re-educated Lucy Kellaway,2021-07-01 'A beautifully told story of courage, determination and, above all, magnificent defiance' Alan Johnson 'Bracing and inspirational' Nigella Lawson 'A wonderful writer... life-affirming' Jon Snow 'There are lots of reasons to read this book, which has the fineness of detail, sharpness of humour and grace of a novel by Penelope Lively. But it's this business of changing one's mind - the thing most of us least like to do - that I admired the most' Observer 'I am immersed in a new world that feels a long way from my old one. Though I've not been re-invented, what has happened is just as radical and a lot more interesting: I am being re-educated.' Lucy Kellaway had a comfortable life. For years she had the same prestigious job, the same husband, and the same home. To the casual observer, she was both happy and successful. But one day, Lucy began to realise that the life she had built for herself no longer suited her. Was it too late to start again? The answer was no - so she proceeded to tear down both marriage and career, and went back to school. Retraining as a teacher, Lucy discovers there is a world of new possibilities awaiting her - and learns that you can teach an old dog new tricks (providing they are willing to un-learn a few old ones along the way). A witty and moving story of one woman's pursuit of a new life, Re-educated is a celebration of education's power to transform our lives at any age, and an essential companion for anyone facing the joy - and pain - of starting again.

Cancer Vixen Marisa Acocella Marchetto,2014-10-15 The groundbreaking graphic memoir that inspires breast cancer patients to fight back—and do so with style. • “Powerful ... A vibrant, neon chronicle with plenty of attitude ... A triumph of imagination and spirit.” —Los Angeles Times “What happens when a shoe-crazy, lipstick-obsessed, wine-swilling, pasta-slurping, fashion-fanatic, about-to-get-married big-city girl cartoonist with a fabulous life finds ... a lump in her breast?” That’s the question that sets this powerful, funny, and poignant graphic memoir in motion. In vivid color and with a taboo-breaking sense of humor, Marisa Acocella Marchetto tells the story of her eleven-month, ultimately triumphant bout with breast cancer—from diagnosis to cure, and every challenging step in between.

Burning the Books Richard Ovenden,2020-10-13 The director of the famed Bodleian Libraries at Oxford narrates the global history of the willful destruction—and surprising survival—of recorded knowledge over the past three millennia. Libraries and archives have been attacked since ancient times but have been especially threatened in the modern era. Today the knowledge they safeguard faces purposeful destruction and willful neglect; deprived of funding, libraries are fighting for their very existence. Burning the Books recounts the history that brought us to this point. Richard Ovenden describes the deliberate destruction of knowledge held in libraries and archives from ancient Alexandria to contemporary Sarajevo, from smashed Assyrian tablets in Iraq to the destroyed immigration documents of the UK Windrush generation. He examines both the motivations for these acts—political, religious, and cultural—and the broader themes that shape this history. He also looks at attempts to prevent and mitigate attacks on knowledge, exploring the efforts of librarians and archivists to preserve information, often risking their own lives in the process. More than simply repositories for knowledge, libraries and archives inspire and inform citizens. In preserving notions of statehood recorded in such historical documents as the Declaration of Independence, libraries support the state itself. By preserving records of citizenship and records of the rights of citizens as enshrined in legal documents such as the Magna Carta and the decisions of the US Supreme Court, they support the rule of law. In Burning the Books, Ovenden takes a polemical stance on the social and political importance of the conservation and protection of knowledge, challenging governments in particular, but also society as a whole, to improve public policy and funding for these essential institutions.

The Lives of the Famous and the Infamous The Week,2014-09-04 Read about the man who convinced Einstein there was a God, the newspaper publisher who brought down a president and the code-cracking genius who helped foil the Nazis, and remember the lives of those that created the extraordinary moments in our modern history. Based on the obituaries that appear in every issue of The Week, here is a book that brings together the famous and infamous figures of our generation. From the world’s influential leaders and thinkers of the day, such as Nelson Mandela, Steve Jobs, Margaret Thatcher and Sir Patrick Moore, to the more infamous and eccentric, this is a fascinating compendium of the lives of our times.

