**Financial Freedom** Grant Sabatier, 2020-04-07 The International Bestseller  
New York Public Library's Top 10 Think Thrifty Reads of 2023 This book blew  
my mind. More importantly, it made financial independence seem achievable. I  
read Financial Freedom three times, cover-to-cover. -Lifehacker Money is  
unlimited. Time is not. Become financially independent as fast as possible.  
In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank  
account. Five years later, he had a net worth of over \$1.25 million, and CNBC  
began calling him the Millennial Millionaire. By age 30, he had reached  
financial independence. Along the way he uncovered that most of the accepted  
wisdom about money, work, and retirement is either incorrect, incomplete, or  
so old-school it's obsolete. Financial Freedom is a step-by-step path to make  
more money in less time, so you have more time for the things you love. It  
challenges the accepted narrative of spending decades working a traditional 9  
to 5 job, pinching pennies, and finally earning the right to retirement at  
age 65, and instead offers readers an alternative: forget everything you've  
ever learned about money so that you can actually live the life you want.  
Sabatier offers surprising, counter-intuitive advice on topics such as how  
to: \* Create profitable side hustles that you can turn into passive income  
streams or full-time businesses \* Save money without giving up what makes you

happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Rule #1 Phil Town, 2006-03-21 #1 NEW YORK TIMES BESTSELLER • “The clearest and best book out there to get you on the path to riches. This one’s special!”—Jim Cramer, host of CNBC’s Mad Money “Great tools for anyone wanting to dabble in the stock market.”—USA Today Phil Town is a very wealthy man, but he wasn’t always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true “rules” are and how to make them work in one’s favor. Chief among them, of course, is Rule #1: “Don’t lose money.” In this updated edition to the #1 national bestseller, you’ll learn more of Phil’s fresh, think-outside-the-box rules, including: • Don’t diversify • Only buy a stock when it’s on sale • Think long term—but act

short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.