Should We Stay Or Should We Go Lionel Shriver,2022-06-07 When her father dies, Kay Wilkinson can't cry. Over ten years, Alzheimer's had steadily eroded this erudite man into a paranoid lunatic. Surely one's own father passing should never come as such a relief. Both medical professionals, Kay and her husband Cyril have seen too many elderly patients in similar states of decay. Although healthy and vital in their early fifties, the couple fears what may lie ahead. Determined to die with dignity, Cyril makes a modest proposal. To spare themselves and their loved ones such a humiliating and protracted decline, they should agree to commit suicide together once they've both turned eighty. When their deal is sealed, the spouses are blithely looking forward to another three decades together. But then they turn eighty. By turns hilarious and touching, playful and grave, Should We Stay or Should We Go portrays twelve parallel universes, each exploring a possible future for Kay and Cyril. Were they to cut life artificially short, what would they miss out on? Something terrific? Or something terrible? Might they end up in a home? A fabulous luxury retirement village, or a Cuckoo's Nest sort of home? Might being demented end up being rather fun? What future for humanity awaits--the end of civilization, or a Valhalla of peace and prosperity? What if cryogenics were really to work? What if scientists finally cure aging? Both timely and timeless, Lionel Shriver addresses serious themes--the compromises of longevity, the challenge of living a long life and still going out in style--with an uncannily light touch. Weaving in a host of contemporary issues, from Brexit and mass migration to the coronavirus, Shriver has pulled off a rollicking page-turner in which we never have to mourn perished characters, because they'll be alive and kicking in the very next chapter.

Bolder Carl Honoré,2019-03-05 Carl Honoré captured the zeitgeist with his international bestseller, In Praise of Slow. Now he tackles another rising global movement: our revolutionary new approach to a human inevitability--ageing. A revolution in how we age is on its way. Yes, ageing is inevitable: one year from now we will all be a year older; that will never change. What can and will change is how we age--and how we can all take a much bolder approach to doing it with vigour and joy. The time has come to cast off prejudices and to blur the lines of what is possible and permissible at every stage of life. In other words: we need to learn to re-imagine our approach to later life. Emboldening ourselves in older age demands big structural changes. For a start, we will have to tear up the old script that locks us into devoting the early part of our life to education, the middle chunk to working and raising kids, and whatever is left over at the end to leisure. In an age-inappropriate world, these silos will dissolve. We'll embrace the idea that we can carry on learning from start to finish; that we can work less and devote more time to family, leisure, and giving back to our communities in our middle years; and that we can remain active and engaged in our later years. Carl Honoré has travelled the globe speaking to influential figures who are bucking preconceived notions of age, whether at work or in their personal lives. He looks at the cultural, medical, and technological developments that are opening new possibilities for us all. Bolder is a radical re-think of our approach to everything from education, healthcare and work, to design,

relationships and politics. An essential and inspiring read for everyone interested in our collective future.

The Duchess Countess Catherine Ostler,2022-02-22 Discover the adventurous life of the stylish and scandalous Elizabeth Chudleigh, Duchess of Kingston—a woman whose infamous trial was bigger news in British society than the American War of Independence. “Bridgerton fans take note: For sheer incident and drama, Chudleigh’s story rivals any episode of the popular Regency-era Netflix series. And it’s all true” (The Washington Post). As maid of honor to the Princess of Wales, Elizabeth Chudleigh enjoyed a luxurious life in the inner circle of the Hanoverian court. With her extraordinary style and engaging wit, she both delighted and scandalized the press and public. She would later even inspire William Thackeray when he was writing his classic Vanity Fair, providing the inspiration for the alluring social climber Becky Sharp. But Elizabeth’s real story is more complex and surprising than anything out of fiction. A clandestine, candlelit wedding to the young heir to an earldom, a second marriage to a duke, a lust for diamonds, and an electrifying appearance at a masquerade ball in a gossamer dress—it’s no wonder that Elizabeth’s eventual trial was a sensation. Charged with bigamy, an accusation she vehemently fought against, Elizabeth refused to submit to public humiliation and retire quietly. “A superb, gripping, decadent, colorful biography that brings an extraordinary woman and a whole world blazingly to life” (Simon Sebag Montefiore, New York Times bestselling author), The Duchess Countess is perfect for fans of Bridgerton, Women of Means, and The Crown.

Beyond a Fringe Andrew Mitchell,2021-10-12 A Times Political Book of the Year A Daily Mail Political Book of the Year A Guardian Political Book of the Year An Independent Political Book of the Year Veering from the hilarious to the tragic, Andrew Mitchell's tales from the parliamentary jungle make for one of the most entertaining political memoirs in years. From his prep school years, straight out of Evelyn Waugh, through the Army to Cambridge, the City of London and the Palace of Westminster, Mitchell has passed through a series of British institutions at a time of furious social change – in the process becoming rather more cynical about the Establishment. Here, he brilliantly lifts the lid on its inner workings, from the punctilio of high finance to the dark arts of the government Whips' Office, and reveals how he accidentally started Boris Johnson's political career – an act which rebounded on him spectacularly. Engagingly honest about his ups and downs in politics, Beyond a Fringe is crammed with riotous political anecdotes and irresistible insider gossip from the heart of Westminster.
